EIGHTY-FIFTH ANNUAL REPORT

The Board of Education respectfully report to the General Assembly that they began the year with a cash balance in bank of \$1,330.18 belonging to the current account, that they have received in the course of the year from all sources \$65,214.63, of which \$49,344.50 came from churches, Sabbath-schools, Young People's Societies and individuals, being an increase of \$293.19 as compared with last year's contributions from these sources. The Board have paid out to candidates \$57,956.44, being \$8611.94 more than the total receipts from the sources just mentioned. As the receipts from legacies were not enough to make up for this deficiency, it became necessary to draw upon the reserve fund, held for such emergencies, to the extent of \$3000. has thus closed without the necessity of borrowing money, although the rates of \$100 for college and seminary students and \$90 for those in the academy have been maintained. The economical circumstances under which the Board is able to carry on its work have made it possible to report expenses for administration not exceeding \$7657.99.

MEMBERSHIP OF THE BOARD.

The year has been marked by a great sorrow. The beloved and experienced President of the Board, the Rev. George D. Baker, D.D., died on December 17, 1903. He had been a member of the Board since March 8, 1886, and was elected President June 17, 1889. He was punctual and faithful in the discharge of the duties of his office, and showed always a due sense of the importance of his position, giving conscientious attention to every detail. Dignity and courtesy marked him as a presiding officer. He was properly jealous of the prerogatives of the Board, formed his own opinions with clearness and held them with tenacity, while lending a ready ear to opinions which did not coincide with his own.

He was reëlected President on the 25th of June last. At that time James M. Crowell, D.D., was chosen Vice-President; Edward B. Hodge, D.D., Corresponding Secretary, and Jacob Wilson, Treasurer and Recording Secretary. On the 14th of March the Board elected

James M. Crowell, D.D., to fill the position of President in place of Dr. Baker, deceased. On the 11th of April, Charles Wadsworth, Jr., D.D., was elected to fill the office of Vice-President, made vacant by the election of Dr. Crowell to the presidency. Dr. Baker's place as a member of the Board has been filled by the election of Rev. Joseph W. Cochran, D.D., and the confirmation of this election is asked of the General Assembly.

CANDIDATES.

The total number of candidates enrolled under the care of the Board during the year is 608, of whom 174 are new candidates and 434 are candidates who have been under the care of the Board in previous years. Two years ago the Annual Report showed an increase of thirteen in the number of new candidates. The next year there was an increase of thirty-seven. This year there is a decrease of three.

In the two schools for German theological students there have been under the care of the Board 30 candidates, and 7 in the Menaul School for Spanish-speaking candidates. Several Hungarian and Bohemian candidates have received the help of scholarships during the year, and the problem of providing a competent and sufficient ministry for the constantly increasing numbers of immigrants to America, speaking strange tongues, has continued to occupy the attention of the Board, in consultation with the Special Committee of the General Assembly upon this subject, of which the Corresponding Secretary of the Board is a member. This Committee have asked the Board of Education to inform them in what way and to what degree they can afford assistance in educating ministers to serve these exceptional peoples; and they have replied that, in view of the highly exceptional features of many of the cases likely to be presented to them, it would be important to secure definite permission from the General Assembly to vary somewhat from the strict letter of the rules laid down by the Assembly for their direction. They do not wish to lower the standard of education, believing that ministers for these peoples from foreign lands should be thoroughly educated for their work; but they find by experience that some details in the rules as at present laid down, and which are suitable for most of the candidates. recommended, tie the hands of the Board in their attempt to provide for the education of candidates of foreign extraction. They venture therefore to ask the Assembly that they may be allowed to use a measure of discretion in the application of the rules in such cases, with the

understanding that the exceptions shall be such only as relate to the peculiarities of students in preparation for this particular work, and that no vital principle shall be infringed.

HOW THE BOARD MAY HELP.

It is the firm conviction of the Board that ministers for such work as is here referred to should receive their education, in whole or in part, in some institution of our own Church. Men who come from Europe have received their training in institutions and under circumstances which do not bring them into sympathy with the condition of things in this country, and many of them, even though in name Calvinists and Presbyterians, are in reality very far from being in doctrinal accord with our Church. We have no sufficient opportunity usually of being assured even of their personal piety. A year, at the very least, ought to be spent in an American institution. On the other hand, it may be expected that gradually in increasing numbers bright young men will be found in the congregations of these immigrants as they are gathered here in our own country. We have already pleasing indications of this kind, and the question is of great importance where they shall be sent, when found, that they may receive a suitable education for the ministry. Probably most of such candidates will be quite unprepared for the classes of theological schools of our Church of the type of Auburn, Princeton, Western Seminary or McCormick. They will be found commonly in need of the rudiments of education to begin with, and with perhaps a very imperfect acquaintance with English. In a word, we are confronting the problem, only on a larger scale and in a greater variety of forms, which confronted us some years ago with regard to work among the Germans. It was found that Germans from the old country could not be depended upon as suitable for the needs of our land, and, further, that our theological seminaries were not planned in a way to provide for the kind of candidates which could be procured for the German work here; and there was, moreover, serious danger that a German educated in one of such seminaries would become, in the end, out of touch with the people for whom his services were peculiarly desired. The result of careful study of this problem was the establishment of two schools especially for the education of ministers for the German work; and the results of this experiment have been of a highly satisfactory character, although the feeble pecuniary support which these institutions have received has greatly restricted their usefulness. The plan is to have a special course of instruction laid out covering eight or nine years, providing for elementary teaching for beginners and leading up by a consistent course to graduation in theology. By having a housefather, and by having the students live together under his supervision, their lives are kept in sympathy with their own people; while, at the same time, abundant provision is made for the development of American thought and feeling and speech, so that the graduate may have ability to meet the foreigner sympathetically on his own ground and in the use of his own language and lead him over to American ground and the use of the English tongue. Into such a school some foreigners other than German may readily go; such, for example, as those Hungarians who have a knowledge of the German language, and Bohemians as well. There are at least two such cases now at the Newark German School. These can take the regular course. But there is no reason why others ignorant of German should not go to this institution, or to the German School at Dubuque, and take the English course, although special instruction in addition would be necessary for them. We are assuming that men who come to America have already learned our language, or can soon acquire it for use in the classroom; just as our American students go to Germany and, hearing only German spoken, learn and profit by the lectures of German professors. It was a project that lay very near to the heart of the late Dr. Knox, President of the Newark School, to make that institution the means of providing ministers for peoples of different nationalities in our land—a problem not half so pressing then as it has since become. He had begun the work by introducing Italian candidates, and possibly men of other races, into the school. The straitened condition in which the Trustees found themselves financially, however, determined them to abandon the attempt and confine their efforts to the Germans alone—a determination which was a matter of real distress and disappointment to President Knox. But we raise the question whether the time has not come when advantage may well be taken of the peculiar organization of these two schools for the training of candidates for what we may call the great home-foreign work of our Church. The Board of Education present this matter to the Assembly because of their general interest, and because they are asked in what way they can best help in this matter of pressing and immediate importance; and, after careful study of the question and correspondence and conference, they are of the opinion that they can probably most effectively help by making, with the approval of the General Assembly, somewhat larger contributions

for the benefit of such candidates at the schools named as may require special instruction because unacquainted, at the beginning at least, with the German or English language; the stipulation being made that the additional amount allowed shall go toward the additional expense involved. It would probably not require the addition of more than fifty or sixty dollars per annum for each student. It is of the utmost importance that we should be active in making some such provision for the training of candidates of foreign tongues, or we shall find they are sent to schools where the type of instruction is not in accord with the teaching of our own Church. For Presbyterian pulpits we need ministers trained in Presbyterian institutions.

The school at Bloomfield, N. J., known as the German Theologica School of Newark, is situated in a central position with relation to an Italian population of about 427,000 in the cities of New York, Philadelphia, Newark, Paterson and Jersey City. The total Italian population of the country is estimated to be a million and a half. They own, it is said, more than two hundred million dollars' worth of property. They have shown themselves ready to welcome those who bring to them the simple gospel of Christ, and yet very little has been done for them thus far in proportion to their numbers and their need. The two hundred Roman Catholic Italian priests in this country are said to be regarded by the Curia of Rome itself as not of the best kind, and efforts are in progress to better the situation. But the parochial schools into which it is the labor of the priests to bring the children are not of the kind to fit the pupils for the duties and privileges of American citizenship. Only fifty per cent. of the adult Italians can read, so that they are not readily accessible through the press, and those who can be thus reached are furnished, in some instances, with literature of anti-religious and anarchistic tendencies. We can hardly emphasize too strongly the importance of prompt, wise and earnest efforts in behalf of these and other peoples of a strange language who are so numerous now in our land.

CONSTITUTIONAL RULE III.

The Board feel constrained to call the attention of the General Assembly to the practical difficulties which are experienced in the application of this rule. They recognize the importance of the object in view, and are, of course, heartily in favor of all prudent and effective measures intended to guard the ministry from the presence of unfit men. On the other hand, they are convinced that young men who

believe themselves called to the sacred office should be encouraged, rather than hindered, when they express the desire to be taken under the care of Presbytery. Otherwise there is serious danger lest the bad habit may be increased, already too prevalent, of pursuing studies preparatory to the ministry entirely independently, not consulting the Presbytery as to nature or character of the preparation or the place of study, which may be one which is without the approval of the General Assembly, and perhaps characterized by teachings hostile to the doctrines of our Church. It is well known that candidates sometimes postpone application for admission under the care of Presbytery until their education has been completed and they wish to be examined for licensure; so that they are taken under care and licensed at the same meeting. It is obvious that such proceedings reduce the care of Presbytery in the education of candidates to the barest form. Constitutional Rule No. III makes it impossible for a Presbytery to take a man under care as a candidate unless it appears that he has filed a notice of his intention with the Stated Clerk three months beforehand. Thus, if the young man first appeared at a meeting of Presbytery in September, his case would have to be postponed until the next meeting, which, in the case of very many of the Presbyteries, would not occur until spring. Meanwhile the Presbytery has no official care of his education; and if he needs the help of a scholarship, they cannot recommend him to the Board until a large part of the scholastic year has elapsed, and serious pecuniary embarrassment, and possibly an interruption in study, is the result. The object in view is to prevent the acceptance of men as candidates without a careful preliminary investigation as to their fitness. The making of this investigation is the appropriate duty of the Committee on Education, and we believe that notice of an intended application should be addressed to the Education Committee, in care of the Stated Clerk. Under the rule, as at present worded, the Stated Clerk might, or might not, consider it his duty to forward the application to the Education Committee. Difficulties have also arisen under that clause in Section 1 of the rule which forbids a Presbytery to receive a man as a candidate unless it shall appear that he has been recommended by the session of a church of which he has been a member at least six months. These can be illustrated by an example. A man may have been a member of a church in San Francisco for four years, all of which, except perhaps a few days, may have been spent in college in Wooster, Ohio. He has, we assume, been a diligent attendant upon the services of a Presbyterian Church

in Wooster, has taught in the Sabbath-school, etc., and finally brings a letter of dismission to the Wooster church from the church in San Francisco. Three months later he determines to study for the ministry and asks for the care of Presbytery; but that body is obliged to refuse his application for the time because he has been only three months a member of that church, although he has been known by the church as a consistent Christian for four years. If he had remained a member of the San Francisco church, Presbytery could have received him on their recommendation, although he had been away from their observation for years.

We suggest that the purpose of the rule would be conserved and its hardships relieved if it could be amended so as to provide that exceptions may be made, if deemed advisable, by, say, three-fourths of the members of Presbytery present.

Negro Candidates.—The Board have had under their care during the year 92 negro candidates. Last year there were 87. All but 6 of these are pursuing their studies at Biddle University, Charlotte, N. C., an institution officered entirely by negro teachers, and Lincoln University, in Chester county, Pa., where the teachers are all white. The latter institution has just concluded a half century of interesting and important history, for the due celebration of which careful arrangements were made. The intimate relation of the Board of Education to the inauguration and perpetuation of the work done there with so much success makes proper a special mention of the jubilee in this Report.

In the Annual Report of the Board for 1853, under the head African Academy, the attention of the General Assembly is called to a Presbyterial institution for our free colored population, in view of the fact that their present circumstances seem to demand some action on the subject of education; and the characteristics of a good plan for such a school are detailed. The difficulties in the way were recognized, but the Report well concludes: "If the God of Ethiopia be for us, who can be against us?" The General Assembly, upon the reception of this Report, passed a resolution to the effect that "the establishment of a high school for the use and benefit of the free colored population of this country meets the cordial approbation and recommendation of this Assembly." On the 5th of October following the Presbytery of Newcastle, considering the strong recommendation from the Board of Education, and its full endorsement by the General Assembly of the Church, determined upon the founding of the Ashmun

Institute, the school which has since been enlarged in scope and chartered as Lincoln University.

For a series of years an appropriation was made from the college funds of the Board of Education for Ashmun Institute, and a statement was received every year as to its condition and prospects and published in the Annual Report of the Board to the General Assembly; and, on the occasion of the opening of the Institute, December 31, 1856, it was the privilege of the Corresponding Secretary of the Board, the Rev. Dr. Cortlandt Van Rensselaer, to deliver an address, entitled "God Glorified by Africa." This notable address ends with an invocation of blessing: "Heaven bless the Institute in its plans, its officers, and its pupils. Bless it, God of Ethiopia, who hast 'made of one blood all nations of men.' Be thou glorified on every continent! Be thou GLORIFIED BY AFRICA!"

The Board of Education, thus intimately related to this school in its infancy, and invoking the blessing of God upon it under its earlier name of Ashmun Institute, is glad of the privilege, now afforded by its jubilee, of greeting it under its new name of Lincoln University, and of asking for it afresh the benediction of the Almighty.

EDUCATION COMMITTEES.

The Board takes this occasion of calling new attention to the great responsibility which rests under our system upon Presbyteries, and in particular upon their Education Committees, to whom largely the care of candidates for the ministry is entrusted. May we suggest that it is of the utmost importance that the provisions of our Book with regard to constant oversight of their education should be religiously observed. We find that many candidates are not in close touch with those who are supposed to be overseeing their work. We call attention to the efforts made by such Presbyteries as Pittsburgh and St. Clairsville to devise and carry into execution effective regulations by means of which they can satisfy themselves that the candidates under their care are getting the training required, electing the right studies in the college course, becoming proficient in these studies, and devoting themselves seriously and successfully to the prescribed course in the theological seminary. The Education Committees of such Presbyteries as these will doubtless be glad to explain their methods and give the results of their experience.

SPECIAL SCHOLARSHIPS.

The "Secretary's Scholarship," which is so named in honor of the late Corresponding Secretary of the Board, the Rev. Dr. Poor, was offered during the year to students of Omaha Seminary, and was won, after a competitive examination, conducted by the Board's Committee on Special Scholarships, by J. W. Bean, of the Middle Class. He will enjoy the benefit two years longer; the third year being devoted to post-graduate work at some approved seminary in our Church.

The "Banks Scholarship" is held at present by S. V. Bergen, of Washington and Jefferson College.

The "Mutchmore Scholarship," founded under the provisions of the will of the late Rev. Dr. S. A. Mutchmore, was offered to students at Lincoln University, and awarded, after a competitive examination conducted by the Board's Committee, to Martin L. Bethel, a candidate whose father was graduated from the same institution. He is in the Senior Class of the theological department, and he will have the opportunity of devoting one year to post-graduate studies.

The "Newberry Scholarship," which yields an income of between four and five hundred dollars to the incumbent for a period of three years, is held at present by George Curtis Fisher, a graduate of Western Seminary, who is pursuing a post-graduate course at Princeton.

With regard to this scholarship the Board, believing it to be consistent with the terms of Mr. Newberry's will, and a scheme altogether practicable, have determined to throw it open, upon the termination of the present award, to competitors, not from one seminary alone, as has been the habit hitherto, but from all the seminaries of our Church.

Candidates have been nominated from several of the seminaries under this widespread invitation, and a competitive examination will be held next fall.

DAY OF PRAYER FOR COLLEGES.

The Board have used what influence they could to insure a general observance of this day of precious memories. A message was sent out to pastors and stated supplies urging attention to the day, and asking particularly for prayer at that time for an increase of the ministry. Correspondence was held also with presidents of colleges on the same subject. From some institutions most encouraging information has come. Undoubtedly the happiest influences are exerted in those colleges where the authorities have been willing to interrupt the course

of study for a day and devote the time to services suitable for the occasion. In others the whole subject is relegated to a Sabbath, and comparatively little impression is made upon the minds of the students.

The Board recommend that the General Assembly designate the last Thursday of January, 1905, as a Day of Prayer in behalf of our institutions of learning, in the hope that God may grant a revival of true religion among our students, and call many of the choicest and best of them into the ministry.

THE DEATH OF DR. WILLIAM SPEER.

Dr. Speer was the predecessor of Dr. Poor as Corresponding Secretary of the Board of Education, but survived him by seven years, being eighty-two years old at the time of his death. He devoted nine years of his life to work among the Chinese in Canton, China, and in California. He was in the service of this Board from 1865–1876, and prepared the very valuable Report of their semi-centennial celebration. He was the author of *China and the United States*, and a number of other important publications. He was a man greatly beloved, and passed to his reward full of years and the happy consciousness of a life devoted to God's service and the welfare of his fellows.

The above is respectfully submitted by order of the Board.

EDWARD B. HODGE,

Corresponding Secretary.

FORM OF A DEVISE OR BEQUEST.

All that the Board deems it important to furnish is its CORPORATE NAME, viz.: The Board of Education of the Presbyterian Church in the United States of America.

The State laws differ so much that no one form will answer in all the States.

The following form may be used in most of the States:

"I give and devise to The Board of Education of the Presbyterian Church in the United States of America the sum of — dollars, to and for the uses of the said Board of Education and under its direction, to be applied to assist candidates for the Presbyterian ministry." (If real estate or other property be given, let it be particularly described.)

George B. Hackett,
C. R. Alexander,
H. S. P. Nichols,
Richard J. Lyon,
F. M. Stewart,
John Graff,
H. B. Allen,
D. Butcher,
Melvin Pettitt

This Committee subsequently presented their report to the General Assembly. It was accepted, and the appended resolutions were unanimously adopted, as follows:

- 1. That the minutes and other records of the Board be approved.
- 2. That in the opinion of this Assembly there is an imperative need for an immediate and large increase in the contributions for the cause of Ministerial Education.
- 3. That the Assembly commends the steps taken by some of the Presbyteries for maintaining a more vital relation with candidates under their care, and a closer supervision of their studies, and that this Assembly direct the Presbyteries to exercise the utmost vigilance in all such matters.
- 4. That the Assembly call attention to the judgment already frequently expressed, that candidates for our ministry should be educated, so far as possible, in institutions of our own Church, or those in hearty sympathy with it, and in particular hereby direct all Presbyteries to require that the theological course be taken in institutions approved by the General Assembly.
 - 5. That the Assembly hereby expresses its sense of the extreme

importance, at the present time, of seeking out and training an efficient ministry for the many thousand foreigners, speaking strange languages, yearly coming to America; that they recognize the success which has attended the methods pursued in educating men for work among the Germans, and express their belief that this success suggests the method by which a similar work may be done for candidates of other foreign races. And they request the Directors of the German Theological School of the Northwest and the German Theological School of Newark to take into consideration the possibility and propriety of so enlarging the scope of their work as to accept additional candidates other than German.

- 6. That the Board of Education be hereby authorized to use a measure of discretion in the application of their rules, in the case of candidates of foreign extraction, with the understanding that the exceptions shall be such only as relate to those in preparation for this particular work, and that no vital principle shall be infringed.
- 7. That the Assembly recommend the observance of the last Thursday in January, 1905, as a Day of Prayer for Schools and Colleges.
- 8. That the Assembly hereby proposes to the Presbyteries an amendment to Constitutional Rule No. 3, in the following form:

The Rule now reads, Section 1: "Every applicant seeking to be taken under the care of Presbytery as a candidate for the ministry, shall file his application with the Stated Clerk at least three months before the meeting of the Presbytery, during which time a careful investigation shall be made as to his Christian character, physical and mental qualifications, and his previous education; and no person shall be received by Presbytery as a candidate for the ministry who has not been recommended by the Session of the church of which he is a member, under whose care he shall have been for a period of at least six months."

Shall said rule be amended so as to read:

"Every applicant seeking to be taken under the care of Presbytery as a candidate for the ministry, shall file his application at least three months before the meeting of Presbytery, addressing the same to the Chairman of the Education Committee of Presbytery, in the care of the Stated Clerk, in order that the Committee may have ample time to make a careful investigation of his Christian character, physical and mental qualifications, and his previous education; and no person shall be received by Presbytery as a candidate for the ministry who has not

been recommended by the Session of the church of which he is a member, under whose care he shall have been for a period of at least six months. And no exception shall be made to this rule without a unanimous vote of Presbytery."

9. That the election of the Rev. Joseph W. Cochran, D.D., to fill the unexpired time of the Rev. George D. Baker, D.D., deceased be approved. Also, that Rev. H. C. Minton, D.D., Rev. J. Sparhawk Jones, D.D., Rev. Hughes O. Gibbons, D.D., and Elders George H. Stuart, Jr., A. A. Shumway and John B. Gest, Esq., whose terms of service expire at this time, be re-elected for the term of three years.

All of which is respectfully submitted,

A. EDWIN KEIGWIN, Chairman.

RULES OF THE BOARD OF EDUCATION

RELATING TO

CANDIDATES FOR THE MINISTRY.

I.—Dependence of the Board of Education upon the Presbyteries of the Church.

1. The Board of Education shall receive and aid candidates for the ministry of the Gospel only upon the recommendation of a Presbytery of the Church; and the Presbytery is responsible for their examination, subsequent care, and the designation of the annual amount of aid to be granted to them, within the limits set by the General Assembly.

2. The Board will in each case look especially to the Education Committee of the Presbytery for filling out and forwarding the form of recommendation required for the reception of a candidate, and also for the pastoral care of the same

until his entrance upon his official duties.

3. As a general rule the Board will receive any young man of whose examination and recommendation, in conformity with its requirements, proper notification has been given, but it shall be at liberty to refuse new candidates beyond its ability to support them; and it will not give aid to students from the foreign missionary field unless they have been recommended by our foreign missionaries abroad, or have come to study in this country by a special invitation given from this Board upon the request of other duly recognized Church authorities, or of missionaries resident on the fields from which they come.

II.—RECEPTION OF CANDIDATES.

1. The encouragement of a young man to enter the Gospel ministry is a matter of serious concern both to himself and to the Church, and it should be given only by those who have proper knowledge of his mental and moral character, accompanied with much counsel and prayer, and directly by a single desire for the glory of God. Every candidate should join that Presbytery to which he would most naturally belong, and he should be introduced to it either by his pastor or by some member of the Education Committee after such acquaintance as will warrant his taking the responsibility of so doing.

2. The Presbytery, in examining students with a view to their recommendation for aid, must embrace such points as are indicated by the following questions, to which definite answers, by the direction of the Assembly, will invariably be required by the Board: Give name of candidate in full. Age? Residence? Has Presbytery (or the Education Committee in the interim between the meetings of Presbytery) examined him on the following points, and were his answers satisfactory: Piety? Motives for seeking the ministry? Talents? Health? Promise of practical efficiency? Is he free from expensive and injurious habits? How long has he been a communicant in a Presbyterian church? Give the name of the church. If in an academy, give name of academy and class. If in college, or ready to enter, give name of seminary and class. If in a Theological Seminary, has he pursued a full collegiate course? If so, give the name of the college of which he is a graduate. If not a college graduate, has he had the equivalent of a college course? If so, send a detailed statement of his previous studies and career. Has he been recommended to Presbytery by his Church Session? Can he recite the Westminster Shorter Catechism? What is the smallest amount required to meet his really necessary expenses to the end of the fiscal year, viz.: April 1? Has he read a copy of the rules? Does he accept the requirements contained in them? At a meeting of the

Presbytery of (or of the Education Committee) held at on the . . . day of 19 , the candidate for the ministry named above, having been satisfactorily examined as to the points indicated by the foregoing questions, was recommended to the Board of Education for aid to the amount specified. Signed by Chairman Educational Committee.

3. Every candidate seeking aid from the funds of the Board of Education is required to set forth in a paper over his own signature the extent of his inability to provide for himself the necessary funds for his education. The same paper shall contain his pledge that he will refund to the Board of Education all moneys received by him therefrom in any of the contingencies mentioned in Rule III. 8.

4. No candidate shall be received by the Board who has not been a member of the Presbyterian Church, or some closely related body, for at least one year; who has not been recommended to the Presbytery by the Session of the church of which he is a member, and who is not sufficiently advanced in study to enter college, except in extraordinary cases.

III.—SCHOLARSHIPS.

1. The annual scholarships to candidates shall be the same in amount for theological and collegiate students, and not exceed \$150; for those in the preparatory course the amount shall not exceed \$100.

2. These scholarships shall be paid to a student only on the reception of particular and satisfactory reports from his professors, embracing the following points: Christian Character? Scholarship? Rhetorical Ability? Punctuality? Economy?

3. The Board may increase or diminish, in a general ratio, the scholarships in

ease of unusual surplus or deficiency in funds.

4. No payment shall be made in advance. Each payment shall be acknowledged by a receipt signed by the candidate or by the person authorized by him to receive it. And this receipt shall contain a pledge to return the amount given, with interest, in case he of his own accord turn aside from his ministerial calling.

5. In order to suit the period when the students most need assistance, and when the reports from professors can be most satisfactorily made, the reports shall ordinarily be made on the first days of October, January and April. The payments of a student whose recommendation is made at any time between those days may be expected to commence at the date of it.

6. The Board will in no case be responsible for the debts of students, but it is expected of them that the scholarship shall be first applied to the payment of

tuition and boarding.

7. The payments to the candidates shall cease regularly at the close of the collegiate year, or earlier, when the time for which they were recommended by the Presbytery has expired, and also as soon as it is determined that they are suffering from prolonged ill-health, which may unfit them for the work of the ministry, or as soon as their private circumstances enable them to dispense with assistance and if they have been manifestly improvident, or have contracted debts without reasonable prospect of payment, or if they have married since the last payment, or if they have received assistance from any other educational board or society, the entire three months' appropriation shall be forfeited.

8. The sums of money appropriated by the Board shall be refunded to it, with interest, in case a student fails to enter on or continue in the work of the ministry (unless it appears that he is providentially prevented), or if he ceases to adhere to the standards of the Presbyterian Church, or if he changes his place of study contrary to the directions of the Presbytery, or continue to prosecute his studies at an institution not approved by it or by the Board, or if he withdraws his connection from the Church of which this Board is the organ without furnishing a satisfactory

reason.

9. A scholarship afforded by the Presbyterian Church, through the Board of Education, is to be regarded by the candidate who receives its benefit as the Church's cheerful contribution to facilitate and expedite his preparation for the holy ministry, and may be accepted as a gift with the understanding that he is thereby simply obliged to a warmer interest in her efforts for the advancement of the Redeemer's kingdom, and especially to the use of the means necessary to instruct and

stimulate her members in the duty of multiplying and sending forth preachers of the Gospel of salvation to all the world. If, however, any candidate should prefer to receive it as a loan, the Board of Education is given authority to lend the amount without interest, and to give the borrower a credit of \$150 for each year of service spent, at the conclusion of his education, upon a mission field at home or abroad.

10. While the Church in providing scholarships for her candidates, makes no specific conditions as to the particular kind of service in the ministry which they will be expected to render upon the completion of their theological training, nor as to the character or situation of the place where they shall labor, nevertheless her judgment is that they ought to cultivate a missionary spirit, as Christlike, apostolic and timely, and that it would be highly becoming in them, under all ordinary circumstances, to offer their services, at the conclusion of their education, for work in missionary fields, ever remembering the abounding destitution in our own country as well as in foreign lands; the peculiar fitness of young men for such work; the honor, privilege and advantage pertaining to it; the natural expectations of the Church which has trained them in the hope that they would endure hardness as good soldiers; and, above all, the spirit of the last command of our ascended Lord.

IV .- CARE OF CANDIDATES.

1. Candidates are required, except in extraordinary cases, and then only with the explicit permission of their Presbyteries, to pursue a thorough course of study preparatory to that of theology, in institutions that sympathize with the doctrinal teachings of the Presbyterian Church; and, when prepared, to pursue a three years' course of theological studies in some seminary connected with the same Church, and no work of preaching is allowed to interfere with the diligent and faithful prosecution of their prescribed studies until the close.

2. The Board can rely only upon the Education Committee of each Presbytery for the regular care of its own candidates, which should include the constant exercise of a parental oversight over them in spiritual things, and the bestowment of the counsel they need as to their mode of preparation, their place of study, their trials, and the occupation of their time, while not engaged in study, in employments which will tend to qualify them for effective usefulness as pastors or evan-

gelists.

3. The Board shall assist the Presbytery in its care of candidates by furnishing annually to the Education Committee a summary of information from the professors' reports as to the standing of each student; and the Corresponding Secretary shall exercise a general supervisory care over them, also visit and address them, when practicable, at the institution where they are, in regard to their duties and the claims of the office which they have in view.

4. The recommendation of each candidate must be annually renewed by his Presbytery, if possible at the spring meeting, in connection with one from the Session of the church of which he is a member, and a specification must be made of the amount needed by him; and until the notification of these points has been

received a student will not be considered as upon the roll for the year.

5. Recommendations, or renewals of them, made by an Education Committee in the interim of the sessions of a Presbytery, shall be received as sufficient, provided its action is reported to the Presbytery at the next session and not counter-

manded to the Board.

6. If at any time there be discovered in a student such defect in capacity, diligence, and especially in piety, as would render his introduction into the ministry a doubtful measure, it shall be the sacred duty of the Board to communicate without delay the information received to the Education Committee of his Presbytery, and if, on careful inquiry on the part of the Presbytery, no satisfactory explanation of the defect can be obtained, or if no response be received by the Board from the Presbytery or from its Committee on Education within the current quarter, it shall be the duty of the Board to withdraw its aid altogether.

7. Special care should be exercised by the Presbytery in the examination of students who are about to enter upon the theological course, according to the in-

structions of the Form of Government (Chap. XIV., Sec. 3); and this examination should be conducted by the Presbytery, and be entirely satisfactory as to the "real piety" of the students "and the motives which have influenced them to desire the sacred office," before they are allowed to take the final step toward assuming its great responsibilities.

8. The annual report, occasional publications of this Board, and a copy of the Confession of Faith shall be sent gratis to all students under its care who request

them.

V .- PARTICULAR DUTIES OF CANDIDATES.

1. Inasmuch as the great aim of the Church in the establishment of the Board of Education is the increase of holy and faithful preachers of the Gospel, the young brethren who look to this work are earnestly and affectionately reminded that all intellectual acquisitions are of little value without the cultivation of piety, and that they are expected and required to pay special attention to the practical duties of religion, such as reading the Scriptures, secret prayer and meditation, occasional acts of special consecration of themselves to Christ and to His service, as their Redeemer and as the Lord of all; attendance at regular meetings on the Sabbath and during the week, endeavors to promote the salvation of others, and the exhibition at all times of a pious and consistent example.

2. Inasmuch as the scholarships granted by the Board will necessarily fall short of a full support of the students, it will be expected that they and their friends will make all proper exertions to supply whatever may be wanting.

3. When a student shall find it necessary to relinquish study for a time in order to increase his means for support by teaching or otherwise, he shall first obtain the consent of the Education Committee of the Presbytery or of the Board; and if, when given, he shall not be absent from study more than three months, his scholarship will be continued, but if longer, it will be discontinued, or continued in part, according to circumstances.

4. It shall be the duty of each candidate connected with the Board to report himself, soon after the meeting of the General Assembly, to the Education Committee of his Presbytery as to his progress, wants and prospects; and when any of the requisitions of the Board which affect him may not be carried out by teachers or others, it becomes his duty to see that they are attended to, that delays

and losses to himself may be prevented.

5. The reception of a scholarship by a student shall be considered as expressing a promise to comply with all the rules and regulations of the Board.

VI.—EXCEPTIONAL CASES.

1. The Board will not ordinarily take under its care as candidates for the ministry any who have not completed a course preparatory to college. If exceptional cases are recommended by Presbyteries the Board should be certified that there has been a season of thorough trial and approval under competent teachers through two or three years.

2. Such students are not to expect the benefit of scholarships for more than

two years before entering college.

NOTE.—In stating the place and stage of study of the candidate, name the class and institution in which he will be under instruction for the year which the recommendation is intended to cover; e. g., if the recommendation is made out in the spring, name the institution and class which the candidate is to enter in the fall.

The Board of Education has been instructed hereafter invariably to require, in connection with the acceptance of a student, and before promising him aid from the funds of the Church, definite answers to several important questions which may conveniently be given according to the form below. A candidate, in order to receive aid, must have been a member of the Presbyterian Church, or some closely related body, for at least one year; be recommended to Presbytery by his Church Session; and, except in extraordinary cases (colored students, and those of foreign populations, especially), be prepared to enter College.

The recommendation both by Church Session and Buchtery must be recommended. HINTS to the Chairmen of Education Committees of Presbyteries as to the Recommendation of Candidates to the Presbyterian Board of Education.

AKE SURE before any other action is taken, that the candidate has been recommended to Presbytery by the Session of his church, as this is the fundamental requirement.

- 2. Always use the recommendation blanks provided by the Board.
- 3. Never put renewals on blanks intended for first recommendation; never put first recommendations on renewal blanks. You will thus prevent serious confusion at the office of the Board.
 - 4. Write the recommendations plainly in ink; never use pencil.
- 5. Do not write anything on the recommendation blanks other than is required by the answers. Additional notes of explanation which may be necessary should be sent in an accompanying letter.
- 6. Let every question be fully answered when the recommendation is first forwarded; otherwise additional correspondence will be required, and much delay and inconvenience may arise.
- 7. In stating the place and stage of study of the candidate name the class and institution in which he will be under instruction for the year which the recommendation is intended to cover; e. g., if the recommendation is made out in the spring, name the institution and class which the candidate is to enter in the fall.
- 8. Use New Recommendation blank for all candidates who have never been accepted and enrolled by the Board, no matter how many times recommended in past years. Use Renewal blank for all candidates who have been at any time enrolled by the Board even though subsequently dropped.
- 9. If a candidate, who has at any time previously been under the care of the Board, comes to you from another Presbytery, send to us your recommendation in the form of a *renewal*; and give us the name of the Presbytery from which you receive him.
- 10. Recommendations for new candidates should be sent in as early as may be convenient; but renewals should ordinarily be deferred until Presbyteries have had time to consider each case in the light of all information obtainable as to candidate's conduct and work during the year. Such cases are not in the least imperiled by the delay occasioned by this patient consideration.
- 11. If the candidate does not propose to pursue his studies, preparatory to theology, in an institution which sympathizes with the doctrinal teachings of the Presbyterian Church [as our rules require, except in extraordinary cases], send us the assurance that he has the explicit permission of his Presbytery, and the reuson for the permission.
- 12. If the candidate is from a foreign country, the assurance must be sent to us that he intends to exercise his ministry in connection with the Church in the United States.
- 13. In corresponding about a candidate, always mention the Presbytery to which he belongs. This will help us greatly in looking up his case.
- 14. Do not mutilate the recommendation blanks, but mail them, properly folded, in a large envelope. This will aid us in filing and indexing.
- 15. Take no action without careful study of the printed rules prescribed for our mutual guidance by the General Assembly.

REPORT OF THE COMMITTEE ON THE BOARD OF PUBLICATION AND SABBATH-SCHOOL WORK.

This dual Board conducts its work within three different Departments: the Department of Sabbath-school and Mission Work, the Editorial Department, and the Business Department.

I. Sabbath-school and Missionary Department.—
The one fact written large on every feature of the work of the Sabbath-school and Missionary Department of this Board is Expansion. The field has widened and whitened for the harvest, the opportunities for active service have multiplied, the demands have increased, the needs grow more imperative, the results are larger, and the obligations to meet these needs, and seize these opportunities, increase commensurately.

The briefest review of the past year's work presents abundant reasons for thanksgiving and hope. In 37 States and Territories of our own Republic, and in Cuba, the work of the Board has been prosecuted with vigor and zeal. Within the bounds of 27 Synods and 108 Presbyteries, 143 missionaries and colporteurs, commissioned by the Board, have been pushing forward into the field, planting new Sabbath-schools, finding and holding strategic points for the establishment of Presbyterian churches. They have acually organized 797 and reorganized 355 Sabbath-schools, a total of 1,152, with a membership of 40,283 teachers and scholars. Of these schools, or schools previously organized, 106 have grown during the year into Presbyterian churches, or twice as many as in any previous year. What actualities and possibilities are here indicated in 1,152 Sabbath-schools and 106 churches! Small beginnings, perhaps, but prophetic of great results; fountainhead of power and grace, "Streams to make glad the City of God."

For the use and comfort of these churches and Sabbath-schools, 70 buildings were erected at a cost of \$83,958.

Besides these direct results, there is a great unknown and unmeasured quantity that must be recognized, but can not be actually estimated—the result of colportage and evangelistic work, the house-to-house visitation, and the circulation of Bibles, tracts, Christian literature, "Leaves of the tree of life for human healing, and seed-corn cast in the furrows to spring forth in future harvests."

A widening field makes imperative an expanding work. The cry comes from many quarters for more workers. The vast area of Texas, into which thousands of men with their households are pouring down from the North and Central West, is without one Sabbath-school missionary of our Board. New Mexico, knocking at the door of the Nation for state-hood, stands waiting at the door of this Board for missionaries for her neglected children. Half a score of the potential empires of life and wealth in the West and South beg this Board to send into their waiting fields "Sowers of the Word"; into their moral wilderness, shepherds to gather their scattered lambs into the Christian folds.

We shall not as a Church be true to our heritage, our opportunities, our citizenship, and above all to our Lord and Master, who "set a little child in the midst of his disciples" and made it the central personality of Christian life and work, if we do not rise to the demands and privileges that confront us in the 12,000,000 children for whose sake this work was conceived and organized. By all the interests of time and eternity compassed in the salvation of children, we call upon our pastors and churches to support this work with a more profound sense of its growing importance and with a more generous provision for its needs.

I. EDUCATIONAL WORK.—We recognize the importance of the educational work of this Department and heartily

commend it to our pastors, churches, and Sabbath-schools. The pressure of the demand for more teachers and better teachers is never relaxed. The effort of the Board to provide better facilities for the training of teachers, helps to solve both sides of this equation. Thorough instruction will not only make better teachers, it will induce many to enter the Sabbath-school, as teachers, who now stand aloof through conscious lack of thorough preparation.

We desire also to emphasize the value of the Home Department, in that it keeps in touch with our Sabbath-schools thousands who will otherwise never develop or lose altogether their interest in this cause.

We recognize the power and need of catechetical instruction. Surely the day has not come in the Presbyterian Church when we may neglect for our children that most excellent summary of truths taught in the Scriptures of the Old and New Testaments, and found in our Catechisms, which made our fathers strong in faith and character, and which has helped to nurture our own spiritual lives.

Most thankfully do we acknowledge the good hand of our God in the work of the Board during the past year. We desire to commend the fidelity and efficient management of the Superintendent of this Department, the Rev. Jas. A. Worden, D. D., and of the whole Board, who, by their counsel, their support, and their wise management, have made possible the enlarged and successful work of the past year.

II. EDITORIAL DEPARTMENT.—Your Committee would most heartily commend the efficiency of this Department of our Board, and would especially emphasize our satisfaction with the Periodicals and Lesson Helps published.

We would also suggest that all our churches be urged to use the Helps and papers published by our Board rather than those of other denominations, or those offered to us as interdenominational or undenominational.

III. Business Department.—Your Committee has examined the books of the three Departments within which

the work of the Board is carried on, and also the volume of minutes of the Board submitted to us. The Manager of the Business Department, Mr. John H. Scribner, appeared before us and made full and satisfactory explanation of all the work of this Department. We believe that it is worthy of the fullest confidence and approval of the Assembly.

IV. OVERTURES.—Three overtures have come into the hands of the Committee requesting Assembly action with regard to publications for the use of our foreign speaking population. Two of these overtures are from the Presbyteries of Pittsburg and Allegheny, asking that the Board be instructed to comply with the recommendation of the Assembly of 1902 with regard to such publications. The third overture is from the Presbytery of Buffalo, asking for publications in the Magyar language. The Board has had this matter under serious and lengthy consideration, and earnestly desires to supply this need, which exists not only in the localities named, but also in many others. Such publications, however, if issued from its own press, would entail a large additional expense, which the present and prospective income of the Board would not meet without the abandoning of work to which the Board is already pledged. The American Tract Society is prepared to furnish such literature as is needed. It is desirable also to secure as complete cooperation as is possible with other evangelical churches in this most important work. The Committee, therefore, suggests the action indicated in Recommendations 6 and 7.

We would offer the following recommendations:

1. That the following-named ministers and elders whose terms of office are about to expire, be re-elected as their own successors:

Ministers:

CHAS. A. DICKEY, D. D., LL. D., ROBT. M. PATTERSON, D. D., LL. D., LOUIS F. BENSON, D. D., ALEXANDER HENRY.

Elders:

ROBERT H. HINCKLEY, JOHN H. WATT, WM. H. SCOTT, FRANKLIN L. SHEPPARD.

- 2. The Board reports the death during the year of three of its members, namely: Rev. Thos. A. Hoyt, D. D., Rev. Wm. L. Ledwith, D. D., and Mr. Samuel C. Perkins, and the election as their successors, respectively: Rev. Chas. R. Erdman, Rev. John B. Laird, D. D., and Mr. Bernard Gilpin. We recommend that the Assembly confirm these appointments.
- 3. That the request of the Board for additional time in which to consider the subject of a change of the name of the Board be granted.
- 4. That the minutes of the Board and its several Committees be approved.
- 5. We recommend that the pastors under the care of our Assembly be urged to press the needs of this work more earnestly upon the churches, and that the churches be urged to give more money to sustain this vital and far-reaching work; and that an unremitting effort be made to secure from churches and Sabbath-schools \$200,000 during the next year for the work of this Board.
- 6. We recommend, as in past years, the observance of the second Sabbath of June as Children's Day, and the last Sabbath of September as Rally Day, the contributions secured through the Rally Day offerings to be devoted, at the discretion of the Board, to its work among our foreign-speaking population. We urge our churches and Sabbath-schools so to coöperate in observing this series of days as to make them most helpful for the purposes for which they are set apart.
- 7. That the overtures of the Presbyteries of Pittsburg and Allegheny upon this subject are approved as to their spirit and purpose, and the Board is instructed, as soon as is practicable, to issue periodicals and other literature, either directly or in coöperation with other religious bodies. And that the Board be instructed specifically to endeavor to perfect arrangements with other religious bodies for the publication, through the agency of the American Tract Society, if possible, of evangelical religious literature in the foreign

languages which are most used in our country, the understanding being that this will secure the results at present desired. All of which is respectfully submitted.

C. H. French,

Chairman.

SIXTY-SIXTH ANNUAL REPORT

OF THE

PRESBYTERIAN BOARD OF PUBLICATION AND SABBATH-SCHOOL WORK.

APPROVED BY THE BOARD, APRIL 29TH, 1904.

With grateful thanks to God for past and present blessings, the Board presents to the General Assembly this its Sixty-sixth Annual Report, covering the year beginning April 1st, 1903, and closing March 31st, 1904.

The term of office of the following members of the Board will expire next month:

Ministers.

Elders.

REV. CHARLES A. DICKEY, D. D., LL. D., ROBERT H. HINCKLEY, REV. ROBERT M. PATTERSON, D. D., LL. D., JOHN H. WATT, REV. LOUIS F. BENSON, D. D., WILLIAM H. SCOTT, REV. ALEXANDER HENRY. FRANKLIN L. SHEPPARD.

It is with sincere regret that we report the death of one of our officers, the Rev. Willard Martin Rice, D. D., Recording Clerk—which occurred March 6th, 1904; and also of three of our members—Rev. Thomas A. Hoyt, D. D., June 29th, 1903; Samuel C. Perkins, Esq., July 28th, 1903; and the Rev. William L. Ledwith, D. D., February 28th, 1904. Dr. Rice had served the Board with rare fidelity since 1862. Dr. Hoyt became a member in 1887, and Dr. Ledwith in 1893, and both rendered invaluable service. Mr. Perkins had been connected with the work since 1858. He served as our Solicitor, without compensation, and was for many years the Chairman of our Business Committee; he was also a Trustee. These brethren were faithful to the trusts reposed in them, and exhibited a devotion to the work and an industry in

its behalf which will cause them long to be held in grateful and affectionate remembrance.

SPECIAL MATTERS.

- I. The Board has elected the Rev. Charles R. Erdman in the place of Dr. Hoyt, the Rev. John B. Laird in the place of Dr. Ledwith, and Bernard Gilpin, Esq., in the place of Mr. Perkins. It requests the Assembly to confirm these appointments.
- 2. At the last meeting of the General Assembly, a resolution providing for a change of the present name of the Board to "Boards of Publication and Sabbath-school Missions" was referred to the Board "for action and report to the next Assembly." With reference thereto the Board reports that the matter of a change of name is necessarily involved with the reorganization of the work of the Board, which was authorized by the last General Assembly. The whole subject is under careful consideration, but it is impracticable to report upon the same to the General Assembly at the present time, and the Board therefore asks that the matter be left in its hands for the time being.
- 3. The Hon. Robert N. Willson, President of the Board, and Mr. John H. Converse, were appointed by the Board to represent it at the meeting of the General Assembly.

SABBATH-SCHOOL AND MISSIONARY DEPARTMENT.

The past year's work has been marked by the fact that nearly twice as many Presbyterian churches have been organized from the schools planted and fostered by our Sabbathschool missionaries as were organized during any preceding year. In a single State, North Dakota, no fewer than 19 churches have grown from these missions during the year.

As a result of this, Synods and Presbyteries have been stirred to a greater interest in, and more active coöperation with, our Sabbath-school missionaries. It is worthy of special note that the Synods of Ohio, Michigan, Iowa, Nebraska, Catawba, and Oregon, held institutes for the enlargement and development of Sabbath-school and missionary work, in connection with their autumn meetings. This year, for the first time, synodical missionaries of the Board have been appointed for the Synods of Indiana and Ohio. The wisdom of this action has already been demonstrated by the organization of 9 new churches in Indiana through the labors of these men. To the wise coöperation of the committees of Presbyteries, the increased efficiency of this work is largely due.

MISSIONARY FORCE INCREASED.

Another fact signalizing the story of the year is that the force of permanent workers, commissioned and supported by the Board, was larger than ever before in its history. This has been made practicable by some increase in contributions during the past two years. The support of these workers has exhausted the entire amount of the year's contributions, and also the balance on hand at the beginning of the year, and yet we have not been able to meet the growing demands for more Sabbath-school missionaries.

WORK ACCOMPLISHED DURING THE YEAR.

The Sabbath-school missionaries have labored this year in Washington, Oregon, California, Nevada, Arizona, Utah. Montana, Wyoming, Colorado, North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Indian Territory, Minnesota, Iowa, Missouri, Arkansas, Wisconsin, Illinois, Michigan, Indiana, Ohio, Pennsylvania, New Jersey, New York, West Virginia, Kentucky, Tennessee, Virginia, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Florida, and in the island of Cuba. In these States and Territories, and in Cuba, the Board has now at work 110 Sabbath-school missionaries, and 11 colporteurs, laboring within the bounds of 27 Synods and 108 Presbyteries. Of these, 15 are Synodical, and 106 are Presbyterial workers, being 12 more than in the previous year. The total number of Sabbath-school missionaries and colporteurs who have been in commission during the year is 143. They have organized 797 new Sabbath-schools, and reorganized 355 schools, a total of 1,152, into which have been gathered 3,880 officers and teachers, and 36,403 scholars, making a total membership of 40,283.

Our missionaries have also cared for and nurtured **2,346** Sabbath-schools which they had organized in previous years. The membership of these schools is **89,822**.

These missionaries have made 111,297 visits upon families and have held 4,919 evangelistic services, in which 2,390 conversions came under their observation. 189 Sabbathschool institutes and conventions have been held.

In the homes and Sabbath-schools which they have visited, the missionaries have distributed large numbers of periodicals and tracts; and, in addition, have sold and given away 16,835 volumes. They have also distributed by gift and sale 3,733 Bibles and Testaments.

The number of Presbyterian churches developed by our missionaries from their schools during the past year is 106.

The number of Presbyterian buildings erected last year as the outgrowth of the labors of Sabbath-school missionaries is 70. The cost of these buildings was \$83,958. Thus, through the efforts of our Sabbath-school missionaries, over 55 per cent. of the entire cost of the Sabbath-school and missionary work was returned to the Presbyterian Church in the money value of the buildings erected.

REVIEW OF SIXTEEN YEARS' WORK.

These workers have wrought unobtrusively for sixteen years. One item alone presents cumulative proofs of the value of Presbyterian Sabbath-school missions, namely: In that time, 810 Presbyterian churches have grown from these missions—an average of 50 new churches every year. Other denominations, also, have shared in the fruits of the work and have gathered from them 477 churches. The whole number of churches, therefore, thus organized since 1887, is 1,287—an average of over 80 churches every year.

FIELDS CALLING FOR SABBATH-SCHOOL MISSIONARIES.

Appeals are reaching the Board, from many portions of our land, for Sabbath-school missionaries. New Mexico has asked again and again for workers; it has not one, as yet. The vast empire of Texas is without a single Presbyterian Sabbath-school missionary. Presbyteries in Utah Synod, hard pressed by their surroundings, have asked for 4 more Sabbath-school missionaries. Wyoming has but 1, and requests 3 additional. North Dakota is earnestly calling for more. Arkansas and Georgia, Florida and Cuba, present their claims with arguments almost irresistible.

FORWARD MOVEMENT IN SABBATH-SCHOOL MISSIONS.

The Forward Movement is a vigorous current of missionary enterprise. It originated in the hearts of those who

were stirred by the Spirit to desire a part in this mission work. No fewer than 38 of our Sabbath-school missionaries are now supported by some Presbyterian, or by a church or Sabbath-school; or, in some cases, by the Sabbath-schools of a Presbytery. The unvarying testimony is that great benefit is derived from being directly represented on Sabbath-school mission fields.

MISSIONARY COLPORTEUR WORK.

In obedience to the instructions of the Los Angeles Assembly, this Board immediately set about the work of engaging missionary colporteurs to take the Gospel to the foreigners in our land, by personal work, and by the distribution of the Bible and other religious literature printed in their own tongues.

It was found necessary to appeal for special funds for this work, and Rally Day was decided upon as a suitable time to bring the need of the 16,000,000 of our foreign population before our Sabbath-schools. The Board acknowledges with gratitude the hearty response to this appeal—about \$6,000 having been received from Sabbath-schools and individuals.

We now have at work among foreigners of different nationalities, a corps of 11 missionary colporteurs who, we believe, are especially qualified for their work. The work has been successfully inaugurated, and we believe that the missionary colporteurs are faithfully performing their duties. They are placed under the direct supervision of the appropriate committee of the Presbytery, by which their reports must be approved. They are instructed not only to distribute the Word but to help their countrymen to read it understandingly by holding neighborhood meetings for prayer and Bible study wherever practicable. They are also instructed to canvass hopeful communities, and to secure such facts as will be helpful to the Presbyteries in which they labor in considering the advisability of establishing Presbyterian churches among such foreign-born people.

A summary of the work performed during the few months these workers have been in the service, will be found in the Appendix, on page 44.

In this connection, however, the Board desires to bring specifically to the attention of the General Assembly another matter, which, in the judgment of the Board, requires special consideration and prompt action on the part of our Church.

The foreigners in our midst who are not able to make use of the English language ought, beyond question, to be furnished with periodical and other literature of an evangelical religious character adapted to their training and characteristics. The importance of supplying this need can hardly be overestimated. The Board has endeavored for some years past to do what it could in this direction, and it has hoped that, by reason of the previous action of the General Assembly upon the subject, the contributions from the churches would enable the work to be taken up more energetically and extensively. Thus far, however, the hope has not been realized, and now the Board again brings the matter to the attention of the General Assembly. The whole subject has been under consideration by a special committee, whose report, as adopted by the Board, is now submitted to the General Assembly for its consideration. The report of the Committee is as follows, viz.:—

To the Presbyterian Board of Publication and Sabbath-school Work:

Your Committee which has had under its consideration for a considerable period of time matters relating to work among foreign speaking peoples and the publishing of literature in foreign languages, beg leave to report:—

- I. That we deem it to be of extreme importance, in the interest of religion and of enlightened patriotism, that special attention should be given by our Board to the Sabbath-school and Missionary Work in and among the numerous foreigners who have come to our country for homes, and are not able to speak the English language; and, also, as far as our Church will furnish the means for the purpose, to the publication of evangelical literature for use among the same classes of people.
- 2. That a promising beginning has been made in the line of missionary work through colporteurs who have been appointed by the Board and are now at work in various fields, but that this kind of effort should be largely

increased as soon as the treasury of the Board will permit the necessary expenditure.

- 3. That thus far your Committee has not felt justified, notwithstanding its earnest desire so to do, in recommending any plan for issuing new publications in foreign languages. Earnest appeals have been made for such publications, and we have been disappointed that the responses from the churches to the commendation of this special work by our General Assembly have not as yet been sufficient to enable the Board to take it up, without running into debt—a course of action which this Board has carefully tried to avoid, and which we believe to be a bad and mischievous policy. We may emphasize this point, for the reason that we are thoroughly satisfied that the regular work of our Board in the destitute parts of our country ought not to be curtailed, but rather enlarged, as soon as that can be done.
- 4. After considerable correspondence and study of the question, we have reached the conclusion that, in the interest of economy and of fraternal church unity, it is desirable and may be practicable to bring about a coöperation among several evangelical religious bodies in the publication of periodicals and other literature for such uses as are essential among people of foreign birth and languages.
- 5. We, therefore, recommend, if the Board shall agree with and approve the foregoing portion of this report, that an earnest appeal shall be made to the General Assembly to urge upon the churches of our denomination to make large additions to their contributions to this Board. in order that the efforts above referred to for the elevation and Christianization of the foreign born people who dwell in our country, and are not able to speak the language of the country, may be prosecuted more vigorously, without contracting the work among our own native born or English speaking people.
- 6. It is also recommended by us that the General Assembly be asked to authorize the Board specifically to endeavor to perfect arrangements with other religious bodies for the publication of evangelical religious literature in the foreign languages which are most used in our country.
- 7. In order that the whole matter may be made clear and complete, we recommend that this report, if adopted, shall be incorporated in the Board's Annual Report to the General Assembly.

JOHN H. CONVERSE, JAMES A. WORDEN, J. R. MILLER, JOHN H. SCRIBNER, LOUIS F. BENSON, ROBERT N. WILLSON, *Chairman*.

GRANTS.

Grants amounting in value to \$9,640.35 were made, as follows (see page 14):

Periodicals, books, and tracts to churches, Sabbath-schools,	
and individuals	\$8,032 59
Bibles, as rewards for reciting Shorter Catechism	1,307 76
To aid in the publication of religious literature for our "foreign	
population"	300 00
-	

\$9,640 35

Contributions, to the amount of \$2,920.00, were made through the Board to aid in the erection of chapels, and for other special objects, as designated by the donors.

EDUCATIONAL WORK OF THE DEPARTMENT.

SABBATH-SCHOOL MEMBERSHIP.—According to our last statistical report, the net gain in the membership of Presbyterian Sabbath-schools, including Home Departments, was 10,012.

The past decade has witnessed startling changes in the Sabbath-school membership of all denominations. In view of these conditions, it is cause for gratitude that our Church has not only not lost, but actually increased the numbers enrolled in its Sabbath-schools.

CHURCH MEMBERSHIP.—Reports published in the last Minutes show that there were received from the Sabbath-schools into the full communion of the Church last year, 36,758. The total number received from Sabbath-schools into full membership of the Church, since the first publication of the Reports in the Minutes in 1884, is 583,426—an average of over 22,171 each year.

TEACHER TRAINING.—Within three years the Board has inaugurated a movement for the instruction of Sabbath-school teachers. The object of the movement is two-fold:

The training of teachers for the Sabbath-school; and the promotion of Bible study among our young people.

HOME DEPARTMENT WORK.—Of equal importance is Bible study in the home. To promote this is the aim of the Home Department. Hundreds of our Sabbath-schools have organized and are promoting this method of study.

The membership of Home Departments, according to last reports, is 65,800; there has been a slight increase during the year.

CATECHETICAL INSTRUCTION.—The Board has continued its offer of an Oxford Teachers' Bible, as a prize to scholars under eighteen years of age, for correctly reciting the Westminster Shorter Catechism. The number of prizes thus awarded last year is 977; and the total number of Bibles thus distributed during the past fourteen years is 24,846.

The number of Sabbath-schools reporting to their respective Presbyteries for the year 1902-1903, that they teach the Shorter Catechism, is 3,675.

PRESBYTERIAN SABBATH-SCHOOL STATISTICS.—The General Assembly places upon this Board the responsibility of collecting the annual Sabbath-school statistics of our Church and of preparing a summary of the same for publication in the annual Minutes of the Assembly.

CHILDREN'S DAY AND RALLY DAY.—To the celebration of these days, a large part of the offerings to Presbyterian Sabbath-school missions is to be credited. From these sources last year the amount received was in excess of \$60,000. The total amount received in like manner, since 1887, is over \$650,000.

Perhaps few realize to what extent Presbyterian Sabbath-school missions depend upon the offerings of Children's Day and Rally Day. If these offerings ceased, this Board would be compelled to withdraw one-half of our Sabbath-school missionaries from the field.

ACKNOWLEDGMENTS.

The following Minute was adopted by the Board in recognition of the valuable help which the American Bible Society has rendered:

"This Board regrets to learn the situation which confronts the American Bible Society, on account of a large decrease in the gifts for carrying on its noble work.

"The American Bible Society has, for many years, been most helpful to the missionary work of this Board. It has generously and promptly responded to our frequent requests for large grants of the Scriptures for distribution through our Sabbath-school missionaries; and should these grants be diminished, we would consider it a serious hindrance to our work in all parts of the field.

"The Board esteems it a privilege to commend the American Bible Society to the generosity of Presbyterians everywhere, and to express its sincere hope that all will take advantage of the opportunity which this stringent condition of the Society offers, to further by generous offerings its work of spreading the Word among all nations."

To the Secretaries of the Board of Home Missions, and to the Synodical and other missionaries of that Board, our special thanks are due for their valuable coöperation.

To the Synodical and Presbyterial Committees on Publication and Sabbath-school work, which have faithfully aided in many ways the work of this Board, grateful acknowledgments are tendered.

In connection with the above statement it should be noted:

- I. That the expenditures for the actual field work, support of missionaries, grants, etc., are \$11,748.35 in excess of the amount expended for this purpose last year, while the cost of administration shows a decrease from last year's figures.
- 2. That the amount expended for Sabbath-school Missions, Colportage, and Educational Work is \$9,498.63 more than was received from all sources during the year, exclusive of the profit derived from the Business Department. By reason of the amount thus received from the business side of the Board's work, it has been able not only to expend, in its benevolent work, the entire amount contributed by churches, Sabbath-schools, and individuals, but also to add a considerable sum for the same purpose.

BUSINESS DEPARTMENT.

According to the statement on page 22, there have been published during the year 1,694,548 copies of books and tracts, and 46,502,713 copies of periodicals, which, together with 8,500 copies of the Annual Report,* make an aggregate of 48,205,761 publications for the year.

The work of placing these publications on the market is performed by means of the main store in Philadelphia, the Depositories in Chicago, New York, St. Louis, and San Francisco, and six other houses where the publications of the Board can be obtained.

The Depositories conducted by the Board are as follows:

DEPOSITORIES.

Chicago, Ill., W. P. Blessing, Manager, 192 Michigan Avenue. New York, N. Y., C. W. Hippard, Manager, 156 Fifth Avenue. St. Louis, Mo., D. R. Williams, Manager, 1516 Locust Street. San Francisco, Cal., L. H. Cary, Manager, 23 Grant Avenue.

The other houses referred to are these:

Boston, Mass., H. D. Noyes & Co., 13½ Bromfield Street.
Cincinnati, Ohio, Western Tract Society, 420 Elm Street.
Pittsburg, Pa., Board of Colportage, 712 Penn Avenue.
Toronto, Ontario, Upper Canada Tract Society, 102 Yonge Street.
Winnipeg, Manitoba, Russell, Lang & Co., 504 Main Street.
London, England, Publication Committee Presbyterian Church of England, 14 Paternoster Square.

These houses, with the exception of the one in London, furnish all our publications at the Board's prices.

Our periodicals are still further brought to the attention of churches and Sabbath-schools by advertising in Sabbathschool and other papers, and by circulars addressed to pastors and Sabbath-school superintendents. Our missionaries also

^{*}This refers to the number of copies of the Report for the year ending March 31, 1903.

bring all classes of our publications to the notice of those who dwell in missionary districts.

SALES.

The sales for the year in books and tracts were \$260,907.49. This amount, as it includes credit sales, does not agree with the Treasurer's account, which account exhibits only cash received. The Treasurer's account includes cash received for the sales of the current year, and also cash received for the credit sales of preceding years.

The sales for the year of periodicals were \$324,492.68.

The aggregate of the preceding sales includes not only the ordinary sales of the main house, and of the depositories and other houses, but all sales made to the Sabbath-school and Missionary Department.*

NET PROFITS.

The net profits of the year were \$29,191.23. Of this sum two-thirds, or \$19.460.82, have been placed to the credit of the Sabbath-school and Missionary Fund, in accordance with the direction of the General Assembly. The remaining third, or \$9.730.41, has been added to the capital.

CAPITAL.

This, at the beginning of the year, according to the balance-sheet of the last report, was \$240,185.84. In consequence of the addition of one-third of the profits of the year, or \$9.730.41, together with the sum of \$5,034.60 received from an endowment policy on the life of C. H. Whiting, a debtor of the Board, the capital is now reported as \$254,950.85.

^{*}The Business Department sells all its publications to the Sabbath-school and Missionary Department at "the highest rate of discount allowed on the same class of publications to the most favored branch houses in this country"; the missionaries are required to sell for cash only.

C. T. McMULLIN, Treasurer.

PHILADELPHIA, April 1st, 1904.

The undersigned, in conjunction with Mr. Horace Hill, Accountant, have examined the account of the Treasurer of the Trustees, and find it correct. The balance of cash in the hands of the Treasurer is Ninety-two thousand five hundred and sixteen dollars and ninety-one cents (\$92,516.91).

They have also examined the securities in his hands, amounting to Forty-eight thousand three hundred and five dollars (\$48,305.00), and find them in the name of the corporation.

(Signed)

WILLIAM W. ALLEN,
HENRY T. SHILLINGFORD,
Auditing Committee.

PHILADELPHIA, April 18th, 1904.

All of which is respectfully submitted.

ROBERT N. WILLSON, President.

APPENDIX

(AS TO THE SABBATH-SCHOOL AND MISSIONARY DEPARTMENT.)

OUTLOOK FROM THE FIELD.

The following reports from our Synodical Sabbath-school missionaries furnish a description of the work as it is carried on in the Synods. As lack of space prevents us from publishing statements from them all, we present those from the Synods in which we have the largest number of missionaries.

A full statement of the work accomplished in each Synod during the past year, as well as a report of the permanent results of the labors of our missionaries, will be found on pages 45 and 46.

SYNODS OF ATLANTIC AND CATAWBA.

REV. GEORGE T. DILLARD, D. D., SYNODICAL MISSIONARY.

Have the missionaries done their work promptly and faithfully during the year just closed? Let us see:

As many as 14,616 families were visited and kindly admonished as to their spiritual duties. As missionaries, we have discovered that the family, when it is in sympathy with our cause, is among the most effective and helpful means of getting new schools established. It is an indispensable ally; and, whenever possible, we seek first to secure its aid and favorable sentiment. A Bible is left in every home, and the importance of the family altar is urged upon all.

Neat and beautiful chapels have been built for our schools at a few points of our field, but these are not half enough to accommodate the urgent demands which are pressing upon us. The figures are not all in, but at least 240 children have been brought to Christ as the result of the evangelistic efforts of our missionaries.

For the coming year we need twice as many chapels for schools which are almost crying for them. These are almost indispensable. Give us these, in addition to our present splendid outfit, and we shall do more and better work.

Our future is encouraging; the dawn of day has long since come; the seed sown by all waters is developing into large and golden harvests; the clouds above us, which may appear dreadful, will soon break in blessing.

SYNOD OF CALIFORNIA.

REV. ARTHUR HICKS, Synodical Missionary.

During the past year four missionaries have been constantly at work in this Synod. Rev. H. J. Furneaux has labored during the year in Mariposa and Madera Counties. In the former, he established the first Presbyterian church in the county, at Mariposa, the county seat. At Coarse Gold, Madera County, a church of thirty-two members was organized. During the month of February he developed a home mission field in San Benito County, which doubtless will soon be organized as a church.

About thirty preaching stations have been developed, and six hundred sermons and addresses have been delivered.

The building of new railroads and the development of mineral resources in both California and Nevada give assurance of the location of many new towns, and therefore the outlook is promising for the organization of many schools and churches during the coming year.

SYNOD OF COLORADO.

REV. C. K. POWELL, SYNODICAL MISSIONARY.

For exact and full statistics, replete with meaning, we refer to the tables giving in aggregate and comparison the year's summary. We report threescore organizations and two thousand scholars newly enlisted in Bible study; this is our working basis. Tributary to this and the results outlined below, we have traveled an aggregate of miles sufficient for two world-encircling tours. We have visited over five thousand families, proclaimed the message over one thousand times, and distributed a quarter of a million pages of literature, besides Bibles and Testaments.

Schools, enrolling thirty thousand attendants, have been visited and addressed. Numerous evangelistic meetings, and institutes for the greater efficiency of workers, have been held. A well-rounded work has been done and is being continued amidst varying experiences. Inaugurated by the Spirit, it is committed to His keeping and there is no waste in His ministry.

As a result of our evangelistic work, and the coöperation of sympathetic pastors, two churches have been organized in Gunnison Presbytery, at Read and Eckert, and one in Wyoming Presbytery, at Centennial.

Three chapels, costing a total of \$3,450, have been erected in Cheyenne, Wyoming; Bellvue, Boulder Presbytery, and in Pueblo, Colorado. They are all in vital relationship with further extension work.

The future is big with promise, the need is for more men—men of virility, adaptability, and resources, and of strong spiritual power.

SYNOD OF INDIANA.

REV. I. M. HOUSER, SYNODICAL MISSIONARY.

The excellent manufacturing facilities, rich coal lands, and the fertile redeemed swamp lands, affording superior advantages for varied investment, have attracted both capital and labor to Indiana to a marvelous degree. Many hamlets of two years ago are now cities of several thousand population.

To the work of giving the Gospel to those who have sought homes under these new conditions, two missionaries were commissioned by the Board a little more than a year ago.

It might be supposed that in this middle west no religious destitution could be found, but there is much of it, even in Indiana.

The people need the Gospel, and when it is properly presented they readily yield to its claims. The field is "white to the harvest"; the "Come over and help us" is heard from every quarter.

SYNOD OF INDIAN TERRITORY.

REV. THEO. BRACKEN, D. D., SYNODICAL MISSIONARY.

This Synod includes both Oklahoma and Indian Territory. The last few years have seen marvelous growth and prosperity. Oklahoma was first opened to settlement in 1889. In 1890 the population was only 60,000, but so rapid has been the development that the present population, according to the last report of the governor, is not less than 650,000. Of this population, the number of foreign-born people is less than five per cent, and of the Indians less than two per cent, so that Oklahoma has more than 600,000 people who are native-born citizens of the United States.

But the Church has not been keeping pace with the advancement in material things. There is a continuous and persistent demand for more ministers and better religious privileges. In giving the Gospel to these people the Sabbath-school missionary is the great pioneer; he has already accomplished a great work, but much remains to be done. Twice as many missionaries as we now have could be used with advantage. Wherever the missionary goes a cordial welcome awaits him. If the Church be wise, it will furnish the men and the means to take advantage of the great opportunity offered in this new and rapidly growing country.

SYNOD OF IOWA.

REV. S. R. FERGUSON, Synodical Missionary.

The work of our Sabbath-school missionaries for the past year has been to "strengthen the things that remain." This we have endeavored to do:—

- (1) By helping existing schools by frequent visits; and by holding Sabbath-school institutes in which teachers and other workers are instructed in the best methods of Sabbath-school work and encouraged in their efforts to train up the children in the "nurture and admonition of the Lord."
- (2) By vigorously pushing the evangelistic work, which we have done with excellent results. This has been done in connection with the mission schools and weak churches. The village of Hills a few years ago had neither Sabbath-school nor church, but through a tent meeting conducted

by one of our missionaries, a Sabbath-school was formed and soon a church was organized and a house of worship erected. A couple of months ago two of our Sabbath-school missionaries spent a fortnight with them in evangelistic services, which resulted in about twenty-five conversions, twenty-two uniting with the little church.

SYNOD OF KANSAS.

REV. THEO. BRACKEN, D. D., SYNODICAL MISSIONARY.

In Kansas the work of the Sabbath-school missionary is confined almost entirely to the middle and western portions of the State. The western portion is now rapidly recovering from a period of disaster and retrogression. For several years the State suffered from drought and crop failure, and many people migrated to newer portions of the country. The tide has now changed; for several seasons there have been bounteous crops, and on every side are evidences of returning prosperity.

Now is the time to press this work. Satan is everywhere active; mammon and irreligion prevail to an alarming extent. Nothing but the Gospel can stem the tide of wickedness. The only practical means of furnishing the Gospel to the people in these isolated and sparsely settled communities is through the Sabbath-school missionary. His work has been greatly blessed in the past; the promise for the future is better than ever. The missionary is now better known and is better equipped than ever, and it is only reasonable to expect large and permanent results from his labors.

SYNOD OF MICHIGAN.

REV. J. V. N. HARTNESS. Presbyterial Missionary.

Our missionary effort during the past year has not lacked the inspiration of newly-opened work.

New agricultural districts, new mining and lumber towns, and enlarged manufacturing operations; land companies bringing in great numbers of foreigners; the State's Agricultural and Forestry Departments opening for home-seekers great tracts of fertile farming lands in the northern part of both peninsulas—all these furnish an ever new and changing field for Sabbath-school work. No wonder that the Synodical Home missionary in his annual report asks the pertinent question—"Are we not doing wrong as a Synod in not better supporting in some way the work of our Sabbath-school missionaries?" A general survey of the work of the past year reveals conditions which give great encouragement. Sabbath-school missionary work has long since passed from a hazy perspective to something definite. Conversions have been noted, preaching stations have been established, churches have been organized, and chapels and church buildings have been erected.

SYNOD OF MINNESOTA.

MR. R. F. SULZER, SYNODICAL MISSIONARY.

As an evidence of the worth of our work in the Synod of Minnesota, and inasmuch as this is my sixteenth annual report, it will be of interest to state that one hundred and forty-five Presbyterian churches, besides a number of churches of other denominations, have grown directly out of our Sabbath-school missionary efforts during these sixteen years.

At least three more missionaries are needed in Minnesota. The large influx of immigration from other States, as well as from foreign shores, is an index of what we may expect in the way of growth and development. However, unless we are able to increase our missionary force so that more time can be given to the strengthening of our work already established, we cannot expect to keep abreast of the material development of the State.

SYNOD OF MISSOURI.

REV. E. L. RENICK, PRESBYTERIAL MISSIONARY.

Comparing present conditions in our Synod with what they were a few years ago, I feel that we have cause for thanksgiving. For the first year or two we were held aloof, but now we have won a place in the hearts of the people. They realize our purpose in coming among them, and feel that we have come to stay and help them. All over our territory I see a religious awakening, evidenced by the fact that the people hear the Word gladly, and often say to me, "Can't you send us a preacher?"

The work of church organization has not been pushed here because of the difficulty in securing and sustaining competent ministers to place in the remote districts.

We meet discouragements and obstacles, of course, but taking a general view of the Sabbath-school work in the Synod of Missouri, I believe I state the true condition when I say, it is progressing. The outlook is most promising from the facts that in many places the people are asking for churches and preachers; that new railroads are opening up the territory, and that its mineral wealth and fruit are making it a desirable country to live in.

SYNOD OF MONTANA.

REV. E. M. ELLIS, SYNODICAL MISSIONARY.

The "brighter day" for Montana has arrived. For a long time—while the State was rapidly developing, the lands fenced for stock and agricultural purposes, new towns laid out, new mines of coal and precious metals discovered—there was only one permanent Sabbath-school misisonary to cover this immense territory. But since the fall of 1901, the Sabbath-school missionary force has been enlarged to five. In view of this happy increase, coupled with the greater ability of the Home Board to follow up the Sabbath-school work, the cause of the Presbyterian Church has commenced to make a telling "forward march" which has enthused the colaborers all along the line.

SYNOD OF NORTH DAKOTA.

MR. J. B. CLAPP, SYNODICAL MISSIONARY.

We rejoice in the results and victories that have crowned the endeavors of our Sabbath-school missionaries. There have been more schools, both organized and re-organized, than last year. The development of schools into churches has gone beyond our expectation; the building of six churches, two chapels, and a manse, has been a glad surprise to us; and, best of all, about three hundred and fifty persons have united with our churches through the evangelistic efforts of our three men, who have faithfully gone from hamlet to hamlet, and from school house to school house, to tell, over and over again, the "old, old story of Jesus and His love." The spiritual conditions are encouraging; the temporal results very gratifying.

The need of Sabbath-school mission work is growing more and more apparent as the thousands of immigrants come and make their homes on our vast prairies; many of these settling from ten to forty miles from the railroad and from all the privileges of the Gospel.

With our limited number of Sabbath-school missionaries, we are unable to reach these multitudes who are like sheep without a shepherd. It is saddening to the missionary to receive the urgent appeals for the Gospel message and to know that he cannot answer them or give the aid so much needed. We could easily, and with great profit, keep three more men busy in these destitute communities which spring up almost in a night.

Looking forward to the campaign of 1904 and realizing the great work before us, our hearts falter as we see our inability to reach the unchurched masses of fathers, mothers, and children already in our State; and then, as we behold the multitudes that are coming this spring to occupy the fifteen thousand homestead entries made during the year 1903, we exclaim: "Who is sufficient for these things?"

Our Synod, at its last meeting, erected a new Presbytery; it comprises seven counties, the area of which is over nine thousand square miles, with a population of over sixty-one thousand. Much of this field is without religious services of any kind. I have received letters from four of our ministers in this new Presbytery appealing for a Sabbath-school missionary to labor within its bounds. This is a promising field and will yield a bountiful harvest for the Kingdom if looked after now.

SYNOD OF OREGON.

REV. J. V. MILLIGAN, D. D., SYNODICAL MISSIONARY.

The Sabbath-school missionary is the only one who does, or can, under present conditions, respond to the call for the Gospel which comes from the scattered population of the stock ranges, mining districts, and new settlements of our State. The people are too few in number to be able to demand the services of a settled pastor, and too poor in purse to

do much toward his support. Yet here are children growing up with no religious instruction and seldom hearing the name of God except in profanity.

New families are coming into the State more rapidly than ever before. The Lewis and Clark fair to be held next year is attracting the attention of many to our resources and opportunities. Irrigation projects are opening new settlements, each one of which must be cared for at once or the demoralizing influences of isolation and of life in a new country will have the mastery.

The opportunities are abundant, the need is urgent, the harvest is assured. Shall it be gathered for the Master or shall it be lost? Much may depend upon your answer.

SYNODS OF PENNSYLVANIA, KENTUCKY, AND TENNESSEE. WORK AMONG THE MOUNTAINEERS.

REV. C. HUMBLE, M. D., SYNODICAL MISSIONARY.

The transition period, ever a dangerous one, is being entered now by the mountaineer. The buying of timber and coal lands in blocks of thousands of acres (five-sixths of one county in West Virginia is held in this way); the extensive oil and gas leases; the coming of great sawmills and of railroads; and the miles of mines being opened, have all brought to the mountaineer a new world with unusual opportunities for making money and for spending it in sensual pleasures.

His awakening has come; his long dormant energies aroused stir him for the fray. His hospitable heart, his daring spirit and abundant vitality, all incline him to race with the multitude to do evil; and just now, if ever, he needs a Christian hand to be laid on his shoulder to check and steady him. Who so likely to be on the spot to do this as the Sabbathschool missionary?

This year our sixteen missionaries have rescued many, and have brought salvation to the doors of thousands more. Rev. A. J. Coile, laboring in Tennessee, writes: "I have conducted evangelistic services at five places on my own field, holding eighty-three services, with a total attendance of 5,750, with forty-five professed conversions.

"At Blaine, Granger County, I reorganized the Sabbath-school. On the same day a petition for a Presbyterian church was drawn up and signed; on November 15th a church building committee was appointed; on December 24th a Presbyterian church was organized, with sixteen members. A fine building site has been donated, the lumber is nearly all cut and stacked, and we only await the opening of spring to begin the construction of the church building, which is to cost about \$1,200."

TEACHER TRAINING.

Mr. J. H. Forsyth has a Normal Class in the afternoon at every one of his preaching stations, and the plan is proving a success. Mr. J. N. Andre has a series of Teacher-Training meetings. One of his superin-

tendents, who walks three miles to his own Sabbath-school in the morning, and has been absent only three times in three years, and who goes to another school in the afternoon and teaches a Bible Class—recently said, "I would not take \$3,000 for the benefit the Sabbath-school has been to me."

TRAINING THE CHILDREN.

Rev. George Carmichael says: "When we came here we could not find a child who knew the Lord's Prayer; now it would be hard to find one who does not. The Ten Commandments were also a new thing to them; now a large proportion of the children can recite them; and the whole Shorter Catechism has become familiar to the children and young folks."

Mr. J. N. Andre's Boys' Bible Class uses tablets and pencils. Three young men of the class want to become ministers of the gospel, one of them expecting to become a foreign missionary.

EVANGELISTIC MEETINGS.

In every field evangelistic meetings are held. Prof. E. W. Hall is our most gifted gospel singer. Mr. J. M. Broady, an all-round worker in this line, assisted in eight of these meetings with uniformly good results—five of these meetings were outside of his own field, the three on his field resulting in fifteen hopeful conversions.

Mr. J. H. Wright, laid aside four and one-half months by typhoid fever, held nine evangelistic meetings, two of these during his convalesence in West Virginia. He reports nineteen additions to the Presbyterian church.

NEED AND GROWTH.

Rev. W. W. Baxter writes: "When I entered Clay County there were only three Sabbath-schools. I organized twenty-five; of these, twenty were in operation last year. Since my coming we have established one academy and three churches. In Leslie County every Sabbath-school that was open last year, with one exception, was organized by me!"

Mr. George A. Reaugh writes: "When I came to Boone County I could learn of but two Sabbath-schools in operation. I have organized twenty-five. We have now seven permanent Sabbath-schools; and, of the fifteen summer schools, ten are ours."

TENT WORK.

During the spring and summer months your Synodical missionary has been engaged in tent meetings with our missionaries in Tennessee, Kentucky, and West Virginia, in which biblical and temperance stereopticon views were used with marked benefit. In every place it was seen that people who will not go to church will come to a tent; that the people are eager to hear the Word of God, as our Church holds it forth; and that the children and young people take great delight in Bible lessons as they were given by the aid of a blackboard. Taken altogether, the results of these meetings were very gratifying; in one instance twenty-six persons pro-

fessed conversion and asked for admittance into the Presbyterian church; and in another place, thirty-one applied for membership. Next year, with a new and larger tent, and with the experience gained in this campaign, we hope to do more and better work along this line.

SYNOD OF SOUTH DAKOTA.

MR. E. H. GRANT, SYNODICAL MISSIONARY.

During the past year the work of Sabbath-school missions in South Dakota has been a mixture of travels, trials, and triumphs. In spite of many difficulties and obstacles, the work reveals more permanent conditions than in former years. With hundreds of homeseekers pouring in and a harvest exceeding all past records, the financial prosperity has been very marked, bringing a spirit of contentment and hopefulness to our people and giving our work a promise of stability never before enjoyed. Where the missionary has formerly appeared as a mere camp follower in the rear of the retreating army of shifting population, he can now revisit his fields and find the people in more settled communities.

Many fields, wholly destitute of the Gospel, were found, and the welcome received made impressive the need for more work. East of the Missouri River about 91,000, or over three-fourths of the school population, are yet unreached; and west of the river, where now multitudes are settling on government lands, practically no work is being done by any denomination. Thus the call from that region becomes imperative and should not be left out of our plans for the coming year.

SYNOD OF UTAH.

REV. H. W. RANKIN, SYNODICAL MISSIONARY.

We should have at least one Sabbath-school missionary in each Presbytery.

Mormonism casts its blighting influence throughout the bounds of the Synod. Southern Idaho is now largely Mormon, and they are rapidly spreading throughout the entire State.

It is a difficult matter to sustain a Sabbath-school in a community where the people are largely Mormon. They do everything in their power to destroy the school, either by absorption or persecution; and there is little hope for a school's existence unless it can be developed into a preaching station; and this must be the great aim of the Sabbath-school missionary in this Mormon-cursed portion of our beloved land.

We hope the Board may be able to give us three Presbyterial missionaries during the coming year.

SYNOD OF WISCONSIN.

REV. JOSEPH BROWN, SYNODICAL MISSIONARY.

The aims of our work may be clearly and concisely expressed by three words, viz.: Visitation, Evangelization, Organization.

The benefits wrought by visitation are great and far-reaching and form the foundation of the others. During the past year 5,697 families have been visited, and 108,698 pages of tracts distributed; all of these visits have been made to homes sadly in need of the glorious message contained in the Gospel of Jesus Christ.

Along the line of evangelization, there is a vast field open to the Sabbath-school missionary. Eleven hundred addresses have been delivered during the past year to persons who would not otherwise have heard the Gospel.

The fruitage of Sabbath-school work, in the line of organization of churches, is deserving of special mention in this report. This fact is worthy the attention of all our pastors and people, as an eloquent testimony portraying in a most striking manner the wisdom of this method of promoting our Redeemer's Kingdom and the best interests of our beloved Church.

CUBA.

REV. PEDRO RIOSECO, MISSIONARY.

Cuba is still the wide-open field for missionary enterprise that it was five years ago when the Spanish flag, the emblem of intolerance and oppression, was hauled down and the "Stars and Stripes," the emblem of freedom and protection, was unfurled over this fair island.

During the year which is about to close, the advance in our work has been limited only by the resources and men at our command. We have every reason to feel encouraged. Our two missions in Havana give unmistakable signs of progress. In our Sabbath-school at Jesus del Monte we have an enrollment of eighty-five, and in the school at Regla an enrollment of sixty. Besides, there are upwards of thirty adults who attend regularly the services at each of these missions. On Sabbath evening, and on two other evenings of the week, we hold gospel services, which are well attended. It is not, however, in the number of persons who attend our meetings as it is in the loyalty of those who come, in their deeper appreciation of the truth and the gradual but radical change in their lives, that we base our conviction that the Gospel is having its effect. The careless and frivolous have become thoughtful and earnest, and many who came through curiosity now come because they are interested.

At Jesus del Monte there are some twenty persons who have professed their faith in Christ, and an equal number at Regla. They are anxious to join the Church. If those at home could visit this town of Regla, across the bay from Havana, and learn for themselves how completely it is dominated by the superstition and fanaticism of the Romish Church, it would be readily admitted that the day is not yet passed when men and women are willing to suffer reproach for the sake of the lowly Nazarene.

During the year our missionary force has been doubled,—that is,

there are now two of us instead of one. Mr. Hubert G. Smith was commissioned by the Board in July, 1903. He is a young Englishman, a graduate of Mr. Moody's school at Northfield,—an earnest, spiritually-minded Christian, whose simple presentation of Gospel truths makes him very popular with the children and young people. He has been stationed at Nueva Paz, a town of twenty-seven hundred people, forty-five miles from Havana, in the center of a rich agricultural district. He has established three Sabbath-schools, which he personally conducts, and holds gospel services at each of the three points, Nueva Paz, Palos, and Vegas.

Wherever we go the same eager interest is manifested. There are still over a dozen towns in this province within easy reach of Havana, ranging in population from two thousand to six thousand, where the Gospel has not been preached and where it is sorely needed—such as San Jose, Bejucal, San Felipe, Santiago de las Vegas, Marianao, Managua, etc. In each of them a splendid work could be done. As we view the fields ripe for harvest, our one prayer is that the Lord of the harvest may send us more laborers. Our responsibility is measured by the opportunity presented to us. "Opportunity is obligation." The coming year should see our forces doubled and our work greatly increased in Cuba.

APPENDIX

(AS TO THE EDITORIAL DEPARTMENT.)

PERIODICALS

The following is a brief description of the character and purpose of the periodicals published by the Board:

THE LESSON HELPS

The Westminster Teacher is a monthly magazine specially prepared for teachers and officers of Sabbath-schools. It is used also in many adult classes. It contains full and varied expositions of the International Bible Lessons. Prof. John D. Davis, D. D., LL. D., of Princeton Theological Seminary, has written the Critical Notes during the year; the Rev. E. Morris Fergusson, of Trenton, N. J.; Prof. Amos R. Wells, A. M.; Miss Josephine L. Baldwin, and Miss Marion Thomas have also furnished, week by week, departments of the lesson work. The Editor continues to prepare the "Application of the Lesson." This magazine is published in octavo form, each number containing from 48 to 60 pages, with cover. Price, single copy, by mail, per annum, 60 cents; school subscriptions to one address, 50 cents per copy.

The Westminster Senior Quarterly is prepared for older scholars, and is used also in adult classes. Much of the work on this Quarterly is done by Mr. Horace Churchman. Each number contains full lesson work for three months, with Orders of Service, Maps, Bible Dictionary, and other valuable matter. Each number contains 42 pages. Its large circulation attests its great popularity. Though so large and full, the price is so low as to bring this Quarterly within the reach of all. School subscriptions to one address, 12 cents a year; single copies, 20 cents.

The Westminster Intermediate Quarterly is designed for scholars of intermediate grade. It is prepared by the Rev. E. Morris Fergusson, and with the beginning of 1904 it has been greatly improved. It contains full lesson text, with notes, questions, and practical teachings. In it are found, also, Maps, Orders of Service, and Bible Dictionary, the same as in The Senior Quarterly. It is the same in size as the Senior, each number containing 42 pages, and is furnished at the same low rate,—school subscriptions to one address, 12 cents a year; single copies, 20 cents.

The Westminster Home Department Quarterly is prepared for the use of those who, though unable to attend the sessions of the Sabbath school, yet desire to study the lesson, week by week. It has been increased in size so as to provide room for Sabbath Readings, for forms of family prayers, suggestions as to Christian home-making and family worship. This department of Sabbath-school work is continually extending among the churches, and the demand for the Quarterly is increasing. The Home Department Quarterly contains in each number 46 pages and is the same in price as the Senior—12 cents a year for school subscriptions to one address; 20 cents for single copies separately mailed.

The Westminster Junior Quarterly is designed for younger children in the Junior Department. It is prepared by Miss Josephine L. Baldwin. It is attractive in form and in all its instruction. From many primary workers in all parts of the country it receives strong commendation. School subscriptions to one address, 12 cents a year; single copies, 20 cents.

The Westminster Primary Quarterly is for the little folks of the youngest grade. It is prepared by Miss Marion Thomas. It contains explanations of the lessons, with hymns and music, and is beautifully illustrated. It contains 38 pages, and is issued at the same price as the other Quarterlies. School subscriptions to one address, 12 cents a year; single copy, 20 cents each.

The Westminster Normal Quarterly was issued only to cover a two years' course of lessons for use in advanced and normal classes. This course has been completed, and the eight quarterly numbers are still furnished to those desiring them. The lessons were prepared by James A. Worden, D. D. The price is, 40 cents a year for a single subscription; two or more subscriptions to one address, 24 cents each.

The Westminster Beginners' Lessons comprehends the Two Years' International Course for young children of the kindergarten age. The lessons are arranged with reference to the seasons. They can, therefore, be taken up at any time.

The Westminster Beginners' Lessons, issued as a quarterly of eight illustrated numbers, began with September, 1903, but with the completion of the course in August, 1905, it will be issued in permanent form. The lessons by Miss Marion Thomas have met with a hearty welcome, and the success of the course is now fully assured.

Accompanying the Westminster Beginners' Lessons is a series of large picture cards (12 x 15 inches in size), especially prepared for this course. Both the quarterly, and these cards, are solely for the teacher's use in teaching the lesson. For the scholars there are smaller Golden Text Picture Cards to be given out each Sunday.

Running parallel with the Beginners' Lessons is a series of Supplemental Beginners' Lessons, which are to take the place of the formal opening exercises used in the other departments of the school. This Supplemental Course, which covers a period of ten months only, includes a series of lessons for the teacher, published in pamphlet form, elaborating the Supplemental Lessons, and a series of large pictures for use in teaching the Supplemental Lessons (7 x 9 inches in size). For the scholar there are small cards to be distributed the last Sunday of the month, giving the thought for the month, with a Bible verse and the words of a song.

The complete equipment for the Beginners' Department, therefore, is:

For the Teacher-

- 1. The Supplemental Lessons. Price, 25 cents.
- 2. The Westminster Beginners' Lessons in quarterly form. Price, 50 cents a year, 12½ cents a quarter.
- 3. Large Picture Cards for the teacher's use in the development of the lesson in each course. Price, \$3.00 a year, or 75 cents a quarter for the cards used with the regular Westminster Beginners' Course, and \$2.00 for the complete set of 43 cards accompanying the Supplemental Course.

The teacher will also need a copy of "Song Stories for the Sunday-school." Price, 15 cents.

For the Scholar—

- 1. Golden Text Illustrated Cards, one for each scholar, every Sunday. Price, 24 cents a year; 6 cents a quarter.
- 2. Small Cards to be given out the last Sunday of the month. Price, 5 cents for the Course, September to June, inclusive.

The Westminster Lesson Leaf is prepared with special reference to intermediate and younger scholars. It is issued monthly, but is so prepared that, if desired, the leaves can be separated and distributed to scholars weekly. Each leaf contains one lesson complete, with Scripture, Golden Text, Catechism, Notes on the Lesson, Questions, and Practical Teachings. School subscriptions to one address, 5 cents a year; single copies, 10 cents.

The Westminster Junior Lessons is a neat leaf adapted to the little people of the Junior Department. Illustrated. It is issued weekly in the same form and at the same price as The Westminster Lesson Leaf.

The Westminster Lesson Card contains a brightly-colored lithographic picture, illustrating the lesson of the day, with

Lesson Title, Golden Text, Lesson Hymn, Lesson Story, and Questions. It is adapted in grade to younger children and to primary classes. The price for school subscriptions to one address is 10 cents a year. Single sets, 20 cents a year.

The Bible Roll. Lesson pictures, the same as those on the Lesson Cards, but greatly enlarged, prepared as wall roll for Primary Department. Price, \$3.00 per year; 75 cents per quarter.

ILLUSTRATED PAPERS

Forward is known everywhere as our popular young people's paper. Every effort is made to make it a paper of the highest class. It is filled every week with the fittest things for its readers. The best writers for the young in all the country furnish contributions, and from persons of all ages we receive continually the most cordial and appreciative words. The circulation has increased 16,000 in the last year. While intended primarily for older classes in Sabbath-schools, Forward is adapted also for young people in the home and everywhere. It has a Christian Endeavor Department with terse notes on the weekly topics and many articles on the work of Christian Endeavor societies. The low price at which Forward is furnished brings it within the reach of all. In clubs it costs less than one cent a number. Single subscription, per year, 75 cents; subscription for two or more copies addressed to one person, 50 cents a year each.

The Sabbath-School Visitor is the oldest of the periodicals of the Board. It is adapted to a younger class of readers than Forward. It is an illustrated four-page paper, each number containing attractive and interesting matter. It is published weekly. Single subscriptions, per year, 50 cents; school subscriptions to one address, 30 cents.

The Morning Star is issued to meet the demand in some schools for a paper at small cost. It is of the same quality, grade, and style as The Visitor, but it is only half its size. It

is issued every week. Single subscriptions, 25 cents a year; school subscriptions to one address, 15 cents.

Sunbeam is a four-page weekly illustrated paper for very little people. It is attractive not only in its appearance, but also in its contents. No subscriptions are taken for less than one month. Single subscriptions, 30 cents a year. School subscriptions to one address, 20 cents a year for each scholar.

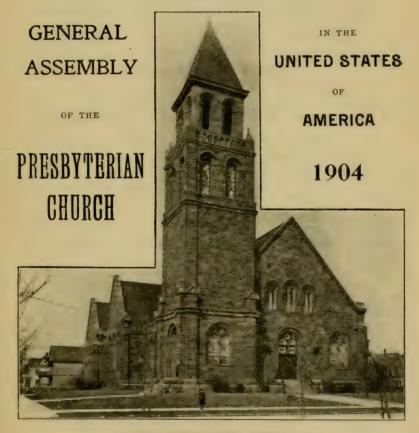

THIRTY-FOURTH ANNUAL REPORT

OF THE

Board of the Church Erection Fund.

To the General Assembly of the

Presbyterian Church in the United States of America:

With gratitude for the blessings of the past year, the Board of the Church Erection Fund presents its thirty-fourth* annual report as follows:

The Board has been deeply bereaved during the year by the loss of two of its most valued members, Ezra P. Hoyt, M.D., and Daniel J. Holden.

The minutes placed upon the records of the Board are reported as a memorial of the services of these beloved elders of our Church:

Upon June 15th, 1903, the following:-

"The Board has heard with deep sorrow the tidings of the death of one of its most esteemed and valued members, Dr.

Ezra P. Hoyt, who departed this life June 9th.

"His fellow-members desire to put upon record their tribute of affection and their appreciation of the faithful services he rendered to the cause of Church Erection during the years of his association with them. Dr. Hoyt became a member of the Board in 1897 and immediately took a deep and intelligent interest in all its various departments. He was punctual in his attendance upon the meetings and his counsel was of the highest value. He was especially conversant with the work of Church Extension in the Adirondack regions of New York State and devoted much time each summer to personal inspection and discriminating assistance in that promising missionary field. He gave largely of his means in fostering the work in that region and establishing houses of worship as in his judgment they were needed. Dr. Hoyt was for a number of years preceding his death a ruling elder in the Central Presbyterian Church of New York City and was also connected with many benevolent institutions of that city. By his associates in these various positions and especially by the members of this Board he will be always remembered as an hon-

ored fellow-worker, a wise and judicious counselor, a true Christian gentleman and a devoted servant of his God and Master."

A month later, upon July 27th, as follows:

"The Board desires to place on record its sense of the loss it has sustained by the death on the 21st of June of Daniel J. Holden, who as an elder of the Brick Presbyterian Church of New York City was elected a member of the Board by the General Assembly of 1895 and who for eight years has served as a member of its Finance Committee.

"A good man, prudent in counsel, kindly in word and deed, who diligently cared for every interest of the Board committed to him, it is right that his memory should be preserved on the records of the Board as it will ever be in the hearts of those who have served with him. His was a personality which called forth feelings of friendship and affection which prompt a heartfelt expression of sympathy with his widow and daughter in their sorrow.

"Resolved, That a copy of the foregoing resolution be engrossed and transmitted to Mrs. Holden by the Secretary."

APPLICATIONS.

It is sometimes alleged that the hold of the Christian faith upon the people of the twentieth century is weakening and that the progress of the Church is faltering. These views find no support in the facts that confront the Boards of our Church. The applications that every month reach this Board from young congregations striving to secure church homes indicate a constant growth of the Church and an advance of its lines equal to that of any past period. These applications in all departments during the year now under review were 285, and the total amount of aid asked either as grants or loans for church buildings and manses reached the sum of \$247,435. In both number and in amount this demand exceeds that of any previous year in the history of the Board, thus emphasizing the constant advance of the Church to which reference has been already made. It is proper, however, to add that in a measure this marked increase is owing partly to the increase in the cost of building and partly it is to be feared in the case of some to the temptation so prevalent in our age and in this country to attempt larger and more ambitious undertakings than the circumstances warrant.

Of the 285 applications thus noted, 168, aggregating \$112,-

742, were to the General Fund either for grants (141, \$88,981), loans without interest (19, \$11,595), or for both grants and loans (8, \$12,166): 28, aggregating \$73,500, were for loans from the Loan Fund: 62, aggregating \$31,893, were to the Manse Fund for loans, and 3, amounting to \$2,100, to the same fund for grants: and 23, aggregating \$25,700 were to the Raynolds Fund for loans for manses, and one \$1,500 to the Barber Fund.

EXPLANATION.

The General Fund represents what was the original work of the Board when it was organized to undertake purely missionary work. To it therefore go all the contributions of the churches and of individuals unless otherwise specially designated; all general legacies; the interest on invested funds excepting so far as they are needed to meet administrative expenses; and all returns from the churches of former appropriations or from the sale of unused edifices.

Owing to the wise requirement by the Assembly of mortgages securing all grants in case of alienation or desertion of church property, the returns from this source and from interest upon permanent investments supplement largely the insufficient contributions of the churches so that for many years not only has every dollar contributed by church and individual offerings gone directly to the churches needing aid, but also a substantial additional sum from the other sources named.

It must be added with regret that the contributions from the churches during these later years have made no advance corresponding to the increase in numbers and wealth of our congregations. Last year as compared with the year before shows a slight decrease (78) in the number of contributing churches, but an increase of \$916.98 in amount.

This failure in adequate response causes constant auxiety and were it not for the invested gifts of those who have now passed away, the resources of the Board would be entirely inadequate to meet such growing demand as has been reported earlier in this report.

The Loan Fund, established in 1891 and endowed principally by the legacy from the Stuart estate, now amounts to \$250,000. It is primarily a fund for investment, the interest to be added annually to the General Fund for the benevolent work of the Board.

By permission of the General Assembly the principal may be loaned to churches which are not proper subjects for grants from the General Fund inasmuch as they are strong enough to erect and pay for adequate edifices, provided a portion of the expense can be distributed over a number of years. Loans usually are not to exceed \$5,000 nor to be made for buildings, costing more than \$10,000. Ordinarily the interest is six per cent. but with a rebate at the final settlement of one-half the aggregate interest provided all the annual installments and interest have been promptly paid. Applications for such loans are more than the Board is able to respond to, as at the present time nearly the entire capital sum is distributed among the churches so that new loans can be made only as returns from

those outstanding come in. Upon the next page is a table giving the position of the fund during the twelve years of its existence.

The increase of requests for loans from the Loan Fund is indicative of the number of churches which have outgrown their original buildings and are providing larger and more attractive edifices for their increasing congregations. In some cases in applying for the loan they arrange to return the smaller sum received as a grant in the days of their feeble infancy.

The Barber Fund consists of moneys annually received since 1895 from the proceeds of a bequest from Mr. Phineas M. Barber, held by the trustees of the General Assembly. By the terms of the will the money is to be used to aid "colored Presbyterian churches outside the field of the Freedmen's Board" in church building. The amount received annually is from \$2,000 to \$3,000.

The applications for aid from this fund have not been as large as might be expected, possibly because its existence is not generally known. There are in most of our larger Northern cities congregations of colored people connected with our Church, many of them meeting only in hired halls. Such should be encouraged to make special efforts to secure with the assistance of the Board, if need be, church-homes of their own.

The Gilchrist Fund consists of \$10,000 derived from a bequest of the late John Gilchrist of Boston, Mass. The interest as it accrues, is to be used to aid in church building within the bounds of the Presbytery of Boston. This year no grants have been made, the accumulated interest not justifying appropriations.

The Buell Fund is derived from a bequest of \$34,000 from the estate of the late Mrs. Electa K. Buell, of New York. It is to be used in connection with the General Fund, the only restriction being that it shall be confined to churches in our "Western States"—and in communities where there is no other Presbyterian church.

The Van Meter Fund consists of \$6,000 from the estate of the Misses Van Meter of New Jersey, the interest upon which is to be used to aid church building within the bounds of the Presbytery of West Jersey. As yet no appropriation has been made from it.

The Manse Fund now amounts to \$87,000 and is loaned without interest in small sums to insure homes for our ministers and their families. If possible every church should have a manse and this is especially true in the case of young congregations in newly settled towns and villages where otherwise it is well nigh impossible to secure a home for the pastor.

This fund is now all distributed among some 250 different churches. Hence the amount that can be appropriated each year is dependent upon the return of installments by the churches in whose hands are the outstanding loans.

The Raynolds Fund is derived from the bequest of the late General William F. Raynolds, of Detroit, and by the terms of his will is to be loaned at a low rate of interest to aid in building manses. It may be loaned to stronger churches and for more expensive buildings than the regular Manse Fund. Ordinarily loans are not to exceed \$2,500 and are to be returned with four per cent. interest in annual installments not exceeding ten.

The Stuart Fund is a small fund consisting of the balance now remaining of a special gift of the late R. L. Stuart which he placed in the hands of the Board to be used at its discretion for pressing cases not within the ordinary rules governing its appropriations.

Thus explaining its different departments, the Board reports the following

APPROPRIATIONS.

1. General Fund (including Buell Fund).—Grants aggregating \$77,206.50 were made to 135 churches and loans to the amount of \$11,466 (to be repaid without interest in annual contributions) were made to 23 churches. Thus the total number of appropriations was 158 to the aggregate amount of \$88,672.50, an advance upon the record of the preceding year of 25 in the number of appropriations and \$1,970.50 in amount. As in seven cases however both a grant and a loan were made the number of churches receiving aid was 151.

Of the above appropriation five to the amount of \$1,850 were made from the Buell Fund and one of \$175 from the Stuart Fund.

2. The Loan Fund.—The loans from this fund were in number 21 and to the amount of \$49,750. This amount is much

less than that reported in the previous year, but as the fund is now practically all loaned out, it fully reaches the average that the returning payments are likely to permit as an annual output.

- 3. The Barber Fund.—From this fund for colored churches only one grant was made. The amount was \$1,500.
- 4. The Manse Fund.—From this fund there were 55 loans, aggregating \$26,625 and three small grants of a total amount of \$650. In all appropriations of \$27,275 to 58 churches. This as compared with the preceding year is one less in number of churches but of \$367.50 more in amount. These figures for successive years, so nearly alike, represent quite accurately the average sum that the fund can furnish annually for this important department of the Board's work. As has been already stated the total fund is now \$87,000. As the periods for repayment are from three to five years, and the fund is all in use it is evident that even if all installments were promptly repaid, the amount available in any one year could not much exceed twenty-five per cent. of the fund, or at most \$22,000 to \$25,000. As a matter of fact at the present time several appropriations, although approved, are awaiting returns before they can be confirmed and the loans advanced. How beneficent the results of this manse department of the Board's work is indicated by the fact that since its establishment nearly 800 churches have been aided in securing means by loans and grants amounting to more than \$325,000.
- 5. The Raynolds Fund.—From this auxiliary manse fund there were 22 loans aggregating \$23,850.

SUMMARY.

In tabulating the final result of the year's work it is to be noticed that the number of appropriations exceeds the number of churches benefited.

In seven cases both grant and loan were made for the same Church building; in the case of four manses, loans from both the General Manse Fund and the Raynolds Fund were voted and in 11 cases aid was given to both church and manse. Also of the 19 "specials," aggregating \$2,522.99, sent through the Board eight were for churches, receiving also aid from the Board. Thus the churches number 30 less than the appropriations. The exact outcome is therefore as follows:

As compared with the previous year there was an advance in the total number of churches aided and in the amounts appropriated from all the funds excepting the Loan Fund. The total number of churches exceeded that of the year before by 16, but owing to the smaller amount from the Loan Fund, the total appropriated was slightly (\$1706.45) less.

Total number churches aided 249

• These appropriations have reached 37 states and territories and 120 presbyteries.

During the year there have been reported as completed without debt 213 churches and manses of an aggregate value estimated at not less than \$667,317. The total receipts in all departments were \$187,104 and the disbursements \$206,018. The alphabetical and synodical tables and the map appended to the report indicate the wide distribution of appropriations throughout the length and breadth of the land.

THE WORK SINCE ITS BEGINNING.

It is profitable each year to review the past and notice how fruitful has been the outcome of the plan to aid in church erection first presented to the Church in 1845. It was the object of the Assembly in organizing the work to systematize and regulate the aid which it had always been necessary the stronger churches should extend to the weaker, and this has been also the ruling idea in all the changes and enlargements in the sphere of the Board. How effective this plan has proved may be seen by a study of the table upon the next page, indicating the results by states. The first two columns give the report for the year just closed and indicate the relative demand; the other two the total outcome from the beginning.

*In comparing the number of appropriations with the number of churches still upon the roll which have been aided, it should be noted, as appears in the columns of payments, that about 5 per cent. do not call for their appropriations, that about the same number have received more than one appropriation, and that others from one cause or another are either dissolved or consolidated, the actual average increase in the number of churches upon the roll of the Assembly being about 65 per cent. of the number reported as organized.

Previous to 1870 the Board of Church Extension (O. S.) did not secure its grants, numbering 1422 and amounting to \$518,780, by mortgages. Since then mortgages have been taken securing all appropriations. Of these about 20 per cent. of grant mortgages have been canceled either by repayments or recoveries, and about 50 per cent. of loan mortgages. The Board now holds approximately 4500 mortgages aggregating \$2,500,000.

As no "Specials" are given, the totals for the year are slightly smaller than those above.

The amounts named indicate appropriations and somewhat exceed the actual payments which are given in the schedule at the foot of the same page. Also, as will be noticed, in no one year are the appropriations the same in number or amount as the payments. Appropriations may not be called for for one or even two years after they are voted and a certain small percentage are never called for at all, the church either finding it can dispense with the promised assistance, or in some instances relinquishing the attempt to build.

It must also be acknowledged that not in every case is permanent life insured.

A certain percentage of the churches organized in our young states and territories after a few years of life more or less promising fail to survive. This by no means indicates that their organization was unwise. The changing character in nationality or religious faith of a town often transforms the aspect of the field; in many cases the village itself languishes and dies, but for a time the church was needed and accomplished a work which fully justified the temporary outlay of our Home Board and the small investment made by the Board of Church Erection.

THE UNIQUE CHARACTER OF THE BOARD'S WORK.

In the report of the Board a year ago, attention was called to the constant broadening of the sphere of the Board and to the very much more complex character of its work than was contemplated when first it was organized to receive the contributions of the churches and distribute them among the proper applicants for aid. It is not necessary to repeat what was then said, but when it is borne in mind that in addition to its original function, now represented by its General Fund, it has no less than three distinct loan funds amounting in the aggregate to \$400,000, the most of which is now distributed in small loans in every part of the land; that it has funds of more than \$150,000 invested for revenue; that it holds trustfunds to the extent of more than \$50,000 upon which annuities are paid; that it maintains insurance policies amounting to nearly \$2,500,000; that it holds mortgages giving it a reversionary interest to the extent of \$2,000,000 upon some 4000

properties; and that it furnishes to such churches as need them architectural plans for building at a nominal price, it may be said without exaggeration, that it combines to some extent in its activity the functions not only of the almoner of contributing churches, but of a trust company, an insurance agency, a conservator of property for the Church at large and an architectural bureau. As a matter of fact a very large proportion of what are sometimes designated as administrative expenses, is due to the Board's responsibility in these conservative directions.

CHURCH DEBTS.

The character of certain applications which not infrequently reach the Board impel it to venture a few words in regard to church debts.

There is some reason to fear that the abounding prosperity of our country, the display of opulence manifested in costly buildings and the familiarity of our people with the prodigal expenditures of great wealth have their effect in suggesting to churches proposing to build, an outlay in excess of the resources which they can command. As a matter of fact not only are the average amounts called for in these late years much larger than formerly, but there are also frequent urgent appeals for large sums to pay debts incurred without any consultation with the Board. The impression of want of economical forethought is deepened by the fact that the Board is often consulted by the recipients of private appeals either to sister churches or to individuals.

The Board in view of these facts is persuaded that in too many instances congregations or more probably their officers or building committees in planning a church edifice instead of asking as any man in his private business would; first, How much money have we to spend; and then. What can be secured for this amount, determine first how large or expensive a building it seems desirable to have, and then go forward and contract for its erection, leaving the question of their resources to be determined later. The result in nine cases out of ten is a heavy debt, and often one that it is practically impossible for the church either to pay or to carry. When this situation is realized then follow, almost inevitably, appeals for help, spread far and wide and addressed through the pub-

lic prints and private circulars to sister churches. These, it is true, are seldom effective, for too many of those to whom they come are themselves in the same condemnation.

The Board to whom appeals frequently come for large gifts to meet such emergencies would gladly aid but it has not the ability even if without transcending the rules of the Assembly it could respond to such applications.

The Board would respectfully suggest that the Assembly advise churches which are expecting to ask aid through the Board of Church Erection to acquaint themselves by correspondence or otherwise with the conditions attached to such aid before they finally commit themselves to an expense which without assistance beyond the measure permitted will burden them with oppressive debt.

THE OUTLOOK.

The constantly growing demands upon the Board have a two-fold significance. As was suggested in the opening sentence of this report, they emphasize most encouragingly the fact that our Church is advancing and as its progress is typical of a similar forward movement among all branches of the one visible Church of Christ, of which it is a part, this growth is a sufficient answer to those who sometimes assert that Christian faith upon the earth is waning. There are doubtless in different eyes, diverse ways in which the power and the advance of the Master's Kingdom are manifested, but there is no surer gauge of steady even if quiet progress than the number of new churches organized and of houses dedicated to the worship of God.

In the increased demand upon our Board as thus significant we may well rejoice; but the question instantly presses, How is that demand to be met?

The reply is: Only by increased contributions from the churches. The resources of the Board from the invested benevolence of our predecessors have been drawn upon to the utmost. Legacies are a very uncertain dependence. The only constant and living source of supply is the income received from church offerings and from the personal gifts of individual men and women who know the value of this work in the establishment of the Kingdom of the Master.

The Board asks the General Assembly to remind the

churches that their contributions have for ten years made no substantial advance and unless their interest in this branch of the Church's missionary work becomes speedily more vital and fruitful, there is danger that the onward march of the Church will halt and congregations already gathered upon the advanced line be disintegrated and lost for want of church homes in which to be housed and maintained.

ELECTION OF MEMBERS OF THE BOARD.

It only remains to add that the term of the following members of the Board expires at the present time:

MINISTERS.

ELDERS.

Rev. Samuel M. Hamilton, D.D., Frederick G. Burnham,

REV. WILLIAM A. HOLLIDAY, D.D., E. FRANCIS HYDE,

REV. DUNCAN J. McMillan, D.D., John Sinclair.

It will devolve upon this Assembly to fill these vacancies as also the vacancy in the same class occasioned by the death of Elder Daniel J. Holden and a vacancy in the class of 1905 through the death of Elder Ezra P. Hoyt.

All of which is respectfully submitted,

DAVID MAGIE,

ERSKINE N. WHITE, Corresponding Secretary.

President.

Report of the Standing Committee upon Church Erection.

Your committee met for organization Friday, May 20th, at 5.30 P. M. At that time and during subsequent meetings the work of the Board of Church Erection has had careful consideration. We have examined the records and the annual report and find them worthy of approval.

The Board is to be congratulated on reaching its sixtieth birth-day, with a past vigorous and fruitful, and with a future that, by the grace of God, we believe will prove even more useful to the development of our beloved Church. In these threescore years, over four millions and four hundred thousand dollars have passed through the treasury into some seven thousand and two hundred Presbyterian churches. This is a noble record with a spiritual significance that passes out into the eternities. For while we can count the dollars and enumerate the churches helped, yet the real value of this work, as an integral factor in Presbyterian Christianity and in the ultimate evangelization of our country, cannot be adequately computed. With God alone is there the possibility of measuring forces such as these with which we are dealing.

The work of this Board is quiet and prosaic. It stands related to the material and business side of church life. But it is none the less important and necessary. The mere presence of a church edifice is a call to worship and adds dignity to any community. From Porto Rico in the extreme southeast to Alaska in the extreme northwest stand church and manse to testify to our Presbyterian faith.

During the single year just closed the benefactions of the Board were scattered through thirty-seven States and Territories. Numerous and various races and tribes occupy the buildings in which it has an interest. Great would be the babel of tongues if representatives of these various nationalities should all appear and speak at once, before this Assembly. We should hear as many distinct tongues as those that received the glory of Pentecost.

The work of this Board lies at the foundation of Christian work and progress. It is necessary to the full success of both the Home Board and the Board for Freedmen. It has indeed a peculiar Home Missionary value. Of the \$191,000 expended this past year, \$125,000, or about two-thirds, was devoted to our interests in the territory west of the Mississippi River. Wrought into the life of the great and fateful West, the gifts of the Board of Church Erection are playing no mean part in moulding the spiritual destiny of our country.

The Manse Fund is of great practical importance in Home Missionary fields. The question of where to live in new and growing towns confronts the home missionary. Rents are often excessive, if indeed a suitable home can be had at any price. A manse makes easier the settlement of a pastor and also encourages permanence in the pastoral relation.

It is hoped that the Board may in the near future be able to add substantially to this Fund.

The work of this Board acts as a spur to Christian giving. For every dollar contributed by the Board from three to six dollars are collected on the field. Nor is it at all true that the money would be collected on the field without the donation. In the majority of cases the inciting cause of church building is the expected help from this source. In many cases, the church at first feels unable to build at all, but the lure of \$500 from the Board of Church Erection leads it on to contributions that in the end triple and often quadruple the donation. Thus anywhere from twenty to twenty-five millions of dollars have been collected on the field through the stimulus of this Board.

These sixty years of church building may truly excite our imagination. We can but think of the hundreds and even thousands of communities made glad by the erection of a new church. What hopes, what Christian rejoicing, what tears of both joy and sorrow have hallowed these many structures! Nor has it been alone in small communities, the little village in some fruitful valley, or the smart Western town on some hillside, but the beginnings of nearly every strong church in every large city of the West are to be found in the gifts received from this Board. This work is indeed of immeasurable value to the advance of our beloved Church and to the Christianization of our great Republic.

There are, however, shadows upon the picture. There has

been scarcely any advance in the contributions of our churches for ten years past. Last year seventy-eight churches less than the previous year gave to this cause. It is the endowments of good people who are dead and gone that make the present work of the Board possible. We are thus living on the religion of the past,—a blessed heritage it is true,—but the present and living Church has its duty and privilege in this connection.

Never before were there so many applications to the Board for help. The growth of our Church is evident in the manifestation of its needs, but while the need of new churches constantly enlarges, there is as yet no increase in the income of the Board. So pressing are the claims from newly opened fields that your committee recommends a slight modification of one of the time honored rules of the Board. The great West and especially the far West is throbbing with life. Populations are increasing, new communities are springing up. It is a great advantage to be the first in the field with a new church building.

The committee has heard with sympathy and regret the fact that the mortgages of the Board are being taxed in California. At this stage of the discussion it is impossible to say what relief could or should be given. It is hoped that in the courts of California itself proper legal remedy may be found. The Board is requested to do what it can to find some solution of the problem.

The following recommendations are submitted to the Assembly for its action.

First: That the Assembly hereby expresses its sorrow and sense of loss over the death of two faithful members of this Board—Ezra P. Hoyt, M.D., and Daniel J. Holden. Both of these valued members of the Board of Church Erection rendered valiant services to its cause.

Second: That the minutes of the Board be approved with grateful recognition on the part of the Assembly of the services of the officers and members of the Board.

Third: That the Board is hereby authorized to apply to the Legislature of the State of New York for such addition to its charter as shall distinctly recognize the Board as a religious corporation under the laws of the State of New York and also for such additional powers as the Board may deem necessary for the purpose of taking and holding by will or conveyance property to be used in the erection of any church building or manse.

Fourth: That the Board be permitted in newly opened fields

and in exceptional cases, upon distinctively missionary ground, to grant or loan at its discretion, and for the erection of inexpensive buildings, a sum not exceeding three-fourths of the cost of the building, provided the plan and cost of the proposed building be submitted to the Presbytery and approved by a two-thirds vote before the work is commenced.

Fifth: That the following members of the Board: Rev. Samuel M. Hamilton, D.D., Rev. Wm. A. Holliday, D.D., Rev. Duncan J. McMillan, D.D., and Elders Frederick G. Burnham, E. Francis Hyde and John Sinclair, whose terms of office expire at this time, be re-elected, and that Everett J. Esselstyn, of the Central Church, New York, be elected to fill the vacancy caused by the death of Ezra P. Hoyt, and Edward C. Van Glahn, of the Brick Church, New York, to fill the vacancy caused by the death of Daniel J. Holden.

All of which is respectfully submitted,

FRANK S. BRUSH,
Chairman

INTERIOR OF LAFAYETTE AVENUE CHURCH.

Upon our title-page we present the picture of the beautiful church in which the Assembly meets, and above is a representation of the interior. These it is hoped may be valued as mementoes of the One Hundred and Sixteenth Assembly. For the convenience of commissioners we are able, through the kind cooperation of the Rev. William Y. Chapman, D. D., pastor, to give upon the next two pages the ground plan of the auditorium, and the arrangement of the social rooms, with an indication of their proposed uses during the Assembly, including a diagram of all the committee rooms. A glance at this plan will relieve commissioners of the need of many inquiries.

Lafayette Avenue Church was organized in 1845 and erected its first building on Lafayette Street in the heart of what is now the business section of the city. Its first pastor, under whom it enjoyed a most prosperous career, was the distinguished Dr. Grosvenor W. Heacock. He remained pastor for thirty-two years, until his death, May 6, 1877. 'His successors have been Rev. Henry M. Parsons, 1878-1879; Rev. Rufus S. Green, D. D., 1882-1890; Rev. William B. Wright, D. D., 1891-1900, and the present pastor, Dr. Chapman, since 1901.

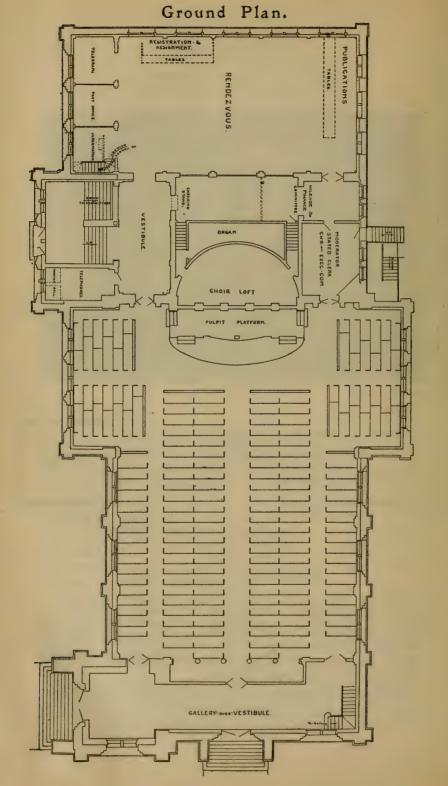

COMMITTEE ROOMS IN BASEMENT.

ARRANGEMENT OF SOCIAL ROOMS.

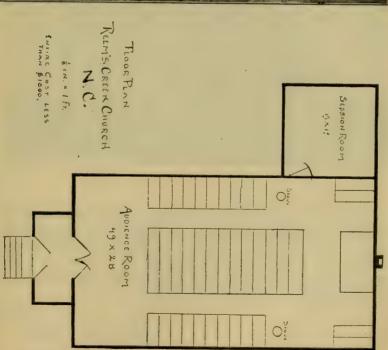

In 1896, the present edifice having been completed, the church removed from its early location and occupied its new home. As the city authorities re-named the Avenue, Lafayette, there was happily no change in the historic name of the church, excepting the substitution of Avenue for Street.

The auditorium, which will seat 1200, needs no further description, even for those who are not present at the Assembly, beyond what is indicated in the accompanying illustrations.

Church at Vesper, Kansas. This is a peculiarly neat and conveniently arranged building—the two rooms opening into each other so that all can be used together. The floor of the Sunday-school room is raised 18 inches above the floor of the main room. The cost was about \$2,500. For ground plan see next page.

We republish this very attractive plan prepared by Mr. John B. Hutchings, architect, of Louisville, Ky., both because it has proved very acceptable and because Mr. Hutchings has prepared three other designs for floor plans and internal arrangements, any one of which can be used in connection with practically the same design for the exterior, minor changes being made to adapt it to arrangement chosen. We give the four diverse plans upon the next pages. The cost will vary from \$2,500 to \$3,500, according to the plan selected and the material used. Seating capacity is given upon each plan.

This is a substantial frame building, erected in Los Angeles, Cal., at an expense of about \$3,500. The main audience room is 45x45, seating about 350, and the lecture room 30x30. The entire capacity of the building, when all the rooms are thrown together, would be about 500. The architect is Mr. H. F. Starbuck.

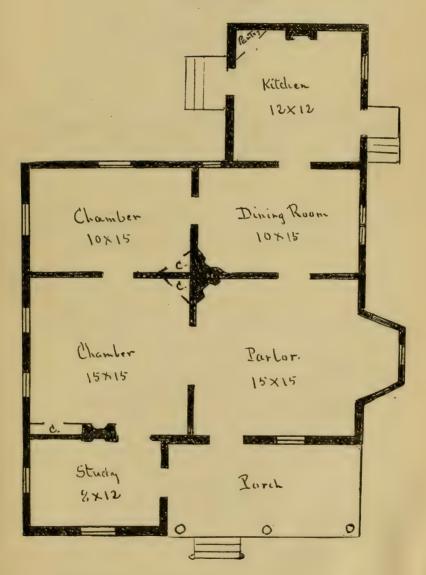

Manse No. 30.

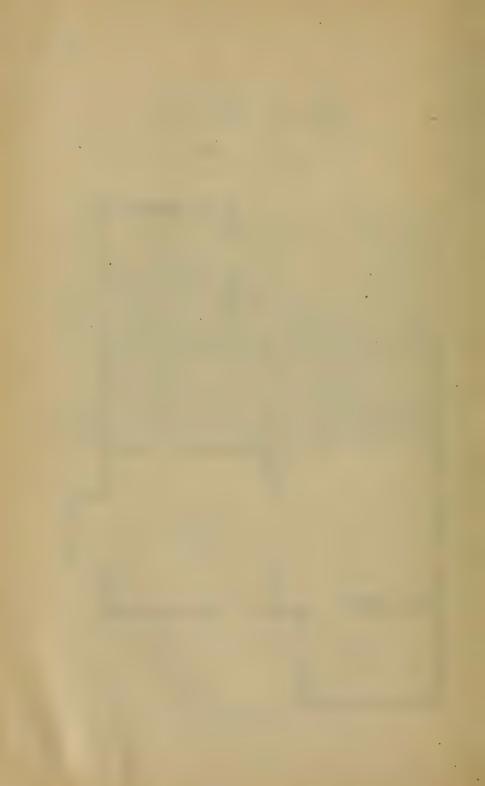

This represents a manse lately built at Cuba, Mo., which illustrates how much can be secured for a comparatively small outlay. It is a pretty and comfortable house. In addition to the bedrooms, shown in the ground plan upon the next page, there is another 15 feet square upstairs. The pastor, the Rev. Theo. T. Hays, writes: "Every minister who has been out from St. Louis thinks it is the best arranged plan for a small manse he has seen." The stairway to the upper rooms goes up from the back chamber, but would be perhaps better from the dining-room, and can be open or boxed in as may be preferred. The total cost did not exceed \$800 in addition to the lot. For floor plan see next page.

ACTION OF THE GENERAL ASSEMBLY.

AT BUFFALO, N. Y., MAY, 1904.

The Standing Committee on Ministerial Relief in the last General Assembly submitted the following report through its Chairman, Rev. Chas. R. Erdman, which was unanimously adopted:

The Standing Committee on Ministerial Relief respect-

fully submits the following report:

The printed report of the Board and its manuscript volume of Minutes, for the year ending April 1st, 1904, were presented to your Committee, examined, and ap-

proved.

The report is careful to define the aim of the Board as being the relief, not of the needy, but of needy ministers, and of dependent widows and orphans of ministers: "The basis of the work is not need, but service to the Church." On the other hand, the scope of the work is limited by the need of those who have served.

The Board is able to give no pension for the longest service, but aims to relieve those who, having served, are

in want.

The necessity for the Board is shown to be in no fault of improvidence on the part of ministers but in the meagerness of salaries which in so many cases have made provision for the future impossible for these servants of the Church.

The embarrassment of the Board is evident from the fact that while the number of applicants for aid and of actual beneficiaries has steadily increased, the income of the Board, during the past year, has decreased. In comparison with the preceding year there has been a falling off along every line of revenue. Less has been contributed by the churches, less has been subscribed by individuals, less has been received in legacies.

The entire amount received by the Board in the year 1902-1903 was \$232,315. In the year 1903-1904 it was

\$197,008, a shortage of \$35,307, or fully 15 per cent.

It is sometimes strangely supposed that the Board of Ministerial Relief has no particular need of contributions. It has even been said, most surprisingly, that "the Board is rich," because of its endowment fund. The report indicates that the income from endowments amounts to no more than one-third of the annual expenditure upon beneficiaries.

The Board is therefore absolutely dependent upon the churches represented here; and we are thus reminded that such a reported decrease in our offerings as is this year reported means a possible denial of food and clothing and shelter to certain worthy and faithful but helpless servants of the Church.

The Appeal of the Board is therefore peculiarly personal and urgent and pathetic. It is made eloquent, not by sounding rhetoric, but by the tears and sighs and prayers of widows and orphans, of the aged and helpless and forlorn. It comes not so much to the 3,000 churches which have not contributed, as to the 4,000 churches the gifts of which are represented in the report of the Board; for only the latter are found to be self-supporting and able to give. The call is, therefore, to the larger churches and to the stronger Synods to seriously undertake and to immediately secure that more generous support of this sacred work which is demanded by our enlightened sympathy, by the honor of our Church, by our loyalty to Christ.

The administration of the Board is heartily commended for its economy, justice, and efficiency; and we gratefully recognize the untiring and devoted services of the Secretary and Treasurer of the Board, and also the generosity and fidelity shown by the Directors in the administration of their

important trust.

Your Committee begs leave to make the following recommendations:

1. We recommend the approval of the Minutes, which

we find neatly and accurately kept.

2. The term of the following Directors expires at this meeting of the Assembly, viz.: The Rev. Marcus A. Brownson, D. D., the Rev. W. W. McKinney, D. D., A. Charles Barclay, Esq., H. S. P. Nichols, Esq. It is recommended that they be *rc-clected*. The place of the Rev. John H. Munro, D. D., has been temporarily filled by the Rev. Philip H. Mowry, D. D., of the Class of 1896. It is recommended that he be elected to fill the unexpired term.

3. It is recommended (a) that Rule 7 be amended by

the addition of the words, "and his need, as determined by his income and circumstances," so that the sentence will read:

"When such a minister shall certify to the Presbytery the fact and amount of his need, not exceeding \$300.00 per annum, it shall be the duty of the Stated Clerk to forward the application to the Board, with his indorsement thereon as to the years of service such minister has rendered, his field or fields of labor; with the term of service in each, and his need, as determined by his income and circumstances, and also to certify that the same has been reported to the Presbytery and is recorded upon its minutes."

(b) That a rule be added as follows:

"10. Ministers from other denominations, coming into our Church, or their widows or orphans, shall not be placed upon the roll of this Board as beneficiaries unless said ministers shall have rendered active service in this Church for at least five years."

(c) That the "Rules and Forms of Application of the Board as printed in the Annual Report, together with these Amendments, be adopted.

4. It is recommended that Presbyteries exercise all possible care in examining applications and in recommend-

ing appropriations for relief.

5. It is recommended that every Presbytery be hereby directed to adopt some practical plan for increasing the present contributions of its churches to the *Board of Ministerial Relief*.

Respectfully submitted,

CHAS. R. ERDMAN, Chairman.

Attest:

WM. H. ROBERTS,
Stated Clark.

A Supplemental Report was pre-

A Supplemental Report was presented by the Standing Committee, which was also unanimously adopted, and is as follows:

The Committee on Ministerial Relief desires to submit

the following Supplemental Report:

I. Upon Overture No. 27, from the Presbytery of Detroit, suggesting a plan of *Insurance for Ministers*, your Committee recommend that the paper be referred to the Special Committee on Sustentation.

II. Upon Overtures Nos. 25 and 26, from the Synods of California and Indian Territory, requesting (1) "That

the name of the Board of Ministerial Relief be changed and be known as the Pension Bureau of the Presbyterian Church," and (2) Upon Overtures Nos. 25, 26, and 70, from the Synods of California, Indian Territory, and Pennsylvania, "That the General Assembly place an assessment on the churches pro rata, according to membership, sufficient to meet properly the needs of the Board. Your Committee would recommend (1) That, upon the change of name, no action be taken, as a similar suggestion had been answered in the negative by a recent Assembly.

(2) That, in the matter of provision to meet the needs of the Board, an answer be given in the affirmative, and that an immediate apportionment be made among the churches sufficient to meet the needs of the Board, said apportionment to be determined by the Committee on Sustentation.

Respectfully submitted,

CHAS. R. ERDMAN, Chairman.

ANNUAL REPORT

TO THE

GENERAL ASSEMBLY

OF

MAY, 1904.

THE PRESBYTERIAN BOARD OF RELIEF FOR DISABLED MINISTERS AND THE WIDOWS AND ORPHANS OF DECEASED MINISTERS, respectfully presents to THE GENERAL ASSEMBLY its Annual Report for the year from April 1st, 1903, to April 1st, 1904—being

THE FIFTY-FIFTH YEAR

since the organization of Relief Work by the General Assembly of 1849;

THE FORTY-NINTH ANNUAL REPORT,

the first Annual Report having been made to the General Assembly in 1856 by the Trustees of the Assembly, and

THE TWENTY-EIGHTH YEAR

of the work of the organized Board.

The Book of Minutes containing the proceedings of the Board for the year 1903-1904 is also herewith presented.

ROLL.

We have had upon our roll for the year ending March 31st, 1904, 925 names: 388 ministers, 482 widows, 33 orphan families, 1 medical missionary, and 1 widow of a medical missionary; 7 women missionaries, and 13 guests in The Merriam Home at Newton, N. J. In the year 1889 the Rule was adopted allowing ministers who are 70 years of age and who have been 30 years in active service in the ministry of our Church to be placed on the Honorably Retired Roll of the Board to be granted, without being annually renewed, an annuity of \$300, when they certify that

they need that amount. Since then 323 ministers have availed themselves of this privilege. 17 names have been added to this roll during the past year; 15 ministers whose names were on this Roll have died during the year. During the past year we have had 164 Honorably Retired ministers on the Roll, and their average age has been 78.4 years, and their average active service has been 44 years. 40 of these men were over 80 years of age, and 11 of them were over 90. The amount paid to Honorably Retired ministers the past year was \$47,720.

During the past year we have added 92 new names to the roll of Annuitants: 48 ministers, 39 widows, 3 women missionaries. 58 of those who were on the roll have died during the year: 35 ministers, 19 widows, 2 orphans, and 1 medical missionary. One of those who died during the year was a guest at The Merriam Home, Newton, N. J.

AVERAGES.

The average amount paid widows last year was \$150. Excluding the cost of the guests at The Merriam Home and the annuitants on the Honorably Retired roll, the average cash payment last year was \$166.

The average cost of all in the Home, and all upon the cash roll, except those on the Honorably Retired roll, was

\$169.

The average paid all on the cash pay roll, excluding

those at the Home, was \$188.

The average cost of all upon the roll of the Board was

\$191

The average paid those on the Honorably Retired roll was \$291. These ministers did not all ask for the full amount they are entitled to receive.

COMPARATIVE RECEIPTS FOR THE YEARS

1902-1903, and 1903-1904,

Not Including Receipts for the Permanent Fund.

We have received during the past year collections from 4.341 churches. 3,292 churches have failed to send any

contributions to this hallowed cause during the year. The non-contributing churches are nearly all what we call non-

self-sustaining churches.

Besides the cash contributions to the Board, from churches and individuals, the Ladies' Aid Societies of our Church have sent to families on our roll, gifts of money and boxes of clothing and groceries amounting to the value of \$5,734.21.

COST OF ADMINISTRATION.

The Directors of the Board have conscientiously endeavored to administer the trust committed to their hands in an efficient manner, and as economically as possible. We have many perplexing questions continually arising in connection with the settlement of estates, the investment of the money of our Endowment Fund, the collection of interest, the foreclosure of mortgages, etc., but these questions are always settled with the least possible expense to the Board, and it is gratifying to be able to report that the cost of administration during the past year has been but 49 per cent. of the receipts of the treasury.

PERCENTAGE OF CONTRIBUTIONS.

It is impossible for the Board to grant as large appropriations to all the families represented upon the roll of annuitants as the presbyteries ask and seem to expect, unless the churches very largely increase the amounts of their contributions to this most blessed cause.

The Church is not doing the full measure of her duty to her disabled ministers, and this can be plainly seen in the small average contribution per communicant as shown in the table herewith presented, giving the average contributions for two years: the year ending March 31st, 1902, and the year ending March 31st, 1903.

THE HOMES.

By the authority of the General Assembly the Board closed The Westminster House, at Perth Amboy, N. J., on the 16th of September, 1903, and transferred the guests from Perth Amboy to The Merriam Home, at Newton, N. J.

An agreement has been made that when The Westminster House shall have been sold, the Board is to receive a handsome sum from the heirs of Dr. A. M. Bruen, who gave the property to the Board, which sum is to be added to our Permanent Fund and to be known as "The Bruen

Memorial Fund," the interest of which is to be used for the work of the Board.

Had we continued to occupy The Westminster House, at Perth Amboy, the Board would have been compelled to spend several thousand dollars upon the property, and the members of the Board were unanimous in the opinion that it was far better to spend that money in building an addition to The Merriam Home. Accordingly, an addition has been built to the house at Newton, making it a very complete and comfortable Home.

This Home is located in the lovely county seat of Sussex County, in the extreme northern part of the State of New Jersey, which the State Board of Health has pro-

nounced the most healthful region in the State.

We have four acres of ground in a high state of cultivation, a portion of which is covered with a charming variety of the most delightful shade trees, and the rest of the ground is utilized as a garden where vegetables and fruits are raised for the use of the Home.

The house is well heated by a new steam plant and it has been warm and comfortable during all the past long cold winter; and it is well supplied with pure spring water

from the nearby mountains.

We have a Matron who is popular with all the guests and who does everything in her power to make all the

members of the family feel at home.

The Fifth Article of the will of Mr. H. W. Merriam in relation to an endowment of The Merriam Home and the oversight and care of the same, reads as follows:

"5. To pay to the Presbyterian Board of Relief for Disabled Ministers and the Widows and Orphans of Deceased Ministers the sum of Thirty Thousand Dollars, in trust, to keep the same securely invested and to apply the income thereof for the maintenance in good condition of the buildings and real estate hereinbefore devised to said Board, and if any surplus shall remain, to apply the said surplus to the expenses of the said Home, or the other objects of said Board, and I urgently request and recommend, but do not enjoin, that the said Board in maintaining the said buildings and real estate in good condition, shall entrust the actual oversight and care of the same to a committee to be appointed by the Presbytery of Newton, in the Synod of New Jersey, of which Committee the Pastor of the First Presbyterian Church of Newton shall be Chairman. I make this recommendation for the reason that I believe it will be more convenient for the said Board of Relief to entrust this work to the said Committee."

At the request of the Board of Relief, the Presbytery of Newton has appointed such a committee as Mr. Merriam

had in mind to take the oversight and care of the buildings and real estate of The Merriam Home, under the title of "The Presbyterial Committee of The Merriam Home." This Committee consists of the following gentlemen: Rev. C. W. Rouse, ex officio, Chairman; Rev. E. A. Hamilton, Rev. J. C. Chapman, Rev. E. A. McLaury.

Ruling Elders: M. N. Armstrong, M. D., Treasurer;

Hon. Henry C. Hunt, Secretary; Mr. J. D. Flock.

This Presbyterial Committee have most generously agreed to take the general charge of The Merriam Home as a Board of Managers, and they have appointed an Executive Committee, which is charged by the Presbyterial Committee with the special oversight and management of the Home during the intervals of the meeting of the general Committee.

The following persons constitute the Executive Com-

mittee:

Rev. C. W. Rouse, Chairman; Hon. Henry C. Hunt,

Secretary; M. N. Armstrong, M. D., Treasurer.

We believe that this arrangement of having a local Committee to exercise a watch and care over the Home will secure to the Church the most efficient and economical management of the Home and will prove most satisfactory to all concerned.

The Board is greatly gratified with the transfer of the guests from Perth Amboy to our new and delightful Home at Newton. With the endowment of \$30,000 left by Mr. Merriam and with the money to be received from the heirs of Dr. Bruen, we feel that this Home can be maintained and that we will be able to give the guests all the advantages of a well-sustained Home without the Board being compelled to spend several thousand dollars every year on a large, old property, as we were compelled to do at Perth Amboy in excess of what would have been paid the guests had they been paid money appropriations instead of giving them a residence at The Westminster House.

We are greatly indebted to the heirs of Dr. Bruen for the generous sum they have agreed to pay to the Board of Relief to establish "The Bruen Memorial Fund." The interest of this Fund will be spent in assisting to maintain The Merriam Home as long as necessary, but "The Bruen Memorial Fund" is forever to remain in the Permanent Endowment Fund of the Board, the interest only of which is to be used for the sacred work of Ministerial Relief.

Persons wishing to be admitted to The Merriam Home can make application for a free residence there through the

Chairman of the Standing Committee on Ministerial Relief of the proper Presbytery. Blank forms of application will be furnished to any applicant by the Chairman.

SALARIES PAID OUR MINISTERS IN 1873.

In the years 1872 and 1873 the General Assembly's Statistics give us the salaries paid our ministers and we have gone over the report for 1873, when the salaries were greater than in 1872, and have prepared the table which we herewith present in order that the members of our Church may see the small salaries paid thirty years ago to many of our ministers.

We do not know how perfect the reports on salaries paid in 1873 really were, but we compile the table given from the reports of salaries paid as given in the Minutes of the General Assembly of 1873.

The Table of Ministers' Salaries herewith presented

shows the exceedingly small amounts paid by a large number of our smaller churches for pastoral services thirty-one years ago, and it is largely because of these small salaries then paid that so many of our aged ministers and the families of deceased ministers are dependent upon the Church at large for the means of their support.

Study this table carefully and learn the facts to be gathered from it, and you will probably be greatly sur-

prised.

We find that our ministers received the following salaries:

22	received	from	\$6,000 t	000,11,000
	received		5,000 t	0 5,500
41	received	from	4,000 t	0 4,500
	received		3,000 t	0 3,500
	received		2,000 t	
	received		1,000 t	0 1,500
	received		550 t	0 950
	received		400 t	0 500
923	received	less than		400

Whilst the average salary of ministers in our Church in 1873 was \$977, 1894 of these received less than \$600; 1306 of these received an average of only \$253.

There are probably, to-day, less than one hundred of our regularly employed ministers who receive less than \$500, but the cost of living is much higher in most places than it was twenty-five or thirty years ago, so that even now it seems impossible for a large number of our pastors to provide an adequate support for their old age when forced to relinquish the activities of the pastoral life.

In view of all these facts and the many calls upon them for money, our ministers should not be judged harshly for

not providing for their old days of inactivity.

ACTION DESIRED.

The General Assembly says: "This Board works under strictly defined limitations. It is not a general eleemosynary institution. It cannot care for all the poor in the Church, or even in the ministry. Its basis of work is not need, but service to the Church." There seems to be no reason for changing this basis of work, but sometimes Presbyteries are perplexed with applications from ministers, and from widows of ministers, who have come into our denomination late in life, who have rendered our Church very little active service. They do not know what to recommend in such cases, and

it would be a help if the General Assembly could give the Presbyteries and the Board some definite instructions in relation to these matters.

These perplexities have led to an examination of the facts in the case, and we find 120 names upon our roll—68 ministers and 52 widows of ministers—who have come into our Church from other denominations.

Many of these have rendered our Church a good, long, faithful service, but a few of them have rendered a very brief service. It is solely in regard to this latter class that action is desired.

Forty-four ministers are now upon the roll of the Board who have been received from other denominations into our Church after they were 50 years of age:

Thirteen of these ministers were received into our Church after they were 60 years of age. Twelve of these were received into our Church between 65 and 70 years of age.

We have on our roll 52 widows of ministers who have come from other denominations, and the following table shows the number of years these ministers served our Church before they came on the roll of the Board:

Some of these widows have been receiving aid a number of years, whose husbands have rendered our Church a very brief service.

Some of our Presbyteries wish the following questions answered:

t. As our Medical Missionaries and Women Missionaries of the Home and Foreign Fields are required to be in active service in our Church for five years before they are entitled to receive aid from the Board of Relief, are ministers and widows of those ministers received into the Presbyterian Church from other denominations late in life, and who have not rendered our Church five years' active service, to be

granted any aid by the Board of Relief? If so, are they to be granted as large appropriations as are given to ministers and widows of those ministers who have been long in active service in our Church?

- 2. Is the Board to aid a minister who has been only a few years in active service in the ministry of our Church? If so, for how long a time?
- 3. Is the Board to give aid to the widow of a minister that was only a very few years in active service in our Church? If so, how long?
- 4. A question concerning the authority of Presbytery in relation to Honorably Retired ministers, some of the Presbyteries would like to have answered. The Rule of 1880 reads as follows: "Every Honorably Retired minister over seventy years of age, who is in need, and who served our Church as a Missionary of the Home or Foreign Board, or of the Board for Freedmen, or as a Pastor, or Stated Supply, for a period in the aggregate not less than thirty years, shall be entitled by such service to draw from the Board of Ministerial Relief an annual sum for his support, without the necessity of being annually recommended therefor by the Presbytery. When such a minister shall certify to the Presbytery the fact and amount of his need, not exceeding \$300 per annum, it shall be the duty of the Stated Clerk to forward the application to the Board, with his endorsement thereon as to the years of service such minister has rendered, his field or fields of labor, with the term of service in each, and also to certify that the same has been reported to the Presbytery and is recorded upon its minutes. It shall then be the duty of the Board to pay such annual amount so long as the applicant shall live, unless otherwise directed by the Presbytery or the applicant himself, in view of a change in his circumstances that may make the appropriation in whole or in part no longer necessary."

Occasionally our Honorably Retired ministers, by reason of the infirmities of age, are unable to certify, as required by the foregoing rule, as to the amount of their need, or they may think they need more than they really do in addition to the income they have from other sources than the Board of Relief, and under the Rule of 1889 no authority is given to a Presbytery to ask a minister the amount of his income when he asks to be placed on the Honorably Retired Roll of the Board, although the Rule gives the Presbytery the authority to direct the Board to discontinue the annuity of an Honorably Retired minister, in whole or in part, "in view

of a change in his circumstances," and some of the Presby-

teries would like the following question answered:

Has a Presbytery the right to inquire of a minister when he wishes to be placed on the Honorably Retired Roll of the Board, or at any time after he has been placed upon this roll, the amount of his income?

RULES OF THE BOARD.

APPROPRIATIONS.

- I. Only members of Presbyteries in connection with the General Assembly of our Church and the families of those who were at their death in such connection, and lay missionaries and their families, are entitled to aid; and no adults shall be entitled to aid who are not members of the Presbyterian Church in the United States of America in good and regular standing, or who do not acknowledge the jurisdiction of said Church, nor submit to its discipline, unless such extraordinary circumstances should exist as to make it, in the judgment of the Board, wise and right to admit their claim.
- 2. The General Assembly of 1889 says: "This Board works under strictly defined limitations. It is not a general eleemosynary institution. It cannot care for all the poor in the Church, or even in the ministry. Its basis of work is not need, but service to the Church." The General Assembly of 1890 directed that no appropriations can be made to ministers in ordinary cases, simply because they are poor, unless they are disabled by disease or the infirmities of age, so as to be unable to sustain themselves by some suitable employment. (Minutes of General Assembly, 1870, p. 21, and 1889, p. 32.)
- 3. The General Assembly of 1880 directed "That, in the case of a minister who, voluntarily and in health, leaves the work of the ministry for some secular employment, and follows that for a series of years, and then, by failure of business, has come to want, such a course should ordinarily be regarded as a voluntary relinquishment of all claim upon the funds of the Board." (Minutes of General Assembly, 1880, p. 21.)
- 4. All appropriations are made for one year, unless otherwise ordered; and the renewals for appropriations must be made from year to year, except in cases of ministers honorably retired according to the provisions of Rule 7.
- 5. All the appropriations are paid in advance, provided the funds of the Board will allow this to be done. If the appropriation is not more than one hundred and fifty dollars it is paid in advance in one payment. When an appropriation is more than one hundred and fifty dollars per annum it is paid in two equal instalments, semi-annually in advance.
- 6. While the responsibility of recommending applicants rests with the Presbyteries, and these recommendations largely govern the action of the Board, yet there is reserved to the Board the right to appropriate according to the merits of the case and the state of the treasury.

HONORABLY RETIRED MINISTERS

Who have been in active service in the Presbyterian Church thirty years in the aggregate as Missionaries, Pastors, or Stated Supplies.

7. Every honorably retired minister over seventy years of age, who is in need, and who has served our Church as missionary of the Home or Foreign Board, or of the Board of Missions for Freedmen, or as pastor, or stated supply, for a period in the aggregate not less than thirty years, shall be entitled by such service to draw from the Board of Ministerial Relief an annual sum for his support without the necessity of being annually recommended therefor by the Presbytery. When such a minister shall certify to the Presbytery the fact and amount of his need, not exceeding \$300.00 per annum, it shall be the duty of the Stated Clerk to forward the application to the Board, with his indorsement thereon as to the years of service such minister has rendered, his field or fields of labor; with the term of service in each, and his need, as determined by his income and circumstances, and also to certify that the same has been reported to the Presbytery and is recorded upon its minutes. It shall then be the duty of the Board to pay such annual amount so long as the applicant shall live, unless otherwise directed by the Presbytery or the applicant himself, in view of a change in his circumstances that may make the appropriation in whole or in part no longer necessary. (Minutes of General Assembly of 1889, p. 32; 1891, p. 33 and p. 44; 1894, p. 35.)

See form of application, No. 6, p. 22.

DISABLED MINISTERS

Who have not been in the aggregate thirty years in active service in the Presbyterian Church as Missionaries, Pastors, or Stated Supplies, or, if so, are not seventy years of age.

8. An annuity to a minister who has not been in the aggregate thirty years in active service in the Presbyterian Church as a missionary of the Home or Foreign Board, or of the Board of Missions for Freedmen, or as pastor or stated supply, or having been thirty years in active service is not yet seventy years of age, is granted on the recommendation of that Presbytery, or of a standing committee of that Presbytery, to which the applicant belongs; and the recommendation in each case must be annually renewed. An application for aid, in case of such minister, should state his age, his circumstances, and the number of years he has been in the ministry; whether his wife is living or not, and the sex and age of the children who are dependent on him for support. See form of application, No. 1, p. 18.

MEDICAL MISSIONARIES.

9. Regularly appointed Lay Missionaries who have gone out from this country under commission from the Foreign Board, and their families, shall after five years of actual service also be placed upon the roll of the Board, upon the same conditions as ministers. In their application for aid, Medical Missionaries and their families shall be governed by the rules that apply to ministers and their families. (Minutes of General Assembly of 1889, p. 32, and Report of Board in Minutes of Assembly of the same year, p. 240.)

See form of application, No. 4, p. 21.

WOMEN.

10. Ministers from other denominations, coming into our Church, or their widows and orphans, shall not be placed upon the roll of this Board as beneficiaries unless said ministers shall have rendered

active service in this Church for at least five years.

II. A woman who has given herself to missionary work, after five years of actual service under the Home Board or under the Board of Missions for Freedmen, or who has gone out from this country and labored under commission from the Foreign Board, may receive aid from this Board upon the same conditions as a minister. She may be recommended by the Presbytery in the bounds of which she resides, or by the Presbytery having jurisdiction of the church of which such missionary may be a member and her application should have the endorsement of the Board under which she has held a commission. (Minutes of General Assembly of 1884, p. 48; 1885, p. 592; 1888, p. 33; 1889, p. 32; 1894, p. 35.)

See form of application, No. 4, p. 21.

12. If the application for aid be for a widow of a minister, it may be made by the Presbytery within whose bounds the family resides, or by that Presbytery in which the family is best known, or preferably by the Presbytery with which her husband was connected at the time of his death. (Minutes of General Assembly of 1884, p. 48.)

Unless the applicant is well known, the Committee of Ministerial Relief should always secure the endorsement of the session of the church of which the applicant is a member, to the effect that she needs, and is deserving of the aid for which application is made.

See form of application, No. 2, p. 19.

13. When a woman contracts marriage with a retired minister who is receiving aid from the Board, she shall not be entitled at his death to become a beneficiary of the Board.

14. The widow of a minister who remarries outside of the ministry, thereby relinquishes all claims upon the Board, and should she

again become a widow she would not be entitled to aid.

15. Except in extraordinary cases no appropriation will be made to the widow of a minister who has children able to give her support. (Minutes of General Assembly of 1880, p. 21.)

ORPHANS.

16. Aid may be given to orphans of ministers and lay missionaries, as the General Assembly says, who are under the age at which they are able to earn their own living, and in exceptional cases to orphans who have been from early years chronic invalids. The same rule applies in case of orphans asking for aid, as in the case of other beneficiaries of the Board in regard to recommendations and annual renewals. (Minutes of General Assembly of 1889, p. 32.)

See form of application, No. 3, p. 20.

THE MERRIAM HOME.

17. Applications for admission to "The Merriam Home," at Newton, N. J., are to be made in accordance with the foregoing rules. Guests are admitted to the Home in lieu of an appropriation of money. Any guest who, in the judgment of the Matron may be a hindrance to its usefulness and to the comfort of the other guests, shall be reported to the Committee in charge, who shall have power, after investigation of all the circumstances, to recommend to the Board an appropriation in money for the support of such guest, in lieu of a residence in the Home. Great care should be exercised in recommending only such persons as the Presbytery believes will be agreeable companions to other guests. These guests, except Honorably Retired Ministers, must be annually recommended by the Presbyteries, and are required to fill up the blank application for admission or continuance there the same as if applying for a money appropriation.

See form of application, No. 5, p. 22.

ELECTIONS.

The term of the following Directors expires at this meeting of the Assembly: Rev. Marcus A. Brownson, D. D., Rev. W. W. McKinney, D. D., LL. D., A. Charles

Barclay, Esq., H. S. P. Nichols, Esq.

Four Directors are to be elected at this meeting to fill the class whose term expires at this Assembly, and one to fill the place of Rev. John H. Munro, D. D., resigned. The term of the class in which Dr. Munro was elected expires in 1906. Rev. Philip H. Mowry, D. D., of the Presbytery of Chester, was elected by the Board to fill the vacancy made by the resignation of Dr. Munro until this meeting of the Assembly.

By order of the Board,

B. L. Agnew, Corresponding Secretary.

May 5th, 1904.

FORMS OF APPLICATION FOR AID.

No. 1.

MINISTERS.

The General Assembly requires this form to be filled not only for the first recommendation, but also for annual renewals, so that the Presbyterial Committee and the Board of Relief may know of any changes in the circumstances and necessities of applicants for aid, which may enable them more justly to determine the proportionate amount each applicant should receive from the limited funds at the command of the Board.

The General Assembly of 1880, page 21, says:

"Whereas, This Board has been requested to aid ministers who are merely out of employment, etc. And

"Whereas, The fund is not sufficient for such purposes, nor was it originally designed for such uses; therefore,

"Resolved, That no appropriations can be made to ministers in ordinary cases, simply because they are poor, unless they are disabled by disease or the infirmities of age, so as to be unable to sustain themselves by some suitable employment."

The General Assembly of 1889, page 32, says:
"This Board works under strictly defined limitations. It is not a
general eleemosynary institution. It cannot care for all the poor in the
Church, or even in the ministry. Its basis of work is not need, but
service to the Church."

The Committee on Ministerial Relief of the Presbytery of hereby recommends to the Board of Relief for aid, in the sum of , the Rev. for one year

1. His present address is

6. What is its value?

7. Is it in any way encumbered? 8. His present means of support?

9. What is the amount of his income from all sources except that received from the Board of Relief?

10. State such facts as to cost of living where applicant resides,

and his actual needs, as will enable the Board to determine the just and proportionate amount he should receive from the limited funds at the disposal of the Board.

II. When an increase is asked, please state clearly the reasons

therefor.

STATEMENT OF FACTS.

Please state such facts in regard to his character and work, and especially if in Missionary fields, as the Committee may think should have a place on our records.

By order of the Presbytery, Chairman. Committee.

No. 2.

WIDOWS.

The General Assembly requires this form to be filled not only for the first recommendation, but also for annual renewals, so that the Presbyterial Committee and the Board of Relief may know of any changes in the circumstances and necessities of applicants for aid, which may enable them more justly to determine the proportionate amount each applicant should receive from the limited funds at the command of the Board.

The Committee on Ministerial Relief of the Presbytery of hereby recommends to the Board of Relief for aid, in the sum of (full name). for one year from , Mrs. the widow of Rev.

1. Her present address

2. Her husband died 190-; at ; in his He was connected with the Presbytery of at the time of his death.

No. 3.

ORPHANS.

The General Assembly requires this form to be filled not only for the first recommendation, but also for annual renewals, so that the Presbyterial Committee and the Board of Relief may know of any changes in the circumstances and necessities of applicants for aid, which may enable them more justly to determine the proportionate amount each applicant should receive from the limited funds at the command of the Board.

There are but two classes of orphans of ministers the Board of

Relief is authorized by the General Assembly to aid:

I. Orphans under the age at which they are able to earn their own living.

2. Orphans who have been from early years chronic invalids.

The General Assembly says:

"This Board works under strictly defined limitations. It is not a general eleemosynary institution. It cannot care for all the poor in the Church, or even in the ministry. The basis of its work is not need, but service to the Church. Its Title defines its functions; it exists to relieve 'Disabled Ministers and the Widows and Orphans of Deceased Ministers.' And this term 'Orphans' is to be understood to mean children under the age at which they are able to earn their own living, and, in exceptional instances, those who are chronic invalids. The Presbyteries should remember these things in making their applications.'—(Munites of General Assembly of 1880, page 32.)

Rule 15th of the Board, adopted by the General Assembly, reads as follows :-

"Aid may be given to orphans of ministers and lay missionaries, as the General Assembly says, who are under the age at which they are able to earn their own living, and, in exceptional cases, to orphans who have been from early years chronic invalids. The same rule applies in case of orphans asking for aid, as in the case of other beneficiaries of the Board in regard to recommendations and annual renewals."

The Committee on Ministerial Relief of the Presbytery of hereby recommends to the Board of Relief for aid, in the sum of for the year beginning in the month of . 100-, the orphan children of Rev.

I. The father died, 190-; at ; at his year; was connected with the Presbytery of at the time of his death. He was in the ministry years. HONORABLY RETIRED MINISTERS.

Rule regulating the placing of Ministers on the Honorably Retired Roll of the Board of Relief as Annuitants.

Every honorably retired minister over seventy years of age, who is in need, and who has served our Church as a Missionary of the Home or Foreign Board, or of the Board of Missions for Freedmen, or as a Pastor, or Stated Supply, for a period in the aggregate not less than thirty years, shall be entitled by such service to draw from the Board of Ministerial Relief an annual sum for his support, without the necessity of being annually recommended therefor by the Presbytery. When such a minister shall certify to the Presbytery the fact and amount of his need, not exceeding \$300.00 per annum, it shall be the duty of the Stated Clerk to forward the application to the Board, with his endorsement thereon as to the years of service such minister has rendered, his field or fields of labor, with the term of service in each, and his need, as determined by his income and circumstances, and also to certify that the same has been reported to the Presbytery and is recorded upon its minutes. It shall then be the duty of the Board to pay such annual amount so long as the applicant shall live, unless otherwise directed by the Presbytery or the applicant himself, in view of a change in his circumstances that may make the appropriation in whole or in part no longer necessary. (Minutes of General Assembly of 1889, p. 32; 1891, p. 44; 1894, p. 35; Manual, Rule 7.)

To the Presbytery of Dear Brethren:

THIRTY-NINTH ANNUAL REPORT

OF THE

BOARD OF MISSIONS FOR FREEDMEN

OF THE

PRESBYTERIAN CHURCH IN THE UNITED STATES OF AMERICA

TO THE

GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH FROM MARCH 31st 1903, TO APRIL 1st, 1904.

THE BOARD OF MISSIONS FOR FREEDMEN respectfully presents to the General Assembly its Thirty-ninth Annual Report.

For the fifth time, in regular succession, the Board has closed its year's work without debt.

This fact may not mean as much to those not familiar with the constant care and persistent watchfulness necessary to bring about its accomplishment, as it does to those who must plan the whole work almost a year ahead, and then not be able to say that they have planned wisely until within a few days or even hours before the closing of the books.

We must, therefore, be indulged in the reasonable degree of emphasis we are inclined to place upon the fact that we have accomplished another year's good work in our schools and churches; have discharged all our obligations; and have come to the Assembly with a small balance on hand with which to begin the work of the new year.

We have been able to do this not because the churches and societies on which we most depend and from which we receive the larger part of our income gave us their expected support, but because of an unanticipated increase in the help that comes to us from miscellancous sources and from legacies.

The Church collections fell behind twenty-three hundred and twenty-two dollars; and from the other regular sources of income, including Sunday-schools, young people's societies, and woman's societies, we received thirty-six hundred and five dollars less than the year before.

Our receipts from legacies this year exceeded those of last year only by the small sum of seven hundred and four dollars, but our receipts from miscellaneous sources, which includes interest from invested funds and individual gifts, were five thousand, two hundred and eighty-three dollars larger than the year before.

The sum total of our receipts from all sources were sixty dollars and thirty-six cents more this year than last.

But for the decease of an aged and venerated servant of God to whom the Board had been paying an annuity for many years and whose death released for other purposes the invested fund from which the annuity was derived, and also a liberal and timely gift from a member of the Board, we would not have been able to overcome the loss this year occasioned by the falling off in our receipts from churches, Sunday-schools and societies.

Of the nineteen thousand and four hundred dollars which came to us from legacies, five thousand came with the condition that it be permanently invested, thus reducing available funds from this source for current expenses to fourteen thousand and four hundred dollars.

The renewal of insurance on all of our property which occurs every three years, and which we obtained at a much more favorable rate this time than ever before—but which nevertheless cost the Board over five thousand dollars—created an extra drain on our treasury which we found it hard to meet in the face of declining receipts from the sources on which we are accustomed mainly to rely.

Considering therefore all the exceptional difficulties we had to encounter and overcome during the year, we count ourselves exceedingly fortunate in being able to make as good a showing as we do.

, The work has in no way been hindered, but in a number of ways has been materially improved and enlarged. Four much needed and important improvements, which for years have been written about and talked about are now accomplished facts.

Ingleside Seminary, at Burkeville, Va., has its new wing, for which appeals through the woman's societies have been made for two or three years past. The end of last year found us with sufficient funds on hand for the purpose, and under the superintendency of the Rev. G. C. Campbell, the President, work was early begun, and completed in time for the Seminary to

avail itself of its much needed additional room by the 1st of last December.

Also at Brainerd Institute, Chester, S. C., under the superintendency of Prof. J. S. Marquis, the Principal, the new Institute building has been finished, giving ample chapel accommodations and all the class room facilities that the school will need for many years to come.

Besides this new Institute building at Brainerd, a large annex has been added to the original Homestead building, practically an additional building—bringing great relief to both teachers and pupils in the way of better dormitory, dining-room, laundry and bath-room appointments.

The other important improvement is the new Industrial Building at Biddle University, giving accommodations under one roof for the first time in the history of the institution to the various trades that have been taught there, under great disadvantage, almost ever since the school was established, including carpentering, shoe-making, brick-laying, plastering, masonry, painting, printing, etc., etc.

The Board in carrying out these extensive improvements has expended forty thousand dollars. This money did not come out of the receipts for this year, as may well be imagined; but from special funds given for these purposes, and set aside by the Board from time to time until a sufficient amount had been accumulated to carry out the purposes for which the funds were given. Five thousand dollars, however, of the amount used for the Industrial Building at Biddle came from an unrestricted legacy from the estate of the late Mrs. Henry J. Biddle, and was set apart for this purpose by special action of the Board.

The Ingleside and Brainerd funds were raised almost entirely through the efforts of the Woman's Department of the Board.

During the past year the Woman's Department of the Freedman's Board, which is the same as the Freedman's Department of the Woman's Board, in addition to the numerous salaries and scholarships that it annually furnishes, undertook to secure special contributions toward a number of special building funds to the amount of fifteen thousand dollars. The most important of these funds is that which is known as the Swift Memorial Institute Fund, and is fixed at \$10,000. This fund is to be used for the erection of a dormitory for boys in connection with the Swift Memorial Institute at Rogersville, Tenn., the Board having agreed in this way to enlarge the accommodations in connection with the institution in consideration of the fact that the

Trustees of Maryville College of Tennessee have turned over to the Trustees of the General Assembly \$25,000, the interest of which is to be paid to the Freedman's Board, for the benefit of students in attendance at the Rogersville school.

We have received toward this fund seven thousand, two hundred and two dollars, and can but hope that in the near future the entire amount will be secured. When the fund is completed the improvement will be undertaken without further delay.

Several smaller sums were appealed for, such as two thousand dollars for a new dormitory at Monticello, Ark., for which we have received \$1,822.93; fifteen hundred dollars for Billingsley Academy at Statesville, N. C., for which we have received \$554.10; and one thousand dollars for the enlargement of chapel and dormitory at Mary Potter School at Oxford, N. C., for which we have received \$676.29.

The following is a tabulated statement of our receipts for the last four years

The number of churches that helped us in any one way was 4,955, being a loss of forty as compared with last year.

The number of churches that helped us by congregational collections was 4,108, being a loss of seventeen.

The number of Sabbath schools that contributed to our work direct was 408; and the number giving through the Woman's Board was 356, making a total of 764.

The number of young people's societies contributing to our work direct was 77, and the number contributing through the Woman's Board was 999, making a total of 1,076.

The amount of money given by the patrons and friends of our school work on the field is reported this year as amounting to \$48.465.55.

The amount given in church work toward self support as reported by our ministers on the field is \$42,850.99.

The total amount for both Church work and school work is

\$91,316.54—none of which passed through the treasury of the Board.

SCHOOL WORK

The number of schools maintained this year was ninety-one, being an increase of five over last year. Several of these however are only small parochial schools, much needed as aids to the work of the pastors in building up the churches under their care, but adding very little to the general expenses of the work.

As for our boarding schools, we have felt for some years that we have now on our list as large a number of this class of schools as we are warranted in carrying, considering the probable amount of funds the Church is willing to give.

Many of the more prosperous parochials, however, are constantly pressing upon the Board their claims to be advanced to the higher and more expensive grade of boarding schools, and while the Board is also anxious to do the very best it can for the work, the one great barrier against a compliance with their desires has always been our persistent lack of funds.

There is another pressure to which the Board is subjected, with regard to which past experiences have taught it to exercise the greatest caution.

Every now and then a property, built by other hands but forced upon the market by debt or death of the promoter or other unforeseen conditions, is brought to our attention at figures far below the original cost. Were we in a condition to take advantage of the misfortunes of others, thousands of dollars, it would seem, might be saved in the establishment of our own work upon the ruins of the work of others. We do not, however, deem it wise to buy property always just because it is cheap. It may be cheap at the time, but its maintenance and the future sustaining of the work may in the end prove dearer than our limited treasury would justify. As a rule it has been our custom to decline these offers. A number of such so called rare chances have been presented to us this year, some of which we have reluctantly but we believe wisely declined.

There have been two cases in which we have seen fit to depart from our general rule.

A school at Blackville, S. C., maintained for several years as an independent undenominational enterprise sought to be taken under our care, mainly for financial considerations; but mainly for similar considerations on our part we at first declined. Sub-

sequently a generous Ruling Elder of one of our Presbyterian Churches, whose interest had been enlisted in that work proposed that if we would take the school under our care he would donate \$3,000 toward its improvement, and also guarantee \$1,200 a year for five years toward its maintenance. In consideration of the generosity of this offer, as well as the source from whence it came, the Board felt justified in departing from its rule, and has accepted the deeds to the property, required the employment of Presbyterian teachers, placed the school upon its list, and has undertaken to manage it according to the well established regulations of the Board. The property consists of nearly one hundred acres of land, with several buildings, in all worth between four and five thousand dollars. Sixteen acres of the land including the buildings belong to the Board, and the rest of the land is held in the name of its generous friend—for the use of the school.

The second case in which we have taken over an outside enterprise is that of the Camp Nelson School in Kentucky. It consists of school buildings and farm land estimated to be worth altogether about \$10,000. The property was made over to the Board without conditions. The effort to establish it as an undenominational boarding school managed by a Board of Trustees did not succeed. The main consideration that moved our Board to accept this trust was the fact that we have no other school in the whole state of Kentucky, where there are something more than 280,000 colored people. Friends of our work in Kentucky were anxious for us to establish a school in that state, and the hope of the Board is that the Kentucky churches favorable to our work will make this school the special object of their benevolence, and that interest in the work in that region will increase their gifts to the cause more than enough to reimburse the Board for all it may expend in setting this enterprise in motion.

In all our schools of this year we have had under our influence 11,763 pupils, of whom 2,101 have been in our boarding schools.

The most wholesome religious influence is sought to be thrown around every pupil that comes under our care. The teachers in our schools are all Christian men and women, and they are all, with perhaps a half dozen exceptions, members of the Presbyterian Church.

The Bible and the Shorter Catechism are required to be taught in all our schools. The various industries are given due consideration. Girls are trained in practical housekeeping—in cooking, sewing and laundry work. Boys are taught trades or trained along agricultural lines. Eight of our boarding schools now have farms attached, where the students not only have experience in practical farming, but while learning to farm, are made to contribute to the support of the school through the products of the soil, planted and gathered by their own hands.

CHURCH WORK

As between the church work and the school work carried on by the Board the former is by far the more difficult of the two.

The school work is directly under the care and management of the Board. The church work is under Presbyterial supervision, and the government of each individual church is subject to the control of the Session. In very many cases the Eldership of these churches is more or less uneducated, and in some churches there are here and there Elders who may be said to have no education at all. The general intelligence of the people has not so far advanced as that entirely competent men can always be found in every church to serve as Ruling Elders. Troubles and difficulties under these conditions arise more frequently than they otherwise would if both officers and members had a larger experience and a wider range of vision.

The preparation of an educated ministry, competent to take charge of these churches, requires a much longer time than it does to prepare teachers to take positions in our schools. The material out of which a good minister is made is much scarcer than that out of which a good teacher can be obtained. For teachers we may employ either men or women, and in our school work a very large majority are women. Last year of the 304 workers in our schools 215 were women and 89 were men.

There is much less difficulty in building up a school than there is in building up a church. Children from all denominations, as well as from no denominations, are eager to attend our schools notwithstanding they are run upon a Presbyterian basis. In many cases the difficulty with a school is not in making it large enough, but in keeping it within bounds, and within the limit of the funds we have at command for its support.

The church grows more slowly, and while increasing at a fair rate in membership from year to year, it is at the same time being depleted by death, and more often by the removal of its best families from the community in which it is located. The annual ingathering into our colored churches of members on confession of faith is at a much larger rate than obtains throughout the rest of the great Church of which they form a part.

The rate of increase, however, in the colored churches, notwithstanding their encouraging annual ingatherings, is slow; but the conditions out of which this grows form one of the real difficulties of the work that cannot be altered, but against which we have constantly to contend.

The frequent removals to other parts of the land take away almost always the better and more prosperous families of the congregation. They are such as have improved their worldly conditions through education, industry and thrift to such an extent that they are able to make the change.

Notwithstanding the difficulties under which our church work is carried on there is no reason for discouragement in a work that we have taken up at the command of our Master. The planting and the watering belong to us. It is God alone who giveth the increase.

We have a fair proportion of prosperous and growing churches, some of which have already become self supporting, and others are gradually approaching the time when they will be able to stand alone. Three churches during the past year voluntarily dispensed with all aid from the Board, and others are being helped with a mere nominal supplement from our treasury.

It is difficult to determine sometimes just how much pressure should be brought to bear on a particular church in pushing it up toward self support. The only effective pressure we are able to make is by a gradual reduction of the amount of aid granted by the Board. This pressure falls more directly upon the minister than upon the people, and even when we feel that a church could give more if it would, we hesitate very much to adopt this method of bringing it to a full sense of its duty. Nevertheless, in many cases we are gradually reducing the amount of our supplementary aid, and a good many churches are slowly increasing the amounts they give toward the pastor's support. The following are the amounts given by our colored churches toward the support of their own ministers for the last five years in succession: \$33,981; \$37,226; \$38,946; \$40,634, and \$42,850.

Year by year these struggling people are gradually getting better church buildings. Many of them have outgrown the smaller and cheaper structures in which they first housed themselves, and are entering new and larger churches more worthy of the name.

The colored people under the care of the Freedman's Board today are in possession of and occupy 306 separate buildings, and the valuation of these buildings as reported to our Board amounts to \$345,000. They also occupy thirty manses valued at \$23,800.

Notwithstanding the difficulties of this part of the work the Presbyterian Chuch today may well be proud of what has been accomplished along these lines, and from what has been already done may well believe that as these people emerge more and more out of the conditions in which they found themselves when freed from human slavery, they will in time by their future growth and development convince us all that we have indeed not labored in vain, or spent our strength for naught.

The churches under our care gave through annual collections \$750.37 to the Freedman Board, and \$1954.20 to the other Boards of our Church.

Rev. H. N. Payne, D. D., who had under our Board given the last eighteen years of his life to a consecrated and successful service in behalf of the elevation and evangelization of the colored people of the South, died in June of last year. He had for eleven years acted as Field Secretary of the Board, with his headquarters in Atlanta, Ga., and for the following seven years as President of the Mary Holmes Seminary.

While efficient as President of one of our largest educational institutions, his longest service was rendered in his watch and care over the feeble and struggling churches in the various Presbyteries, scattered over our wide and extended field of operations. The value of his services in counseling and encouraging our many workers on the field was very great and his discontinuance by the Board from this line of work was forced upon the Board at a time when a serious falling off of the funds

of the Board created an overwhelming debt and compelled retrenchment on every hand. The loss of his services in this direction has been seriously felt ever since.

The decline in the amount received this year from church collections seemed to the Board to indicate a decline of interest in our work among the pastors and churches in the North, suggesting to the Board the necessity of taking some steps whereby this interest might be and must be increased. With a view therefore to a closer watch upon the field and a more vigorous pressing of our claims upon the heart and conscience of the Church, Rev. H. T. McClelland, D. D. for twenty years a member of the Board and for eleven years its President, has been appointed Field Secretary with a view of meeting this double necessity. It is the sincere opinion of every member of the Board that no more suitable selection could be made for the work that is needed to be done; and the Board feels confident that this new appointment will in every way redound to the future good of the work.

The Woman's Department of our Board, which has its head-quarters in the rooms of the Board, has been this year entirely under the management of Mrs. V. P. Boggs as acting General Secretary, with Mrs. Susan L. Storer as a valuable assistant. The duties of this office, together with her other duties as Corresponding Secretary, have taxed her time and strength to the utmost limit. The Board has come to look upon this department as its strong right arm. Without the timely aid that comes from this source, in the way of salaries, scholarships and special building funds, the Board would be compelled to close many of its schools, and seriously curtail the range of its general work. The details of the extensive work of this Department are set forth in Mrs. Boggs' annual report, to which special attention is called, as printed in separate form, as an appendix to this report.

Miss Mary E. Holmes, Ph. D., of Rockford, Ill., completes her eighth year as Secretary of the Northwest. She has during the year held eighty-four regular meetings at which addresses were made in the interest of the work. She has visited eight different states, written 6,188 letters and postals, and traveled 8,279 miles.

She continues to serve the cause without remuneration other than such as comes from the joy of helping on a good cause that lies very near her heart.

Last year through the unanimous adoption of the report of

the Standing Committee on Freedmen the General Assembly made this recommendation and appeal:

"We beseech Pastors and Sessions to carefully consider the claims of the needy millions in the interests of whom this Board is laboring, and, in order that men for whom Christ died may hear the joyful news, we recommend that not less than Three Hundred Thousand Dollars be given to the cause this year."

We recognize the entire sincerity of the members of the Assembly in taking action of this kind. They are but voicing the mind of the great Church of which they are the chosen representatives coming from all parts of the land. Such action is but the expression of an opinion and an earnest desire, rather than the declaration of a purpose. We understand the Assembly to mean that this Board ought to have at least \$300,000 annually with which to maintain and expand its work. We did not understand the Assembly to pledge its pastors and churches to the task of raising of this generous amount. We did not therefore plan our work this year on any such extended lines of operations as this generous sum would have justified.

We planned for the same amount as we received the year before, quite sure that if more came to hand we would have no difficulty in placing it later in places needing and long waiting for more help.

We wish therefore to echo back to the Assembly and to the Church at large its own voice, and repeat with emphasis that we sorely need for the proper support and extension of this branch of our Church's missionary work at least \$300,000 each year, and we trust the General Assembly will continue to testify as to the high estimate it places upon our work by reiterating continually our imperative need of a much larger sum of money annually than the Church has ever seen fit to give.

With thanks to Almighty God for all the favors and blessings received from His hand, and with special recognition of His kind providence in allowing us to bring to a successful close another successful year of work and service for our Divine Master, we willingly leave the past in His hands, and facing the future with

hope and courage, go forward with a firm reliance upon His power and His willingness to help us in every time of need.

The term of service of the following members expires with this Assembly: Rev. W. L. McEwan, D. D., Rev. David R. Breed, D. D., Mr. George B. Logan, Mr. Samuel P. Harbison, and James C. Gray, Esq.

We ask that they be re-elected.

ACTION OF THE GENERAL ASSEMBLY AT BUFFALO, NEW YORK, MAY, 1904.

Rev. Henry C. Minton, D.D., was appointed by the Moderator of the General Assembly as Chairman of the Standing Committee on Freedmen, and among other things, included in his report the following:

"The Woman's Department of the Board is very efficient, and its efforts and assistance are indispensable to the work, which could neither have been accomplished nor undertaken except for their faithful and generous support.

"The Report of the Board records that \$300,000 was called for by the General Assembly of 1903 as the smallest amount with which the Board of Missions for Freedmen could be furnished by the churches for the work of the year.

"The Board, however, was too wise and knew too well the ephemeral value of resolutions, however enthusiastically voted, to take the Assembly too seriously in this, and accordingly refrained from scaling its work according to the terms of this call. Nevertheless, the year's experience has proven that the Assembly was better endowed with wisdom to measure the need than with liberality to meet it.

"It was because the Board conducted its work upon the basis of the church's giving rather than of the Asesmbly's voting, that it is not embarassed by a large debt to-day.

"And yet the amount named was not a dollar too great. If the churches would make good that resolution in the coming year, the Board with its growing work and increasing demands could employ it economically and with the best of results in this promising field for the preaching and the teaching of the gospel of Christ among the poor."

RESOLUTIONS.

We respectfully present the following Recommendations for the adoption by the Assembly:

- 1. That the Assembly approve the appointment of Rev. H. T. McClelland, D.D., as Field Secretary of the Board, and cordially commend him to all the churches in the interest of this work.
- 2. That the Assembly express its grateful appreciation of the valuable services of the Woman's Department of this Board and wish these consecrated women God-speed in their good work for the Master.
- 3. That we repeat the call of the last Assembly to the churches for \$300,000 as a sum all too small for the great and growing and evermore fruitful work of the Board.
- 4. That the Rev. W. L. McEwan, D.D., Rev. D. R. Breed, D.D., Mr. George B. Logan, Mr. Samuel P. Harbison, and James C. Gray, Esq., whose terms as members of the Board have expired, be re-elected.

Respectfully submitted on behalf of the Committee, HENRY COLLIN MINTON,

Attest:

Chairman.

W. H. Roberts, Stated Clerk.

TWENTIETH ANNUAL REPORT

OF THE

WOMEN'S DEPARTMENT

OF THE

BOARD OF MISSIONS FOR FREEDMEN.

GENTLEMEN:

It is with feelings of regret and disappointment, intermingled with joy and gratitude, that we present to you our Twentieth Annual Report—Regret and disappointment that we have not accomplished all that we had hoped at the beginning of the year—But joy and gratitude predominate in that the Boards receipts have advanced and that, notwithstanding our failure to meet the obligations assumed, it has been able to close the year free from debt and a small surplus with which to begin the work of the new year. We are also grateful for the many assurances received, that the falling off in gifts is not due to a decline of interest, but from other causes, which called for a division of gifts—Never have so many letters expressing interest in our work been received as during the year just closed.

FINANCIAL.

Our receipts this year through the Woman's Board were \$68,023.31, which is \$3,418.85 less than last year. Of this amount Women's Societies contributed \$49,144.61. Sunday Schools \$4,371.62. Y. P's Societies \$11,087.28. From Miscellaneous Sources \$3,419.80. In addition there were direct to the Board from Women's Societies, \$695.16, making a total of \$68,718.47.

This money has been applied to the Educational work of the Board as follows: Teacher's Salaries, \$20,250.23; Scholarships, \$17,060,93; General Fund for School work, \$17,082.64; General work and Building Fund, \$13,629.51. The figures show an advance in gifts to Salary and General Fund, and a slight falling off in scholarships, the Building Fund being most affected by the deficit.

It is encouraging to note that a very small part of the deficit is due to Women's Societies, but principally to individuals and Young Peoples organizations. Last year, Legacies amounting to \$2,100 were received. These not being repeated this year account for the larger part of the deficit.

The backward step taken by the Young People is not surprising, when we consider their heroic efforts last year, to complete the "Brainerd School Building Fund," upon which they had been patiently laboring for three consecutive years—more than doubling their gifts last year. When; therefore, word was sent out that the Young People had finished this work it was quite natural that their interest and effort should be directed to other work, that was new and attractive. The Young People, through their Secretaries, have, most cordially and generously, responded to appeals for their co-operation in this important department of missions. The Secretaries have manifested, not only a willingness, but an earnest desire to enlist their Societies in this work by systematically presenting it in a manner that cannot fail to lead them to realize their obligations to the colored young people who are seeking to enter our schools.

That they have taken a backward step this year is no evidence of a decline in interest and we trust that a forward movement may be made early in the year to regain lost ground and make a creditable advance.

It is a pleasure to report an increase from Sunday Schools to this department, which has been applied to the support of Parochial Schools. Also an increase in number of schools contributing, although this number is still but a small proportion of the entire number of schools.

RECEIPTS FROM SYNODS.

Contributions have been received from twenty-nine Synods; thirteen making an advance over last year, the remaining sixteen falling behind. Those making an advance were California, Catawba, Illinois, Kentucky, Missouri, Montana, Nebraska, New Jersey, N. Dakota, Oregon, Tennesssee, Utah and Washington.

That there is a widening interest in our cause, is shown by contributions from Societies not previously contributing, but the total number of Societies giving this year is less than last, being 2,979 as compared with 3,041 last year.

The box work this year has been fully up to that of previous

years. Eleven Synods have contributed to this department of work; goods, the estimated value of which amounted to \$17,000. As a rule, there has been a marked improvement in the quality of goods sent to our field. In addition to the goods sent to our ministers for their families and for the destitute of their churches and communities, much substantial aid has been given to our boarding schools in the line of house-hold supplies, including bedding, table linen, carpet, material for the sewingroom; also Christmas boxes, sewing machines, a number of organs, and one piano—all of which have contributed to the comfort of teachers and students and also materially lessening the expense of maintaining the schools. Many boxes, no doubt, have been sent which have not been reported. The good accomplished by such aid cannot be estimated in dollars and cents.

The Schools under the care of the Freedman's Board, which are largely supported by funds from Women's Societies and Young People's organizations, are located in eleven different States, and in the Indian Territory, namely: Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Arkansas, Texas. Over three hundred teachers are engaged in the work, a number of these being ministers in charge of churches, who receive salaries as ministers, but have no extra compensation for teaching. The total enrollment of students this year is 11,763. Our boarding schools have been full to overflowing, with many refused admission for lack of room. The "New Wing," for the Ingleside Seminary was completed early in December, and also the Brainerd buildings, affording increased accommodations and better facilities for carrying on the work. Mary Potter, also, is rejoicing in the improvements made during last summer, and is looking forward hopefully to further enlargement.

INDUSTRIAL WORK.

Increased attention is being given to Industrial training in all of our schools as rapidly as funds are provided. A new "Industrial building," at Biddle, is one of the forward steps taken this year. In it will be gathered all the different trades which have heretofore been carried on under most unfavorable conditions. It is worthy of note that the erection of this building is to be entirely by student labor. Much attention is being given to Agricultural training where farms have been provided, as at Harbison, Albion and Mary Potter.

The parochial schools are required to give instruction in sewing, and so popular is this department that the boys beg to be admitted. It is sad to report, however, that in a few instances lessons in sewing have been an impossibility, as no material was at hand and the people were not able to provide it. A number of our more advanced day schools, such as Danville, Va., Kendall, S. C., Arkadelphia, Ark, etc. have other industries.

RELIGIOUS CONDITIONS.

Much religious interest has been manifest in our schools during the winter. Rev. Chas. H. Trusty, of Chattanooga, Tenn.. one of our colored ministers and a member of the Evangelistic Committee, visited some of these at a season most opportune. A quiet work of grace was already in progress under the leadership of our consecrated missionary teachers. Mr. Trusty everywhere found the field ripe for the harvest, so that following his faithful presentation of the truth was a wonderful outpouring of the Holy Spirit. Many were found inquiring the way of life, and every one who found it was ready to point it out to others. In Barber, Birmingham, Mary Holmes Seminary and Swift, the number of conversions were remarkable. In other schools, out of line of the Evangelistic movement, the Spirit's power was also manifest. Ingleside reporting many professed conversions; Albion also and others, which might be named. Suffice to say that many will go out from our schools this year to be a blessing in their homes and communities.

The Board has, during the year, come into possession of property at Camp Nelson, Ky., and a school is already in progress, under the efficient management of Rev. J. A. Boyden, formerly of Danville, Kv., who is for this year the only teacher. The school is to be known as "The Fee Memorial," in honor of the liberal hearted donor. This is a farm school, and will open a boarding department for boys in the fall; girls in the vicinity to be admitted only as day pupils. It is our hope and desire that the Women and Young Peoples organizations of Kentucky will take an active interest in this work in their own state. as far as possible providing salaries for teachers, scholarships and needed household supplies. Contributions have already come in for this work with promise of more. This school is another of the forward steps taken in the year just closed. Several parochial schools have also been granted some support the past year. The advance in Sunday schools will

provide for two of these. The new Riverside Presbytery of California has adopted the school at Macon, Ga. Seneca, S. C. and Birmingham, Ala. have each been granted support for an extra teacher, with several others, and it is our earnest hope that the number of these schools may be increased each year until there is one in connection with every church under our Board.

The Freedmen themselves, have contributed to the support of their schools \$48,465.55, which is \$6,600 less than for the same purpose last year. This falling off has been chiefly owing to the unusually long and severe winter and the consequent increased cost of fuel and other necessities.

For the support of their churches they have given \$42,850.99: to Freedmens Board, \$750.37—to other Boards, \$1,954.20, making a total in gifts from the field \$94,021.11.

The women of the churches under our Board are awake to the importance of systematic giving, and are therefore organized along Synodical and Presbyterial lines. An effort is being made to affect an organization in every church, and also, to enlist the young people. A Secretary, Synodical, writes that one of their difficulties, and the chief one is, that many of our colored ministers, unlike their white brethren, are opposed to women's organizations excepting for the support of their own churches. "But," she adds, "we are not discouraged and are gradually gaining ground."

It is fitting that we should make mention in this report of the passing from service here to the higher service, during the past year, of two of our most faithful and efficient workers. Dr. H. N. Payne, President of Mary Holmes Seminary, and Mrs. M. B. Johnson of Ingleside Seminary; both of whom had given many years of arduous service to the work of our Board. "They rest from their labors and their works do follow them."

Rev. Joseph A. Stevenson and wife have been appointed successors to Dr. and Mrs. Payne, as President and Principal of Mary Holmes Seminary. This school, which has had such serious vicissitudes in the past, has been progressing finely this year, and we hope for it in the future uninterrupted prosperity.

The chief source of information concerning the work of our Board, are the leaflets issured from time to time, many thousand of which have been sent out during the year, and our one precious number of the Home Mission Monthly, so kindly given to our Department each year by the Woman's Board; without a dollar of expense to the Freedman's Board. Many testify to the value of this April number of the Magazine to our work. Each years number as it is issued, is pronounced better than the pre-

vious one, and, naturally, that for 1904 best of all. We bring all these tributes of praise and place them where they belong—at the feet of the one who assumes the responsibility of bringing together the material provided into one harmonious whole, giving to the readers that which is most interesting and instructive, the beloved Editor of the Home Mission Monthly. The generous hearted Secretary of our Board also occasionally tenders us part of the space allowed for our cause in the Assembly Herald, which we are glad to accept when the best interests of the work will be promoted.

Words fail to fully express our grateful appreciation of the many favors received from the Woman's Board. One of these favors which involves a vast amount of labor is the receiving and remitting of the funds, contributed by Societies and Sunday schools through Presbyterial treasurers for the work of the Freedmen Department. Another is the space granted in the Prayer Calendar each year. For these and all other favors, we would express most grateful thanks.

The ladies of the Freedmen Committee have continued to meet from month to month to pray for, and consider how to best promote the interests of the cause for which they are banded together. While many times they feel that they are accomplishing little by coming together, yet, as they look back over the years of earnest prayer and faithful service and note the progress, they cannot but feel that their time has not been lost.

This report would be incomplete if we failed to mention the usual valuable service of Miss Mary E. Holmes, whose constant devotion to the cause in many ways—time, talent, strength and means—are expended without reserve. The Freedmen Bulletin, which she is pleased to term her monthly letter to the constituency of the North West, is sent to every Presbyterian family in that section, and to many others in all sections. Her correspondence with and visits to Synods, Presbyteries and local Societies, with her constant over sight of the work in general, shows that she is "instant in season and out of season." All this without remuneration or neglect of any other department of mission work.

Miss Lucy Laney's visits in California and also in the Northwest, have been productive of increased interest and substantial results by bringing into closer sympathy the workers on the field and those in the churches. May there not be some connection between her visits and the advance in gifts in those Synods visited?

Mrs. S. L. Storer, who has also been associated with our Department for more than a year, has rendered valuable service to our cause by faithful effort, not only by correspondence with Societies and the workers on the field, but in visiting Synodical, Presbyterial and local Societies, and by her happy and earnest presentation of the work and its needs has won many friends to the cause, with substantial results

We would not forget the timely help so freely and cheerfully given to our Department by Dr. H. T. McClelland, the former President of the Board, who was recently appointed Field Secretary. His first efforts following this appointment were directed to a number of Societies in New York City, as a result of which we are assured of increasing interest with promise of an increase in contributions.

Time would fail to give in the space allotted even a few of the many details of our work, that would be of interest. But the thoughtful observer can read much between the lines. We turn, therefore, from this brief record hopefully to the future. We see nothing discouraging in the outlook. The seed that has been sown has sprung up and has yielded a hundred fold, and we have the assurance of a continued blessing if we continue to sow. "It is not by might nor by power," that the uplift of this race is to be accomplished, "but by my Spirit, saith the Lord of Hosts." Our motto for the new year more diligent labor—more earnest prayer.

Respectfully submitted.

Mrs. V. P. Boggs. Acting General Secretary.

Appropriations 21	To be

THE COLLEGE BOARD begs leave to submit its twenty-first Annual Report, acknowledging the continued favor of the Great Teacher, and trusting that the wisdom and guidance which it has humbly sought from Him have been received.

The extraordinary interest in the educational institutions of our Church, manifested by the General Assembly at Los Angeles last year, and the unprecedented actions taken by that Assembly, especially the appointment of the College Endowment Commission, filled this Board with new courage and hope, and sent it into the work of the year with new devotion and enthusiasm. There are many tokens that our Church has felt the impulse of these things. The Board seems to have reached the condition described by the prophet Amos: "Behold, the days come, saith the Lord, that the ploughman shall overtake the reaper." We are gathering harvest from earlier sowings, and we are at the same time preparing ground for great future ingatherings.

REAPING.

Material Gains. Huron College, South Dakota, after twenty-one years of heroic struggle, the last five being years of rapid growth and special effort to secure endowment, succeeded on the last day of the old year, with the help of the Board, in making its first \$100,000, about one-half of which comes from its own synod and one-half from the East.

Alma College, Michigan, has secured during the year the larger part of an additional \$50,000 of endowment, all from its own synod.

Buena Vista College, Iowa, is gathering in the \$50,000 endowment subscribed from its own synod.

Hastings College, Nebraska, has secured nearly all its desired \$50,000 subscriptions, probably all by the time this will be read, and nearly all from its own city.

Occidental College, Los Angeles, is rapidly putting up the beautiful Hall of Letters shown on the second page of the cover of this Report, ground for which was broken by the Moderator of the General Assembly a year ago, and expects to secure \$200,000 endowment in a year, more than one-third of the amount being already pledged.

Whitworth College, Washington, has begun a steady effort for endowment, members of its Board of Trustees having subscribed a large part of the first \$100,000.

Greenville and Tusculum College, Tennessee, and also Stanley McCormick School in North Carolina, rejoice in new buildings and equipment, these being provided by a long-time and generous friend of this cause.

Princeton Collegiate Institute, Kentucky, has at last, with the Board's help, paid off its indebtedness which antedated the organization of this Board.

Two Colleges. The Board welcomes back to its list this year two institutions aided in former years, always doing work of great value to our Church, and now entering on new and inspiring careers:

The College of Emporia, Kansas, having a noble record of ministers, missionaries and candidates furnished to our Church, has laid aside the large bonded debt which long beset it, and now seeks endowment.

Carroll College, Wisconsin, under a new president, is taking long steps upward on the path in which it has for years been led and, indeed, almost lifted, by its retiring president, and seeks additional endowment.

Gains and an Apparent Loss. The Board aided 26 institutions, of which 13 are colleges, 12 academies and 1 special institution—1 college more and 1 academy less than the previous year. The following gains were made over the previous year: In net property value, \$361,177; in total students, 280; in college students, 130; in academic students, 117; in classical students, 170; in students in systematic Bible study, 179; in student church members, 320; in students meaning to be ministers or missionaries, 42. By comparing these gains with the totals in the Statistical Tables, page 12, it will be seen that all are proportionately large, while some,—for instance, the gains in net property

value, classical students, student church members, and candidates—are very large. The only apparent loss, as compared with the previous year, is 8 less credible conversions; but as these statistics were gathered the first of April, when the College Visitation, spoken of in the next paragraph, was only partly made, the year, in fact, surpasses in this respect the previous one.

Evangelistic Visitation. The General Assembly's Special Committee on Evangelistic Work will no doubt render to the Assembly a full report of the Visitation of Presbyterian Colleges, which it has conducted in accordance with a recommendation of the last Assembly's Standing Committee on this Board, adopted by that Assembly. To this Board was given the pleasing task of securing suitable Visitors and of arranging with the colleges for the Visits. We are grateful, as the Church should be, to the International Committee of the Y. M. C. A. and the American Committee of the Y. W. C. A., for their co-operation, especially by assigning for this service four of their best equipped workers; and to those four Visitors, all Presbyterians, the Rev. Thornton B. Penfield and Mr. A. B. Williams, Jr., both of New York, and the Misses Elizabeth Cole and Frances A. Bridges, both of Chicago, for the service which they rendered. That service, visiting so many colleges all over our land, and holding many meetings and conferences with individual teachers and students, was exceedingly arduous and taxing; and it was rendered, by all the Visitors, in a spirit of enthusiastic and wise faithfulness, with a cheerful and contagious devotion, and with a tact and persuasiveness, which have won our admiring confidence and gratitude. Most and best of all, the results have exceeded our large expectations. From almost every college, as the Visitors passed along, the Board has received assurances of a wave of spiritual life rising during the visits, bearing on its gracious bosom many students into the saving Kingdom of our Lord, and lifting many hundreds of Christian teachers and students into the sunlight of a life definitely devoted to spiritual service and saving souls. Never before has such a strong and gracious influence of the Spirit pervaded all our colleges. The effects will long endure.

Candidates. The large number of candidates for the ministry and missionary service, in our aided institutions this year, demands especial attention. More than ten per centum of their total male students, college and academic, are consecrated to such service; which no doubt means that more than one-half of the male students who are in college classes are so consecrated. Statistics, given in the Board's Twentieth Annual Report, page 3, show that our theological seminaries had, in 1901–2

Institutions	Having average male students	Candidates to 1000 male students
From 10 State universities	660	4
From 2 Presbyterian universities.	724	29
From 8 Presbyterian colleges	161	83
From 14 small Presbyterian colleg	és 31	196

Graphic illustration of these statistics appears on the fourth page of the cover. It is evident that we must look to our own colleges for a supply of ministers and missionaries, and that an adequate supply can be secured only by strengthening our colleges and making them more attractive to Presbyterian young men. Is it not denominational suicide, to neglect to foster our colleges now existing, and to neglect to plant new ones at suitable points?

PLOUGHING.

We use the scriptural spelling because we would emphasize the scriptural idea and ideal. The scriptural idea is that the blessing of God so rewards the labors of His people, in the latter day, that from earlier ploughing wondrous harvests shall be gathered; and the scriptural ideal is that the Church, glad and grateful and expectant, shall hasten to plough more land for similar harvests in the future.

From our Church's ploughing with this Board, these twenty-one years, notable harvests are now annually gathered: Twenty-three western colleges where there were five; thousands of students where there were hundreds; more than a million and a half of dollars in new property values, and every year many converted and consecrated young people graduating into usefulness to our Church. The scriptural ideal is that the Church, glad and grateful and expectant, shall increase its ploughing for future harvests. But, in fact, the increase is slight—the ploughman does not overtake the reaper. Note the

Nearly all individual gifts and many church offerings are designated by the givers for certain institutions, so that the Board could appropriate only \$27,700 for current expenses of institutions, for which at least \$50,000 should have been given; and it dared not add more institutions to its list, to divide farther the already insufficient help afforded. The attention of the Church should be drawn to this fact and its relations.

The Assembly at Los Angeles said, after consideration of this fact, that the churches ought to give the Board

\$150,000 in the year now closing, or three times what they gave in the previous year. That would have enabled the Board to take adequate care of institutions now aided, to help some promising institutions not now aided by the Board, and to encourage the founding of some new institutions in unoccupied territory.

Shall There Be New Work? For instance, Oklahoma has no Presbyterian college. The business men of a centrally situated city offer us twenty acres of campus and \$50,000 cash endowment, provided we will secure \$10,000 for a building and guarantee \$100,000 additional endowment. That would be a good start. But we can neither furnish funds for the building nor guarantee the endowment; nor can we promise annual aid to the institution, if it should be started, as that would mean taking away from some institutions part of the meager help we give them, endangering their usefulness, perhaps their existence. It is greatly to be desired that the churches should provide \$150,000 in church offerings this year, and that individuals should add large amounts. Not thousands only, but millions are needed. Our colleges, making their painful way year by year to better buildings, larger faculties and more students, must have endowment. Some are making noble beginnings of endowment in their own regions, making such a record as the colleges of no other denomination have made in securing endowment from their home fields. But they cannot get enough there. Help must come from the richer parts of our Church. Diagrams on the fourth page of the cover show what proportion of the properties and endowments of our Western colleges has been collected in their own vicinages, and what proportion has been given by the East.

EDUCATION DAY.

The use of this Day, "a Sabbath near the Day of Prayer for Colleges," to instruct congregations regarding the principles of our cause, is growing somewhat. Its importance for the future of our Church cannot be overestimated.

SABBATH SCHOOLS AND YOUNG PEOPLE'S SOCIETIES.

This is the only Board of our Church whose work is only for young people only. It is solely for our young people in the newer regions of our country. Some Sabbath Schools and young people's societies recognize this fact and send us annually their generous gifts, and give our devoted teachers and struggling students a place in their sympathy and prayers. The Board needs the help of every one.

MEMBERSHIP

At a meeting of the Board, held April 28, 1903, the Rev. Herrick Johnson, D.D., LL.D., who may justly be called the Father of the Board, and who had been its President from the first, offered the following letter of resignation of that office:

"To the Officers and Members of the Board of Aid for Colleges and Academies:

" Dear Brethren:--

"After twenty years of service as a member and as President of this College Board, it seems to me that I should retire from active duty, and retain only a nominal, if any, connection with its activities and responsibilities. It has been to me a blessed opportunity and service. I count the organization of the Board, through the report to the Assembly of 1883, of a committee of which I was privileged to be the chairman, the most important and far reaching of any single service of my life. It has been a joy to be associated with the members of this Board through this constructive period of its history. It is with high hope and serene confidence I look out to the future and wider work of this educational agency.

"I lay down the trust with gratitude to God for the past, and in full hope of the future. Begging leave to resign the Presidency, and asking that I be released from

all further enforced service, to take effect at the expiration of the current year, June, 1903, I am,

"Yours very sincerely,

"HERRICK JOHNSON."

A committee, appointed to confer with Dr. Johnson regarding the resignation, made the following report, which was accepted and adopted at the Annual meeting of the Board, June 16, 1903:

"Your Committee reports that after one or two interviews with Dr. Johnson, it seems imperative, on grounds of health, that his resignation should be accepted. The Committee therefore recommends, First: That the Board accept, with great regret, the resignation of Dr. Johnson as President. Second: That, in view of the fact of Dr. Johnson's long and eminent services as first and only President of the Board, he be made President-Emeritus for life.

"In view of the relations of the Rev. Herrick Johnson, D.D., LL.D., to the organization and conduct of this Board, and in view of his resigning the Presidency of the Board and of his election as President-Emeritus, the Board respectfully overtures the General Assembly to add to section B, of the Constitution of the Board, as follows:

"'In just recognition of the relation of the Rev. Herrick Johnson, D.D., LL.D., to the organization and conduct of this Board, he is hereby constituted from this time forth a special member of the Presbyterian Board of Aid for Colleges and Academies, in addition to the twenty-four members named above, and entitled to the prerogatives of other full members of the Board, and to continue in the office during the term of his natural life, or until he shall resign."

The Board respectfully asks the adoption of this overture

This year, like the previous one, has brought double bereavement; that year two ministerial members passed away, this year two lay members: The Hon. Dan P. Eells and Mr. Henry J. Willing.

Mr. Eells was elected a member of the Board by the Assembly that organized it in 1883, and remained a member to the day of his death. His interest in its work was constant. His helpful agency, especially in the earlier and formative period, was pronounced, and it was ungrudgingly given. His gifts were generous, and often, in critical periods, most timely.

Mr. Willing was elected a member of the board in 1893, and from the first day that he took a seat in the Board, he was to it an active, efficient and most liberal friend. He responded to its calls, accepted responsible places on its committees, gave generously and unflaggingly to its needs, and brought all his business powers, his swift mental action, his keen insight, his mercantile balance and his wide business experience to the Board's constant service.

The vacancy in the class of 1906, occasioned by the death of Mr. Eells, is to be filled by this Assembly.

Mr. Arthur D. Wheeler was elected a member of the Board to fill the vacancy in the class of 1906, caused by the death of Mr. Henry J. Willing. Approval of this election is requested.

The term of service of the following members expires with this meeting of the General Assembly, namely:

Ministers: Herrick Johnson, D.D., LL.D., Wm. O. Ruston, D.D., W. P. Kane, D.D., and Edward H. Pence, D.D.

Laymen: W. H. Swift, Hon. Ephraim Banning, L. W. Yaggy and Theodore F. Rice.

CONCLUSION

The Statistical Tables, Map, General Information, Classification of Presbyterian Educational Institutions and Treasurer's Report, which accompany this, are parts of the Board's Annual Report to the General Assembly.

All of which is respectfully submitted by order of the Board.

E. C. RAY, Secretary.

CONSTITUTIONAL PROVISIONS.

The following are the chief provisions under which this Board has been constituted, as determined by the act of the General Assembly of the Presbyterian Church in the United States of America, in session at Saratoga, N. Y., May, 1883:

The name of this Board shall be the Presbyterian Board of Aid for Colleges and Academies, and the general work shall have the limitations indicated by its title.

The Board shall consist of twenty-four members, divided into three classes, composed equally of ministers and laymen, and one class shall be elected each year.

The province of the Board shall be to secure an annual offering from the churches for this cause; to co-operate with local agencies in determining sites for new institutions; to decide what institutions shall be aided; to assign to those institutions seeking endowment the special fields open to their appeals, that clashing between them may be avoided; and to discourage all independent appeals to the church at large.

The funds received by the Board shall be devoted either to current expenses of struggling institutions or to permanent endowments.

The funds shall be secured (a) by annual offerings from the churches, mainly for current expenses of the institutions; (b) by special applications for endowment under the approval and general direction of the Board.

Every institution hereafter established, as a condition of receiving aid, either shall be organically connected with the Presbyterian Church in the United States of America, or shall, by charter provision, perpetually have two-thirds of its Board of Control members of the Presbyterian Church.

In the case of institutions already established and not included under the above provisions, appropriations for endowment shall be so made as to revert to the Board whenever these institutions shall pass from Presbyterian control.

In all other respects the disbursement of funds by the Board shall be wholly discretionary with the Board, both as to amount and direction, subject always to the control of the General Assembly.

WANTED: GIFTS.

- 1. For the General Fund; derived from church annual offerings (to be made in February if convenient), and individual gifts; from which appropriations are made to the current expenses of institutions. Only institutions whose charters or articles of incorporation place them in the control of the Presbyterian Church are aided; and no institution may incur indebtedness while connected with the Board. Demands upon this fund increase more rapidly than the churches' gifts to it.
- 2. For the Property Fund; derived from individual gifts and bequests; used to aid institutions in (1) Paying off remaining indebtedness; (2) Adding needed buildings or other equipment; (3) Obtaining endowment.

The Board, offering part of the amount needed, stimulates local giving of the rest, bringing to the Church property worth from three to five times the amount of the gift. Requiring adequate insurance on buildings and their contents, and taking a mortgage on the institution's property, the Board secures to the Church forever not only its own gift, but the entire property. Gifts should be made through the Board in order to secure the Church's perpetual hold upon them. Personal gifts and bequests, either for designated institutions or to be distributed in the Board's discretion, are increasingly needed.

- (1.) Debts. A few institutions are embarrassed, their growth hindered, their income partly absorbed in interest payments, by indebtedness mostly small compared with the values of the properties.
- (2.) EQUIPMENT. Successful institutions with increasing patronage require additional buildings and enlarged equipment.
- (3.) Endowment. Most of our schools are unendowed. The Board's income is not sufficient to carry all these and to aid new schools. Schools of approved worth must be endowed.
- 3. Solicitation of Funds by representatives of aided institutions is forbidden, except in fields assigned to them or from personal friends. See page 21, 3, (1.) and 22, (2.)

APPLICATIONS FOR AID.

- 1. Ownership. Ownership and control of institutions expecting aid must be vested in an ecclesiastical corporation belonging to our denomination; or in a board of trustees annually elected or nominated by such an ecclesiastical corporation; or in a board of trustees, two-thirds of whose members shall always be, by stipulation in the charter or articles of incorporation, members of the Presbyterian Church in the United States of America.
- 2. **Determining Sites**. The Act of General Assembly constituting the Board directs it "To co-operate with local agencies in determining sites for new institutions." It should be consulted before a projected institution expecting its aid is located.
- 3. **Selecting Institutions**. The Board is also "To decide what institutions shall be aided." The territory is vast; communities needing Christian schools are innumerable; local offers of land, buildings, cash for starting schools are multitudinous; the Board's resources are limited; the multiplication of small colleges and schools cannot easily outrun the need, but does outrun the Church's contributions for their aid; the Board must make selection.
- (1.) RELATIVE LOCATION. Remoteness from other Christian schools and from state institutions is a claim. Ordinarily but one Presbyterian college can be aided in a state until the Presbyterians of the state can support that and aid a new one beside. No academy in the vicinity of another Presbyterian school will be aided.
- (2.) Population. To pre-empt for the church strategic points which are to become influential centers is sound policy; yet neither may sanguine expectations of new settlers be always accepted as prophecies of future greatness, nor may places already populous and growing be neglected.
- (3.) PROPERTY FOUNDATION. A new institution should have a property foundation sufficient to assure, with moderate aid from the Board, the meeting of its annual expenses at the outset. No new institution having indebtedness may expect

current aid; but the Board will try, in cases of exceptional merit, to aid in removing the debt.

- (4.) Local Interest. Land and cash offered as real estate speculation, with no vital local interest in a Christian school, do not invite the Board's aid; for the Board cannot provide all or one-half what will be needed eventually, but stimulates by its offers that local giving which must be the main reliance. The Board has settled policy to help institutions which, by a local spirit of fostering generous aid, have promise of large future. The Lord's money must be invested by its steward, the Board, where the largest returns are probable.
- (5.) Educational Work. The Board is set to aid colleges and academies, not low grade schools, and to foster classical study which high schools rarely provide. Yet where an academy can increase income and draw pupils to advanced studies by teaching lower or commercial branches, and where a college can increase income and lead students into its college courses by doing preparatory work, this is approved. But in all institutions a high and rising grade of educational work is expected.
- (6) SPIRITUAL INFLUENCE. Our institutions are meant to convert the unconverted and to consecrate Christians. Schools with consecrated teachers doing their work in a missionary spirit; with daily worship, young people's societies, and a total life that influences pupils toward Christ, and young men toward the ministry, have large claim for aid. The highest educational work, lacking this element, has no claim upon the Church's funds.
- (7.) BIBLE TEACHING. The word of the Lord, which converts the soul, makes wise the simple, rejoices the heart, and enlightens the eyes, must be a chief text book in every school aided by the Board. Teaching the evidences of Christianity is not sufficient; Christianity must be taught. Schools doing superior Bible work have superior claims upon the Board's aid.
- (8.) Change of Grade. An institution having aid from the Board as an academy may not change its grade to that of a

college without the previous consent both of its synod and of the Board.

(9.) VISITATION. New institutions must not expect aid before they have been visited by the Secretary.

4. Applications for Current Aid.

- (1.) FORM. Application is to be made by the trustees, in formal meeting, filling out a blank which the Secretary will furnish on request and will send to aided institutions May 1. Applications made for the first time should be accompanied by the fullest information regarding the history and prospects of the institution.
- (2.). Time. The Annual Board Meeting for voting on applications is held on the third Tuesday in June. Applications must be in the Secretary's hands by June 1. If the trustees cannot meet in time for this, the executive committee should send an application as nearly as possible like that which the trustees will probably adopt; and the formal application, adopted by the trustees, should reach the Secretary by June 15. Institutions withholding applications beyond the date of the meeting, and giving no satisfactory explanation of the delay, will be regarded as expecting no aid from the Board for the ensuing year.
- (3.) APPROVAL BY PRESBYTERY OF SYNOD. Applications of colleges must have the formal approval of their synods endorsed upon the applications; applications of academies, the approval of their presbyteries. Failing this, no aid can be given but upon unanimous vote of the Board, sixteen members being present. Yet as there is often no meeting of the ecclesiastical body held between the making of the application by the trustees and the June Board meeting, unendorsed applications will be voted on at the June meeting; exact duplicate applications, approved and endorsed, to be sent to the Board before any payment of aid will be made.

The Board assumes that in approving an application the synod or presbytery has satisfied itself by careful investigation (by committee visitation and scrutiny of the institution, if possible), regarding the institutions' *Location*, if it be well chosen; Financial Administration, if it be wise and economical; Scholas-

tic Work, if it be broad, symmetrical, and thorough; and Spiritual Influence, if it leads pupils to Christ, form noble manhood and womanhood, and bring young men to the ministry. The Board further assumes that, in approving an application, ministers and ruling elders purpose to follow their affirmative votes with cordial assistance in prayers, kind words, and gifts.

5. Application for Property Funds. Application for Property Funds for aid in paying indebtedness or in the production or increase of property should be made in writing, should state explicitly all facts in the case, should be certified as adopted by a formal vote of the trustees in regularly called meeting, and should have formal approval of synod (for a college) or of presbytery (for an academy).

APPROPRIATIONS FOR CURRENT AID.

- 1. Amount. The Board makes appropriations in deep sympathy with struggling institutions, mindful of exceptional cases, seeking the advantage of the Church's entire educational work, and with such wisdom as may be given to those who, knowing their lack, ask of God. It can give only what the Church contributes. In no circumstances will its total amount of appropriations exceed its reasonably assured income.
- 2. **Announcement**. Appropriations voted at the June Board meeting will be at once announced to boards of trustees of institutions, that they may adjust their proposed outlay for the ensuing scholastic year to their probable income.

3. Additional Sources of Income.

(1.) From Churches. Colleges aided by the Board may solicit from the churches of their respective synods their annual College Board offerings; and academies have similar privileges in their respective presbyteries. Church offerings sent to the Board, but designed for institutions which have a right under this rule to solicit them, will be forwarded to the institutions, in addition to any appropriation voted by the Board, if churches indicate the designation of such offerings at the time of remittance. Institutions asking aid of the Board will be considered

as thereby pledging themselves not to solicit offerings from churches in fields not assigned to the institution by the Board.

(2) From Individuals. Colleges aided by the Board may solicit personal gifts in their respective synods, academies in their presbyteries, or both from fields assigned them or from personal friends anywhere; but this does not mean that acquaintance with a pastor in another synod or presbytery authorizes solicitation from his church or people, or that solicitation may be made of persons because they have previously aided an institution. Institutions asking aid of the Board will be considered as thereby pledging themselves not to solicit individual gifts of persons in fields not assigned to the institution by the Board. Individual gifts designed for institutions which have a right under this rule to solicit them, and sent to this Board, will be forwarded to the institutions, in addition to any appropriations voted by the Board, if the giver indicates the designation of his gift at the time of remittance.

4. Conditions of Payment.

- (1.) No Debt Incurred. Institutions aided by the Board may not create debt of any kind without previous concurrence in writing by the Board.
- (2.) Expenses Within Income. Institutions aided by the Board must keep current expenses within income, permitting no unsettled claims of teachers or of others.
- (3.) BIBLE STUDY. Systematic study of the Bible shall form an integral part of the prescribed course of study.
- (4.) Solicitation of Funds. Institutions aided by the Board must observe carefully the Rule, p. 21, 3, (1.) and 22 (2).
- (5.) Insurance. No appropriation voted by the Board is payable to any institution which shall not at the time of such payment have furnished to the Secretary evidence that the property is adequately insured. The amount of insurance should cover about 60 per centum of the estimated value of stone or brick buildings, and about 70 per centum of the estimated value of wooden buildings. (See p. 25, 6.)

5. First Half-Payment.

- (1.) TIME. It will be made, if the Board's treasury permits, in January and February.
- (2.) CONDITION. The December Certificate Blank, sent out by the Secretary December 10, must be returned filled out in form, approved in session of the Board of Trustees or of the executive committee of the institution, before the payment will be made.

6. Second Half-Payment.

(1.) TIME. It will be made as soon after the receipt of satisfactory June Certificates and Property Statements (mentioned below) as the Board's treasury will permit; usually at once, and probably in June.

(2.) Conditions.

The Spring Report Blank, sent out by the Secretary March 20, must be in the Secretary's hands, filled out in form, by April 7. Delayed Spring Reports will be telegraphed for at the expense of the institution.

The June Certificate Blank, sent out by the Secretary May I, must be returned filled out in form, approved at the annual meeting of the board of trustees of the institution; and it must show that, with the exception of such outstanding bills as the Board's final payment will be sufficient to meet, all bills of the year have actually been paid, and accompanied with the trustees' pledge that the remaining bills shall be paid as soon as the expected remittance from the Board shall be received.

The Property Statement Blank, sent out by the Secretary May 1, must be returned filled out in form, approved at the annual meeting of the board of trustees.

Such Other Reports as the Board may require must be made.

APPROPRIATIONS FROM THE PROPERTY FUND.

1. **Object.** Appropriations from the Property Fund are made only to aid in extinguishing debt on property, in completing enlargement or erection of buildings, and in securing endowment.

2. Amount. Only in exceptional circumstances should an institution ask of the Board more than one-fifth of the entire amount needed, in no case more than one-third. But the Board will gladly aid in securing a larger proportion, or the entire amount needed, for any especially deserving institution, should some individual donor propose to bestow it.

3. Conditions of Payment.

- (1.) Completing the Effort. The appropriation will be paid when it secures the complete extinguishment of indebtedness, or makes the final payment on the completed building, or completes the amount of endowment contemplated.
- (2.) Solicitation of Funds. Such solicitation of funds as is discouraged by the Rule (page 21, 3. (1.) and 22, (2.), will forfeit the appropriation.
- (3.) MORTGAGE. Payment of the appropriation will not be made until a mortgage covering the property of the institution, for the total amount of the appropriation, shall have been executed and placed in the Board's possession.
- (4.) PROPERTY TITLE. The property to be covered by mortgage to the Board must not be subject (by the terms of the deeds conveying it to the trustees of the institution, or otherwise) to any conditions, reservations or restrictions which would in any way prevent or interfere with the acquiring of a good title to the property by foreclosure of the mortgage to be given to the Board.

4. Necessary Steps.

(1) Parties Required. The Board must have

A certified copy of the charter or articles of incorporation of the institution.

A certified copy of the by-laws.

An abstract of title of the property to be covered by the mortgage.

(2.) TIME. As the preparation, execution and approval of the papers require time, the institution should notify the Board that it will be ready for the payment, and should for-

ward the papers named above, three months before payment is expected to be made.

- (3.) OTHER PAPERS. The mortgage and other necessary papers will be prepared by the Board and transmitted to the Board of Trustees of the institution for execution. Such papers sent by the Board must be executed by special vote of the board of trustees at a meeting regularly called, and a quorum being present; and a certificate to this effect will be required. Mortgages must be recorded.
- (4.) EXACTNESS. Delay will be avoided if trustees of institutions follow explicitly the directions which will accompany the papers prepared and transmitted to them by the Board. The Board will require entire exactness.
- 5. **Special Conditions.** Such special conditions as the Board may make in each case will be notified to the trustees of the institution, and compliance with them will be required by the Board.
- 6. **Insurance**. Before payment of Property Fund appropriations can be made, the Board must be certified that all fire insurance policies, on property covered by the Board's mortgage, contain mortgage clauses making loss, if any, payable to this Board.

December and June Certificates, from institutions on whose property the Board holds mortgages, must carry similar certification before payment of any part of annual appropriations can be made.

ACTIONS OF THE GENERAL ASSEMBLY

AT BUFFALO, NEW YORK, MAY, 1904.

1

The following report by the Rev. Teunis S. Hamlin, D. D., of Washington, D. C., Chairman of the Assembly's Standing Committee on this Board, was unanimously adopted:

The Standing Committee on the Board of Aid for Colleges and Academies unanimously reports as follows:

The work of the Board during the last ecclesiastical year has gone on with few incidents of special importance. Its sole President from its organization, Dr. Herrick Johnson, resigned his office, and on June 16tho 1903, his resignation was accepted, and he was made President-Emeritus for life. Two lay members of the Board died during the year, the Hon. Dan P. Eells and Mr. Henry J. Willing. Both were active workers and liberal givers.

The receipts of the Board from all sources were \$186,262.46, an increase over the previous year of \$325.80. 244 more churches and 15 more church organizations contributed in 1903-4 than in 1902-3. Nearly all individual gifts and many church offerings being designated for particular institutions, the Board could appropriate only \$27,000 for current expenses. This is only one-half the sum urgently needed. The churches gave only \$62,551.25 of the \$150,000 recommended by the last Assembly. Despite this fact, the Board prosecuted its work so effectively that nine colleges have paid off debts, increased their endowments, or otherwise prospered financially, while two have been reinstated. In all, 26 institutions have been aided. In net property value there has been a gain of \$361,177; in students of all grades, 280. 27 institutions are now under the care of the Board, having property worth \$1,841,382; teaching 3,904 pupils, of whom 2,165 are confessed Christians. 186 credible conversions have taken place among the pupils during the year.

All this means good work so far as it goes. But it is sadly inadequate to the needs of our great church and its constituency. This was so deeply felt by the Assembly of 1903 that it created the College Endowment Commission, through which an educational fund of not less than \$12,000,000 should be raised within three years. This strong Commission has been at work during the year; its report is in your hands, and we assume that every Commissioner has read it. It has been referred by the Assembly to this Committee. Without rehearsing the story of the Commission's work, we turn at once to its conclusions, in which the Board of Aid for Colleges and Academies fully concur.

These conclusions are that the Board should be reorganized, and the Commission discharged. This reorganization to be under the following plan, which your Standing Committee recommends to the Assembly:

- 1. The Board of Aid for Colleges and Academies to be hereafter named The College Board of the Presbyterian Church in the United States of America.
- 2. Said Board to be enlarged in sphere of operation and executive force so as the more widely to represent the Church, and so as the more directly and efficiently to promote college interests and objects, especially in the matter of endowment, which was manifestly approved by the General Assembly at its meeting at Los Angeles.
 - 3. The headquarters of the Board to be in New York City.
- 4. The Board to consist of 24 members, one-half of whom shall be and two-thirds of whom may be laymen. They shall be divided into three classes, one class to be elected each year by the General Assembly.
- 5. The Board shall elect its own executive officers, fix their terms and salaries. In view, however, of the long and faithful service of the present Secretary of "The Board of Aid for Colleges and Academies" he shall be continued as office secretary at the pleasure of "The College Board."
- 6. The Board shall give immediate and special attention to the endowment of our Presbyterian Colleges which come into relations with the Board. It may aid Academies in its discretion in the matter of current support, but shall not seek endowment for such institutions.
- 7. It shall be the settled policy of the Board to limit the number of colleges upon any field to the needs of that field; and in carrying out this policy colleges may be consolidated when deemed advisable by the Board. Colleges coming into existence without the approval of the Board, and colleges which refuse to consolidate when so directed by the Board, may be denied aid from the Board.
- 8. The Board shall be authorized to call an Annual Conference of Presbyterian Colleges to advise the Board and co-operate in carrying out the ends proposed. This conference may nominate two members of the Board, to be elected each year by the Assembly.

We recommend that the Constitution of the reorganized Board shall be as follows, subject, however, to amendment by the Board as necessity may require or experience suggest:

CONSTITUTION OF THE COLLEGE BOARD.

1. The name of this Board shall be The College Board of the Presbyterian Church in the United States of America, and the general work shall be such as is indicated by its title. It may aid Academies in its discretion in the matter of current support, but shall not seek endowment for such institutions.

- 2. The Board shall consist of 24 members, one-half of whom shall be and two-thirds of whom may be laymen. They shall be divided into three classes, one class to be elected each year by the General Assembly The Board shall have power to fill vacancies.
- 3. The officers of the Board shall be a President, a Vice-President, a Secretary and a Treasurer.
- 4. The headquarters of the Board shall be at New York, and the Executive Committee of the Board shall be residents in New York or in the immediate vicinity.
 - 5. The province of the Board shall be:
 - (a) To awaken interest, diffuse information, and stimulate prayer in behalf of the cause with which it is charged.
 - (b) To co-operate with colleges, which come into relations with the Board, in securing endowment for them.
 - (c) To co-operate with local agencies in determining sites for new colleges.
 - (d) To decide what colleges shall be given annual help for current expenses; and, for this purpose,
 - (e) To secure an annual offering from the churches.
- 6. The Board shall call an Annual Conference of Presbyterian Colleges to advise the Board and to co-operate in securing the desired results. This conference may nominate two members of the Board to be elected each year by the Assembly.
- 7. The funds received by the Board shall be devoted either to the endowment or to the current expenses of colleges, and shall be secured:
 - (a) By special applications for endowment under the approval and general direction of the Board.
 - (b) By annual offerings from the churches.
 - 8. (a) Every college hereafter established, as a condition of receiving aid, shall be organically connected with the Presbyterian Church in the United States of America, or by perpetual Charter provision shall have two-thirds of its Board of Control members of this Church.
 - (b) In case of colleges already established, and not included under the above provisions, appropriations for endowment shall be so made as to revert to the Board whenever these colleges shall pass from Presbyterian control.
 - (c) In all other respects the disbursement of funds by the Board shall be wholly discretionary with the Board, both as to amount and direction, subject always to the control of the General Assembly.
 - (d) The Board shall endeavor to have all gifts for Christian Education within our church, either passed through its treasury or reported to it, that its reports may show from year to year what sums and from what sources, are given to this cause.

- 9. It shall be the policy of the Board to limit the number of colleges in any region, so as to secure strong institutions rather than many weak ones, and in carrying out this policy colleges may be consolidated when deemed advisable by the Board. Colleges coming into existence without the approval of the Board, and Colleges which refuse to consolidate when so directed by the Board, may be denied aid from the Board.
 - 10. We recommend that the membership of the Board be as follows:

CLASS OF 1905.

And in order that certain of these may serve this very important cause, we recommend that Standing Rule 16 (Minutes of 1903, page 3491) be suspended for one year in favor of this Board in so far as regards the words "or a member of any other benevolent Board of the Church."

And we further recommend that in view of the unique relations of the Rev. Herrick Johnson, D. D., LL.D., to the organization and conduct of the Board of Aid for Colleges and Academies, and his service therein as President for over 20 years, he be made a special member and President-Emeritus for life of The College Board of the Presbyterian Church in the United States of America.

11. We further recommend that the first meeting of this Board be held in the Board room of the Board of Foreign Missions in the Presbyterian Building, 156 Fifth Avenue, New York City, on Tuesday, the 31st of May, 1904, at three o'clock in the afternoon, and that the members who may be present shall constitute a quorum for the transaction of business at that meeting.

- 12. And we further recommend that the Board of Aid for Colleges and Academies and The College Board of the Presbyterian Church in the United States of America be directed to take the legal steps necessary for the transfer of the former Board, and its property, cash and securities.
- 13. And we further recommend that the thanks of the Assembly be extended to the laymen who have generously contributed to the expenses of the College Endowment Commission, and to all other persons who have aided in the work.
- 14. And we further recommend that the hearty thanks of the Assembly be, and they hereby are, extended to the Board of Aid for Colleges and Academies and to all who have served thereon during the past twenty-one years.
- 15. In order that the work of this College Board may be promptly effective, and that institutions now in emergency may be timely aided, we recommend as follows:
 - (1). The Churches are earnestly exhorted to bring their gifts for the coming year up to the sum named as a minimum by the last Assembly, viz., \$150,000.
 - (2). Pastors and Churches are urged to observe "Education Day" on the Sunday nearest the "Day of Prayer for Colleges," when suitable sermons should be preached, and the intimate relation of education to the evangelization of our land and of the world plainly set forth.
 - (3). The work of this Board being for the young only, our Sunday Schools and Young People's Societies should feel an especial interest in it and should be carefully instructed by parents, pastors, Sunday School Superintendents and teachers and other leaders, in the vast importance and far-reaching effect of this Board's work.

We have found the records of the Board of Aid for Colleges and . Academies correctly kept, and recommend their approval by the Assembly.

All of which is respectfully submitted.

By order of the Committee,

TEUNIS S. HAMLIN.

Chairman.

Π.

The General Assembly also adopted unanimously the following resolution:

Resolved. That The College Board of the Presbyterian Church in the United States of America be, and it hereby is,

instructed to confer with "The Board of Education" to ascertain whether a union of these Boards can not be affected with material advantage to the advancement of the great cause of Christian Education within our Church: And report hereon shall be made to the next General Assembly.

HI.

The General Assembly also adopted the recommendations of the Special Committee on Religious Conditions in State Universities, as follows:

- 1. That the Board of Aid for Colleges and Academies be directed, either by the appointment of a special Secretary for that purpose, or in such other way as the Board may deem best, to take up as a part of its regular work the provision of adequate means for the furnishing of religious culture to our young people in the State universities and safeguarding them for our Church.
- 2. That the attention of the Board of Aid be called to the necessity of fuller and more accurate information with reference to religious statistics in the secular colleges and universities. Especially does it appear necessary that agricultural colleges and normal schools should be investigated. These the present Committee considered as lying outside its proper sphere of work.
- 3. That a conference of representatives of Presbyterianism in the State universities be held in connection with the next General Assembly, so that by a face-to-face discussion of the vital interests at stake the cause may be advanced.

TWENTY-FIFTH ANNUAL REPORT

OF THE

SPECIAL COMMITTEE

ON

SYSTEMATIC BENEFICENCE

APPOINTED BY THE

GENERAL ASSEMBLY

OF

THE PRESBYTERIAN CHURCH

IN THE UNITED STATES OF AMERICA.

1904.

The Committee on Systematic Beneficence begs leave to submit to the General Assembly the report of its work for the year ending April 30, 1904, and in doing so we give thanks to our covenant-keeping God for the inspiration, encouragement, and signs of His favor.

One practical difficulty respecting the important work of Systematic Beneficence is that it is almost impossible to point

to definite results accomplished year after year.

In this respect it is quite different from the operations of the Boards and other agencies of the Church. For example, the Foreign Board, at the close of each year, is able to point with pride to the number of missionaries in the foreign field, the new workers commissioned, and the stations opened.

The results are thus visible and tangible.

It is likewise so with the Home Board, which can give detailed information to the Church of the army of preachers, missionaries, teachers in the field, the number of new churches organized, and the results. So it is with the Board of Church Erection, Publication and Sabbath-school Work, and other agencies. Of all these it may be said that, to a greater or less extent, their work stands out in clear light before the eyes of men.

When we come to the work of the Committee on Systematic Beneficence it is quite different. There is little spectacular about the operations of this committee, and it is difficult to point to visible results. We erect no schools or churches, hold no great conventions, and print no elaborate

reports.

Yet, indirectly, we do all this, for we seek, in every pos-

sible way, to stimulate the grace and privilege of giving to God's work in its varied forms, and how long could the agencies of the Church carry on their work unless Christian people gave money? All our Boards and other organizations must have the means to sustain and expand their work. The proper supply of money is, with the blessing of God, to Christian life and activity what the rain is to the fields—an

imperative necessity.

Though Systematic Beneficence may be considered a prosaic and commonplace subject, still all rejoice in what it is able to accomplish in securing the necessary supply of funds; and the subject is all the more of vital importance in a country where the Church has no revenues from public taxation, but must depend upon the generosity of its members. The right motive, theory and plan of giving secures the material means necessary to success. There is a close connection between the secular and the sacred. It requires gold to preach the gospel throughout the world. The annual budget of a church or a church board is as important to it as the annual appropriation bill is to the welfare of the nation. It is impossible to carry on a war without money, and we are at war with the forces of sin in the world!

Systematic Beneficence deals with great principles—property, ownership, accountability, consecration. It teaches Christian people the duty, privilege and method of giving back to God what He has given to them, and doing this methodically, proportionately, gladly. Indeed, there can be no doubt as to the value of a right method of giving. This is something that must be learned by the Christian, guided by the Holy Spirit. "Conscientious and generous giving is not a natural growth. Inherent selfishness checks and dwarfs its development. Like any other fruit of the Spirit, it needs cultivation. It must be built upon love, and supported upon the one side by principle and upon the other by habit." No one doubts the value of a right motive and method in giving, and were the Church to put into operation promptly the Scriptural methods blessed results would follow. Right giving would put an end to frantic appeals; the energy of good men would be conserved; the Church would be able to push forward and enter doors of usefulness in all parts of the world; the spiritual life of Christians would be quickened; the gospel of salvation would soon be proclaimed to a world cursed and groaning under its load of sin; the islands and continents would join in a universal anthem of salvation, and Jesus Christ would soon be enthroned in human hearts throughout the whole world.

Your committee finds it increasingly difficult to present "some new thing" each year. Rather it is "precept upon

precept; line upon line, line upon line; here a little and there a little."

In order to be of service we seek to offer, if possible, new suggestions year by year. To show what has been done, we propose to make a "series of observations" extending over the past ten years, for only in this way can we determine our latitude and longitude on the sea of Systematic Beneficence; a sea at times calm, but often troubled, as it was in 1893, when the committee said, "Not for a generation has there been direr financial distress. It has severely tested the faith of God's people and their love for His work."

We propose now to make a rapid survey of the work done by the Assembly's Committee covering a period of ten years.

1894. The report of that year dwelt largely with the subject of apportionment. It was resolved that,—

"The General Assembly expects each of its Synods, Presbyteries and Churches to give its just share of the funds needed to prosecute the work of the Boards of the Church."

Following this resolution we find that "The General Assembly accordingly directs its Special Committee on Systematic Beneficence to apportion the amount needed by our Boards for the coming year among the Presbyteries, after consultation with the corresponding committees of Synods, upon the basis of the valuation of church property and the amounts expended for congregational expenses."

1895. The report again dwelt upon the subject of apportionment, and the Assembly urged each Presbytery through its Committee on Systematic Beneficence, or in such other way as in its wisdom it may deem best, to undertake the raising within the bounds of the church such a sum as it considers, in view of its ability and their needs, its fair share of the whole amount required; and that each church be informed by Presbytery of the sum requested from it for each Board.

We find that the principle of apportionment received the approval of many of the large Synods of the Church, such as Baltimore, California, Illinois, Indiana, Iowa, Missouri, Minnesota, Nebraska, New Jersey, New York, Ohio, Oregon, Pennsylvania, Washington.

Attention was also called to the fact that the Assembly Herald having been established the last year, the Christian Steward, which had been published by the Committee on Systematic Beneficence without expense to the Church for two years, had been discontinued.

1896. The report gives statistical tables showing the gifts to the Board for the past ten years. The conclusion was

reached that there was a large field unworked, and it was strongly recommended that "The committee be authorized to furnish pledge cards free to all sessions of churches that are willing to make a faithful canvass of their congregations for weekly offerings to be divided among the Boards of the Church, on the basis of the General Assembly's apportionment of undesignated funds—that the committee be further authorized to furnish free packages of fifty-two envelopes for receiving such weekly offerings, according to the number of pledges in each case made." This action was taken because it was believed that the effort would "emphasize the importance which the Church attaches to the duty of every communicant to have a part in the aggressive missionary and benevolent work of the Church."

1897. The report deals with the gifts of the Boards through church offerings and from all sources, and the result of apportionment as compared with the voluntary system. It was also reported that the committee had presented to Presbyteries 100,000 subscription blanks. "In many Presbyteries enough blanks were ordered of your committee to supply every member of every church."

1898. The report gives elaborate statistical tables; shows that a small proportion of churches contribute to all the Boards; and the somewhat startling statement is made, "That not more than seventy-five churches pay distinct annual offerings for each of the eight Boards." The committee also called attention to the fact that nearly a third of the gifts of the Boards through church offerings was received during the month of March. The committee discussed the reduction of the number of Boards and dealt largely with the matter of blanks, envelopes, leaflets. It further called attention to the feasibility of holding popular meetings on behalf of Systematic Beneficence.

1899. One of the important matters brought to the attention of the Assembly was that of defining Systematic Beneficence. The following was commended: "By Systematic Beneficence is to be understood the making of gifts, from love to Christ, as an act of worship, in aid of those benevolent causes accredited and conducted by our Church as a whole for the spread of the gospel, according to some plan or system as regards the regularity of contribution, and according to ability as the Divine rule for amount thereof."

Another important matter was brought to the attention of the Church in this recommendation: "That the Assembly take steps to enact such legislation as shall require the special treasurer of the Beneficent funds of the Church to forward them to their destination as far as possible every month, and in all cases as often as once a quarter." 1900. The report shows that the committee dealt largely with the matter of harmonizing the views and methods prevailing in the Church on the matter of Systematic Beneficence. In the opinion of the committee, no scheme could succeed which failed to recognize certain fundamental facts:

(1.) The primary end to be sought is not so much to obtain funds for the Boards, or for any special object, as to inculcate principles and foster habits which shall actuate all

giving.

(2.) Everyone must be left free to give according to his

own views of personal duty.

(3.) Individual churches must be allowed the same

liberty.

In addition to the principles just enunciated, the committee discussed the need of committees on Systematic Beneficence in Sessions, Presbyteries and Synods, the duty of all to give, the growth of the Church and Systematic Giving and presented elaborate statistical tables. The following was the new item of the report for the year:

"We recommend that theological seminaries give full instruction on the subject of Systematic Beneficence, and upon the history, objects and operations of each of the Boards of

the Church."

1901. An examination of the report shows that the committee made it a part of its work to correspond with Presbyterial committees on Systematic Beneficence, urging them to secure in their several Presbyteries the adoption of the following rule, or something equivalent, viz.: That it be made a regular order each year at a fall meeting of Presbytery to call the roll of the churches, that responses may be given from every church on these points:

(1.) "Is the congregation afforded opportunity to contribute each year by some regular plan to all the Boards of

the Church? and-

(2.) "Do the pastor and session supply the families of the congregation with the printed statements of the Boards, as these are now furnished without charge on application to the

committee on distribution of literature?"

1902. We find in the report of this year that out of 208 Presbyteries, 189 had committees on Systematic Beneficence. The Assembly was requested to urge all Presbyteries not having committees to appoint them at once. The report also states that "This year, for the first time, a definite attempt was made to comply with the direction" that the several Treasurers of the Boards give to the Assembly's Committee on Systematic Beneficence, on or about the 1st of March, a list of churches which shall not as yet have sent offerings to them, and that the said committee make earnest efforts, in

co-operation with the Boards, to secure offerings from such

churches before the close of the fiscal year.

The committee also recommended that the Assembly counsel churches which support themselves on the envelope plan to include envelopes of another color for the offerings of the Boards.

1903. The special feature of the report was the attention called to the ten leaflets which the committee had prepared and were ready to distribute. The report also contained a summary of the number of church offerings taken

during 1901 and 1902 prepared by Dr. Hubbard.

During the past year the committee has carried an extensive correspondence with Presbyterial and Synodical Committees, has distributed tens of thousands of leaflets, and has sought in every way possible to be of service to the Church and to give an impulse to the cause of Systematic Beneficence.

Finding a constant demand for good literature, we issued one new leaflet, *The Financial Problem*, by Dr. Swartz of Poughkeepsie, N. Y., and are about to prepare others. We

suggest the following recommendations:

1. That Presbyterial Committees urge sessions to canvass congregations anew in order to ascertain in advance about the amounts that can be depended upon by the different Boards of the Church.

2. That Presbyteries and Synods hold popular meetings on Systematic Beneficence, and that Presbyteries urge ses-

sions to do the same.

3. That all our theological seminaries be urged to present the subject of Systematic Beneficence to their students, and that pastors speak and preach frequently on the same subject.

4. That Presbyteries instruct sessions to urge the treasurers of all church societies to send their contributions soon after these have been received; if possible within one month.

5. We urge Presbyterial Committees to secure from Rev. Wm. H. Hubbard, Auburn, N. Y., or from Mr. Adam Campbell, 156 Fifth Avenue, subscription blanks, envelopes and leaflets on the subject of Systematic Beneficence, and distribute the same among the churches under their care.

6. That five hundred dollars be appropriated by the As-

sembly for the use of the committee.

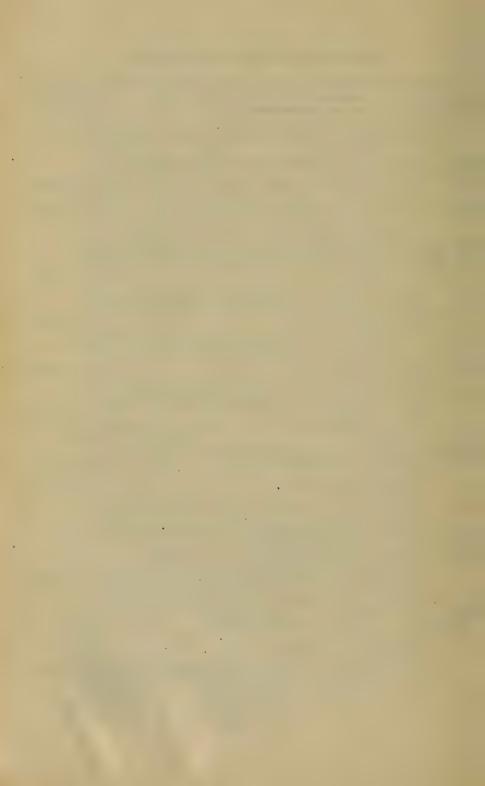

The following summary of the benevolent work of the Presbyterian Church in the United States of America, prepared by the Rev. W. J. Gregory, will be found useful. We ask for it a careful study on the part of all interested in our denominational benevolent work, and in the larger work of Christ's kingdom.

The Twenty-third Annual Report

For the Year Ending May 1, 1904.

Presented to the General Assembly at Buffalo, N.Y.

Again the Permanent Committee on Temperance has the sad report to make of the taking away by death of a much beloved member and officer.

The General Assembly of 1886, which reorganized this Committee, transferring it from New York to Pittsburg, appointed as one of its members Mr. Cyrus L. Rose, who, during the eighteen years which have since elapsed, has continued in that relation, rendering faithful and efficient service till March 15, 1904, when he was called to "come up higher."

A second vacancy having resulted from the resignation of R. M. Ewing, Esq., we respectfully suggest for these places the following gentlemen, viz.: Mr. R. Van Eman Johnson to fill the vacancy first indicated, and Paul H. Gaither, Esq., to fill the second place. The term of service of Mr. C. L. Rose would have expired at this term. The following members also belong to the class whose term of service expires at this Assembly: Charles S. McClelland, D. D., T. B. Anderson, D. D., and Mr. William C. Lilley.

We also respectfully submit for the inspection of the Standing Committee of the General Assembly the minutes of our meetings and samples of our printed matter.

Work Through the Press.

The literature issued during the year for free distribution consisted largely of the pamphlets, leaflets, cards, etc., composing the following list:

We also now have several additional tracts in foreign

languages.

In response to an appeal from Rev. D. N. Furnajieff, missionary of our Church in Bulgaria, an illustrated tract translated for us by Mr. F. is about to be sent in sufficient quantities for distribution among the people of Bulgaria and Macedonia.

We have also had several of our leaflets translated into the languages of the millions around us who have come from lands where temperance instruction has never been enjoyed, and we shall now have leaflets not only in the German and Slavonic, but also in the Italian, French and Spanish languages.

Some of our leaflets also reach many Bohemian readers through the columns of a periodical in whose publication the editor, Rev. V. Losa, is aided to a small extent from the treasury of your Committee.

We estimate the year's output of literature approximately at 1,500,000 pages. Should we add the space occupied in presenting temperance truth in the columns of various periodicais, the service which the printing press has rendered to this cause, through your Committee, cannot fall much short of 4,000,000 pages. The temperance literature which we have been able to issue, though superior in quality, is as yet meagre in quantity and variety. Some temperance literature has been issued by the Presbyterian Board of Publication and by the American Tract Society. The publications of the National Temperance Society and of the Woman's Temperance Publishing Association are varied and valuable, and it has been our endeavor to promote their circulation by directing intending purchasers to these sources of supply. But your Committee is in hearty accord with the apparent conviction of the General Assembly, that if purchasers come not fast enough the dissemination of printed truth must not for that reason be suspended. The exigency is pressing. The battle cannot be delayed till self-equipped volunteers offer themselves. There are thousands ready to bear armor in this good cause. Let their offit be freely supplied, and let the stores of the depleted public arsenal be promptly replenished. In this conflict with the powers of darkness the estimate which the Church puts on the printing press as an engine of war seems to be greatly exceeded by that of the enemy. A single liquor organization reports 2,500,000 packages of literature mailed last year, and the vast sums spent on liquor advertisements and in disseminating "the instruction that causeth to err" cast into contemptible insignificance the expenditure of all christendom on temperance literature.

Correspondence.

This department of your Committee's work grows steadily from year to year, both in volume and in the range of its subjects. Many hundreds of letters, of course, relate to the distribution of literature. In the past year the national legislation, to which attention was directed by the last Assembly, was the theme of several hundred letters—some to members of the Senate or of the House of Representatives—others to chairmen of temperance Committees or to individuals, renating to petition work, etc.

Having been directed by the General Assembly of last year (Res'l.) to memorialize Congress for the passage of the Hepburn bill, the following memorial was sent to the United States Senate and a duplicate to the House of Representatives, presentation of which was made to the Senate by Hon. Boise Penrose, and to the House by Hon. E. F. Acheson.

Pittsburg, Feb. 20, 1904.

To the United States Senate:-

The General Assembly of the Presbyterian Church in the United States of America, in session at Los Angeles, Cal., did on May 29th, 1903, take action directing that the Congress of the United States be memorialized for the passage of the Hepburn Bill, now known as the Hepburn-Dolliver Bill. (Senate No. 1390.)

The General Assembly, having charged its Permanent Committee on Temperance with the preparation and transmission of its memorial, the said Committee does now respectfully represent that many communities in our country have been suffering serious violations of certain just rights, and that redress of these wrongs may be best secured by the legislation

proposed in the above-named bill.

State laws relative to the sale of alcoholic liquors are being rendered nugatory through the common practice of liquor dealers, who, having imported their wares from without the State, prosecute their traffic regardless of State laws, restrictive or prohibitory, and take shelter from the penalties under the shield of National Inter-State Commerce regulations. Surely that must have been a misinterpretation of former Congressional enactments, by which such wrongs became possible. An invasion of the rights of the States is involved, which is palpable and cannot have been in the purpose of our National legislators. From the bench of the Supreme Court

of the United States we hear the traffic in intoxicating drink declared to be "the most prolific source of crime and misery." It is inconceivable that the trade thus characterized should be selected by the Legislative and Executive Departments of our National Government as a favorite and protege which must be shielded from the efforts of the States or communities for its restriction or expulsion from their bounds.

Your honorable body is therefore hereby petitioned for the passage of this bill, whereby the intent of existing Inter-State Commerce laws shall be made clear and intoxicating liquors brought into any State to be sold therein shall be declared subject to the laws of that State immediately upon

crossing its boundary line.

We beg also to represent that the Presbyterian Church, which the General Assembly represents, is composed of 7,800 churches, 29,000 ruling elders, 7,700 ministers and 1,007,000 communicants, with perhaps twice that number of adherents.

For the General Assembly.

William C. Lilley, Chairman.

John F. Hill, Correspondping Secretary.

In the interest of this legislation, which, if secured, must prove of the highest value to the cause of temperance, our chairman has twice visited Washington and addressed the Judiciary Committee of the House of Representatives at a hearing given for discussion of the measure.

The will of the General Assembly expressed in Resolution 2 has also been carried out by the presentation to Congress of

a memorial in behalf of the Gallinger Bill.

Pursuant to the order of the General Assembly (Resolution 8), correspondence was opened with officers of the judicatories of sister Churches. The following letter was addressed to the Stated Clerk of the General Assembly of the United Presbyterian Church of North America and a duplicate thereof to the officers of each of seven other sister Churches.

Pittsburg, March 19, 1904.

Rev. D. F. Magill, D. D., S. C. General Assembly of the United Presbyterian Church in North America.

Dear Brother—We address you in behalf of the General Assembly of the Presbyterian Church in the United States of America. That body, being in session at Los Angeles, Cal., May 29, 1903, took the following action:

"Resolved, That we direct the Permanent Committee to

open correspondence with the officers or judicatories of sister Churches, asking that temperance committees be by them appointed with a view to mutual conference and combined effort against our common foe, the liquor traffic."

Writing you in pursuance of this action, we beg that you kindly favor us with information as to whether there be already such committee under appointment in your Church, and if so, as to the address of its executive officer. If the General Assembly of the United Presbyterian Church has as yet no Permanent Committee on Temperance, will you please have presentation made to that venerable body of our respectful petition, that such appointment be made; and we desire to submit the following statement of some considerations which have led to the maintaining of such a committee in our own branch of the Church.

- I. In the present age no engine of Satan is being wielded with such fearful effect against the work of the Church as intemperance.
- 2. Other forms of vice, though they be sadly prevalent yet, are usually, with their accessories, unequivocally condemned by society, but this vice, intrenched of old in the drinking usages of society, has never yet been dislodged from that strong vantage ground.
- 3. Of all the various weapons forged against the Church of Christ, intemperance seems most to demand specific and organized resistance, because this iniquity is itself organized. Theft, gambling, prostitution, murder have not had the brazen effrontery to attempt general organization. But the drunkard-makers, promoters of that vice which is responsible for the vast bulk of all the crimes of the land, have combined together in powerful alliance with hundreds of millions of money at their disposal. When the Church witnesses the undisguised efforts of this mighty organized liquor power to tread under foot the holy Sabbath, and to spurn every legal restriction which might curtail its unholy gains, it seems high time she should arouse to the consciousness that she is confronted by no ordinary peril.
- 4. Civil government, which ought to be a terror to evil doers, still consents, in consideration of the license fee, to extend legal recognition to the saloon, thus enabling this nefarious trade to maintain its claim to be treated as a legitimate business.

It is our prayer and hope that our brethren in the United Presbyterian Church, and other Churches, may be impressed

with the need of a Church Temperance Committee, a need which we believe will not cease until in legislation and in social life the same attitude shall be assumed towards intemperance and the liquor traffic as is now maintained towards other vices and crimes.

In behalf of the Committee, yours truly,

Corresponding Secretary.

Some correspondence had already been maintained with the Permanent Committees on Temperance of the General Conference of the Methodist Episcopal and of the General Synod of the Evangelical Lutheran Church.

From six of the eight bodies addressed replies have reached us, all cordially fraternal in tone. The stated clerks of the United Presbyterian and Cumberland Presbyterian General Assemblies report the existence of permanent committees on Temperance, or on Reform, and we have assurance that the request of our General Assembly for the constituting of such committees will be presented to the General Synod of the Reformed (Dutch) Church, to the General Synod of the Reformed (German) Church, to the General Assembly of the Presbyterian Church in the United States, and to the National Council of Congregational Churches, all of which bodies will hold meetings in the near future. It is the purpose of your Committee to seek correspondence with other Churches, when the addresses of the proper officers shall have been secured.

May not the hope be indulged that the movement which our General Assembly has thus started shall ere long bring about the consummation devoutly to be wished for—mutual conference and combined effort against our common foe, the liquor traffic. Then shall come the triumph of our King and the opening of the prison to them that are bound.

But meantime a great work devolves on those whose hearts the Lord has touched concerning this question, and whose eyes have been open to perceive its vital relation to the coming of Christ's kingdom. If our beloved Church is to enter this prospective combination as an effective force there must be preparation. The Church is our field and our force. The field demands cultivation, "for all men have not faith." Numbers in our Church—diminishing numbers, we trust, but not yet small—"care for none of these things," and regard the discussion of the subject of temperance with weariness and impatience. "Men always have drank and always will," they tell us. "Prohibition is impracticable. The saloon

has come to stay." These unhappy, pessimistic souls who seem to attribute omnipotence to Satan, that "strong man that keepeth his goods in peace," must hear more of the gospel of the Son of God, who is strong enough to take away the armor of our tyrant enemy, and set his victims free. Let the field be cultivated, that the Presbyterian wing of the allied host may be prepared to do efficient service.

Copies of the following letter were sent to the publishers

of thirty of the leading magazines of the country:

To the Publishers of ——— Magazine:

Dear Sirs:-

As a Committee of the General Assembly of the Presbyterian Church, we are charged with the duty of promoting temperance reform. The results at which we are instructed to aim are total abstinence from intoxicating beverage by the individual and the suppression of the traffic by the State.

Our constituency of more than a million communicant members and twice that number of adherents, unquestionably furnishes a very large number of patrons to the high grade magazines. We have observed that some magazines, otherwise of high character, are being opened to venders of intoxicating drinks for the advertising of their wares, and thus stealthy entrance is secured into many homes among our people for this enemy, which it is our duty to combat.

We send this communication to you and to other publishers, hoping to secure such responses as shall enable us to prepare and present to Presbyterians a list of magazines of high literary excellence, and which we can assure them shall

be free from the demoralizing liquor advertisement.

Begging the favor of an early reply, Very truly yours,

Corresponding Secretary.

After a lapse of a month, replies have come assuring us of the strict exclusion of all liquor advertisements from the

following magazines, viz.:

The Century, St. Nicholas, Country Life in America, The Critic. Success, The Country Gentleman, Ladies' Home Journal, The Eclectic, Our Day, Saturday Evening Post, Everybody's Magazine, Littell's Living Age, Woman's Home Companion, McClure's Magazine, The Cosmopolitan Magazine, The Chautauquan.

Two weekly literary journals having been reported by

their publishers, are with pleasure placed upon this list.

In view of the fact that a large proportion of the proprietary medicines so extensively advertised contain a high per-

centage of alcohol, it is gratifying to be able to state that most of these magazines also close their advertising columns against

patent medicines.

The editor of the National Magazine and publisher of the Pacific Monthly each write that whisky advertisements are excluded, and at the expiration of existing contracts all liquor and questionable medical advertisements will be eliminated. Substantially the same is said by the Current Literature Publishing Co.

The World's Work and Outing admit no whisky advertisements, but discriminate in favor of beer. The Metropolitan "accepts advertising of every description if honest."

It is our hope that this effort may not be wholly devoid of effect, either with the magazine publishers or among their Presbyterian patrons. We have invited the co-operation of our brethren of the M. E. and Lutheran Committees, and already have assurance from the latter of a similar effort.

The Finances.

By the appended statement of our Treasurer it will be

seen that our receipts for the year have been \$2,796.09.

The General Assembly at Los Angeles took action recommending the Permanent Committee to make special effort to raise the sum of at least \$10,000 for the year's work.

It is with much regret that we are compelled to report that the special effort has not been made. The only measures which gave hopeful promise of bringing such increase seemed,

last year, to be providentially closed against us.

While the Assembly's action was not taken at the instance of the Permanent Committee, it was most gladly accepted. To make clear the attitude of the Committee, we beg to present some paragraphs from a circular issued three

months ago:

"Should the \$10,000 recommended by the last General Assembly for the work of its Permanent Committee on Temperance be supplied by the Churches, what would the Committee do with it?" This question, which comes to us from various quarters, is not asked, so far as we know, in a captious spirit. If a sum four or five times its ordinary allowance is to be given this Committee, those who are asked to contribute should be informed what enlargement of the work is contemplated. Also those who may have noted the report of our Treasurer, of an unused balance of several hundred dollars at the close of last year, will be likely to inquire—Why then ask for a much larger amount for the next year? To this very reasonable inquiry we reply that a large propor-

tion of last year's offerings came to hand too late for last year's work. There certainly would have been no unused surplus had the funds reached our treasury earlier.

And now as to needs which we should supply if funds

were at this time available:

First. The Permanent Committee is homeless. We need an office and depository for our stock of printed matter, etc.

Second. Our members being busy men and our Secretary having the cares of a pastoral charge, clerical help is imperatively needed which the state of our treasury has never permitted us to employ.

Third. The work demands the preparation and issue of tracts and other printed matter in greater variety, suited to young and old, on all phases of the subject, plain and illustrated, attractive in mechanical execution and in various languages. Money is needed to secure the services of competent writers. Probably we should offer prizes for the best papers to be used as leaflets, on various phases of the whole question of temperance and prohibition. Our entire field ought to be sown thick with this printed matter in vastly greater abundance than ever before. Perhaps we should try to adopt and adapt, in the furtherance of this cause, the advertising methods of business men, in periodicals, by bill boards, posters on city walls, cards in street cars, etc.

Fourth. The work of the Permanent Committee and the cause entrusted to it by the General Assembly should be presented, not only before that body, but at all synodical meetings, and as often as practicable at Presbyterial meetings also. To have members of the Committee or other competent representatives appear before the ecclesiastical bodies will, of course, involve expense for traveling which will make drafts on our treasury.

Fifth. Temperance institutes and conventions have in former years been used with good effect by the committee, and prize contests have been found helpful in efforts for the awakening of interest and for agitation and education on this subject.

Sixth. The temperance missionary work in the South, which from lack of funds we were compelled to suspend, ought to be resumed and extended. Intemperance is becoming fearfully prevalent among the negroes, and while our Presbyterian missionaries among the Freedmen have labored faithfully, and we believe effectively, for the safeguarding of

their flocks, it is manifest that as much cannot be said regarding the preachers of the colored people of the South generally. If the drink factor could be eliminated the solution of the race problem would no longer be a hopeless task.

Seventh. We begin to realize that the printed page must be supplemented by the living voice, if we are to achieve success in seeking, according to the General Assembly's command, "to quicken and unite our Synods and Churches in suitable measures for promoting the temperance reform." We have, therefore, under advisement, the project of placing in the field temperance evangelists as soon as the necessary funds shall be supplied.

Unquestionably the sum named above, and much more, could be used to good purpose in lines of work appropriate to

a church temperance committee.

Last year the receipts of the Treasurer of the Permanent Committee were \$2,180, while solicitors for outside agencies, visiting our churches, have gathered about six times as much. Has not the Presbyterian Church occasion to say, "They made me keeper of the vineyards, but my own vineyard have I not kept?"

The General Assembly's Permanent Committee has been cordially commending our undenominational co-workers to the generous hospitality of Presbyterians, but surely such entertainment of strangers should not necessitate the turning

out of doors of the members of the family.

The Permanent Committee is the temperance agency of the Presbyterian Church. Others may be good, but this agency alone is Presbyterian; this one only is created by the General Assembly, and under its constant inspection and control.

It will be conceded on all hands that membership on this committee is not likely to be sought after. May not the men, therefore, who, yielding to the call of the Church, have come to this work, claim as a matter of bare justice, that the committee shall be sustained?

And now that the General Assembly asks on its Committee's behalf, that it be given that which it has never yet had—an equipment in some measure adequate to its most important work, is it not the part of loyal Presbyterians to make prompt and generous response?

Advocacy by Public Address.

It is of course not possible to report on how many thousand occasions, in our church, there has been public presentation of the subject of temperance during the year, nor how largely this discussion may have been promoted by your Permanent Committee. It has been at the solicitation of this Committee that nearly every Synod and Presbytery now has a Committee on Temperance, and that consequently once each year, or oftener, in these bodies there is more or less discussion of this vital theme.

In addition to this, special presentation of the work of the General Assembly's Committee was made last autumn at the Synods of New Jersey, Baltimore, Ohio, Indiana, Iowa, Colorado, Tennessee, Kentucky, Catawba, Missouri, Texas and Indian Territory. In this work three members of the Committee, our Chairman and Rev. Drs. Calhoun and

Worrell, were engaged.

We were also permitted to avail ourselves of the valuable services of the following friends of the cause: Rev. J. L. Weaver, D. D., who addressed one Synod, and Rev. H. N. Mounts, Rev. T. F. Dixon and Hon. H. P. Faris, who each addressed two or more Synods. The following Presbyteries have been addressed by members of the Committee: Shenango, Steubenville, Blairsville, Washington, Pittsburg, visited respectively by Rev. Dr. T. B. Anderson, Rev. Dr. C. S. McClelland, Mr. W. C. Lilley, and the Cor. Secretary, who also has addressed various conventions and other meetings.

Temperance Missionary Work Among Colored People of the South.

This work has not been entirely suspended. Our Missionary, Rev. R. W. Holman, who is also chairman of the Temperance Committee of the Presbytery of Atlantic, is constantly attempting some temperance work in addition to his pastoral labors. He reports that no week passes without some work in this line. He is located in the very heart of a vast colored population in South Carolina, and longs to be able to devote his whole time to efforts for the deliverance of his people from the curse of rum which is working such havoc among them.

The Temperance Reports.

Nearly 8,000 copies of the following report blank were sent out in February, the aim being to reach every session in our entire Church. These should come back to us summarized by the Presbyterial Committees. We are compelled to proceed with this report, however, with only a small fraction of the Presbyterial reports yet in. Sessions are tardy in making returns. The Presbytery's Temperance Chairman waits,

hoping for more reports, and so it comes about that scores of reports come too late.

Annual Temperance Report of Presbyterian Church

- I. To make sure that this cause shall not be overlooked, has the Session or the Missionary Society or the Young Peoples' Society appointed a Committee on Temperance or a Temperance Secretary?
 - 2. Temperance work among the young:
- (a) Are meetings for discussion and prayer relative to the drink evil held by the Young Peoples' Society?
- (b) Are the quarterly temperance lessons taught in the Sunday School?
- (c) Is the total abstinence pledge being circulated, and with what success?
- (d) Are there temperance books in the library, and are temperance catechisms, exercises, papers, etc., provided for the Sunday School?
- (e) Are pupils in public schools receiving the instruction as to the physical peril of drink, which the laws require?
- 3. Are the people taught from the pulpit the duty of abstinence from strong drink, and citizens urged to labor for the prohibition of the traffic?
- 4. Has Temperance Sunday been observed, or have meetings for discussion and for prayer for deliverance from this awful curse been held at other times?
- 5. Have National and State Governments been petitioned and remonstrances been presented in the courts against the licensed saloon?
- 6. Are you under prohibitory laws or license, local option, State dispensary or mulct tax law? Please report what influence your liquor law seems to exert on the sale and consumption of alcoholic liquors?
- 7. Has an opportunity been given your people to contribute to the temperance work of the Presbyterian Church? Amount of offering...... Amount given to other agencies or used in local temperance work............
 - 8. Facts and suggestions.

Many reports are incomplete and could not be tabulated. We have selected thirty reports from Presbyteries, urban and rural, located in the East, Middle West, South and on the Pacific Coast, which, having been canvassed, yield the following results:

- Twenty-five per cent, have Temperance Committees of some kind.
 - 2. Temperance work among the young:
 - (a) "Yes." Sixty-eight per cent.
 - (b) "Yes." Eighty-eight per cent.
 - (c) "Yes." Twenty-four per cent.
 - d) "Yes." Thirty-three per cent.
 - (e) "Yes." Sixty per cent.
 - 3. "Yes." Eighty-four per cent.
 - 4. "Yes." Sixty-four per cent.
 - 5. "Yes." Forty per cent.
- This question was designed to secure a concensus of opinion regarding the influence of the various systems of liquor legislation. There is variety in the form of the answers, but substantial agreement on certain points. Some claim that license laws to some extent restrict the sale, but these are few compared with the many who report "no reduction," "influence bad," "makes drinking respectable," "all get all they want," "license a failure," "better no law at all," etc., etc. A great number of brave fights are made by remonstrances in the courts or by local option campaigns, frequently resulting in some reduction of the number of saloons, but owing to the limited area of the "dry" district, not greatly diminishing the aggregate of sales. In the South local option proves much more effective, the traffic having been voted out over vast areas—almost an entire State in several instances. From Tennessee our reports are enthusiastic as to the effect of the "four mile law," excluding the detested traffic from the entire State excepting seven of the largest cities.

From the Presbyteries of Boston, New York, Philadelphia, Chicago, St. Louis, Cleveland, Cincinnati, Pittsburg and Buffalo the reports show earnest struggles in the great cities with this inveterate law breaker, Sabbath breaker, crime breeder, the saloon. Still, as of old, Paul must "fight with

beasts at Ephesus."

7. The answers elicited by this question are not sufficiently extensive or exact to be of value. They make manifest the fact, however, that from year to year the interest of our churches in this cause is shown by increasingly large contributions of money, most of which has been expended in local work and largely through the agency of the A. S. League.

8. There are few suggestions. Some desire change in form of blanks-more room. One says, "Keep everlastingly at it." In Maine the law seems to be well enforced and effective, except in Portland. Along Canadian border, law evaded by "line stores" built part in Maine but projecting into Canada. In various no license or prohibitory districts complaint is made that express offices become virtually saloons. These reports make manifest the fact that there is some increase in the number of Temperance Committees. sistence on this point of the General Assembly, the Synod and Presbyteries, and of the Permanent Committee, has not been wholly unavailing. Through the efforts of the Woman's Temperance Committee of the Synod of Pennsylvania many Temperance Secretaries have been appointed in the missionary societies who are diligently at work on various lines, especially in disseminating our literature and securing the circulation of the pledge.

Answers to our inquiry as to temperance instruction from the pulpit are almost unanimously affirmative, and some are uttered with emphasis. A few, however, divide the question and reply only to the first clause. Unquestionably our churches are being heard from by Congress more frequently than heretofore. More and more, christian people are discovering that such efforts are not in vain; that our national legislators desire to know the mind of their constituents, and especially when lgislation is pending involving moral issues petitions potently influence the result. To your Committee the hope of deliverance from this overshadowing curse of our land and of all lands lies largely with the young, and while the small amount of pledge signing reported and the comparatively small percentage of Sabbath Schools reporting the use of temperance books and literature is disappointing, in other respects the situation is cheering. Wherever there are Young Peoples' Societies there is some attention given this subject, and almost without exception the Sabbath School quarterly lesson is said to be taught. In the public schools, too, the laws everywhere require scientific temperance instruction. If now in our schools, religious and secular, and in our Young Peoples' Societies, this instruction could be made as thorough and effective as the reports declare it can be, the day of deliverance would surely be near at hand. Our office would soon become a sinecure. This Permanent Committee could say to the General Assembly, its creator, "Now let thy servant depart in peace, for mine eyes have beheld thy salvation."

It is to be feared, however, that much temperance work, both in the Young Peoples' Societies and in the Sabbath

Schools is perfunctory and of little value. Unremitting effort is, therefore, necessary to render this instruction thorough and effective.

Vigilance and diligent effort will also be imperatively necessary regarding the temperance instruction in the public schools. It is surely of unspeakable importance that the 22,000,000 children of school age shall be faithfully taught the truth, the whole truth and nothing but the truth regarding the laws of health, including those relating to the use of alcoholic drinks, tobacco and other narcotics.

To the wise, persistent, prayerful efforts of Mrs. Mary H. Hunt, of Boston, Mass., our country is indebted for securing the enactment of the laws requiring the instruction, and for most of what has since been done to render them effective; and unquestionably back of this movement have ever been the prayers of a vast number of godly mother hearts.

Of course this movement would be likely to excite determined opposition from those whose pecuniary gains it will curtail. Those, too, who like alcoholic beverages grow indignant at the condemnation of their personal indulgence implied in this teaching. Failing in efforts to secure either the repeal or the weakening of these laws, these opponents are trying to accomplish their purpose by challenging the accuracy of any school text books that teach the scientific reasons for total abstinence. Efforts are being made to secure the publication and introduction into the schools of books that by evasive statements or by omissions teach the old scientifically exploded ideas in favor of moderate drinking. These efforts thus to discount the truth for coming generations must be met and circumvented by scholars whose official positions in our great universities will command the confidence of the people.

Your Committee is at the present time seeking to enlist the services of five gentlemen eminent in medical science and of unquestioned integrity, professors in medical colleges, to act in conjunction with those who already constitute the Advisory Board of the Bureau of Scientific Temperance Investigation, examining and pronouncing upon the scientific accuracy of the school physiologies, and formulating a standard of truth to be taught, to which text books should be made to conform

We are in receipt of a request from the Presbytery of North River, through the chairman of its Temperance Committee, Rev. Dr. W. P. Swartz, which is herewith presented: That in designating an annual Temperance Day, a Sabbath in October rather than in November be named for the reason that the autumnal local option contests are over before the arrival of the November Temperance Day.

Rev. Thomas J. Stevenson, D. D., Chairman of Committee on Temperance, Presbytery of Hannibal, has also addressed your Committee relative to a conference with the General Assembly's Committee on Evangelistic Work, advising us also that an overture relative to this matter has been sent to the General Assembly.

We are profoundly interested as individuals in the great work of soul saving, for the forwarding of which the Evangelistic Committee of our Church was constituted. We recognize, also, the intimate mutual relation subsisting between the Evangelistic and the Temperance work. The same allanimating voice which penetrated the closed tomb and the death sealed ears with the command "Lazarus, come forth!" commands also "Take ve away the stone." "Loose him and let him go."

The work of the Anti-Saloon League is referred to in many reports. In Ohio encouraging success has attended its efforts for improved legislation. In Pittsburg, Pa., large sums have been contributed and a determined contest waged in the License court, resulting in the defeat of many applicants for license. While it is objected that despite this reduction in number all saloon patrons will be abundantly supplied at the bars which still remain, yet doubtless these efforts of the temperance people being thoroughly advertized, and so promoting agitation, will inure to the advancement of the cause. The good temperance women seem to be ubiquitous. From all quarters the reports tell of the W. C. T. U., which reaches "far as the curse is found." The Superintendent of the Bureau of Reforms and of the A. S. League at our National Capital have labored assiduously, but at this writing Congress seems about to adjourn without having passed any of the pending temperance legislation except that by which the canteen is banished from State Homes for Old Soldiers. This, however, is ground for thanksgiving that there will henceforth be in these institutions a cessation of this form of robbing these grizzled veterans and alluring them to drunkenness. During the discussion in Congress a California member showed that in the Home in his district an inmate was allowed to spend \$2.00 in one day for beer tickets.

This is another important step toward that goal towards which we must ever struggle—the complete separation of our National Government from complicity with the robber-traffic. Our navy is free from the grog shop, and the saloon has been driven from the army. Our Capitol building has been purged from this pollution; so has the immigrant station, and now in the Old Soldiers' Homes the aged defender of his country will no longer be entrapped. Shall we not "thank God and take courage?" Shall we not now take the next step in this forward march? The District, the Territories, our newly-acquired possessions—every foot of land over which Federal authority extends, should by congressional action or by executive proclamation, or by judicial decision, be declared closed against this inexcusable curse of our land and age.

Shall we not solicit the alliance of all sister Churches, then, unitedly, steadily, persistently maintain the siege till the point is yielded and the right prevails!

We would have our General Assembly reiterate with emphasis the warning it has addressed to successive generations against even the so-called moderate use of strong drink and against even the less strongly alcoholic beverages. May those regard themselves as temperate who refrain from distilled spirits and who only drink their wine and beer with the evening meal? Surely not in these days. The fuse leading to the powder mine is but a slender cord, and igniting it does not bring instantaneous explosion. Shall we therefore play at lighting the fuse to enjoy its scintillations?

We would have every Church judicatory utter its warning, which pulpit and press should reiterate, regarding the perils of opium and other narcotics, the use whereof is spreading fearfully. Perhaps appeal should be made to the physicians of America for a simultaneous effort to stem this sweeping tide of ruin. There is no time to waste. Satan has risen early. Already the dread narcotic crave has been kindled in millions of our children. The cigarette, its wrapper impregnated with arsenic, the nicotine of its tobacco often reinforced with opium or some other narcotic, is rapidly doing its deadly work, and hundreds of thousands are ruined, soul, body and spirit before their parents realize the impending peril.

Some Significant Facts and Figures.

Mr. F. N. Barrett, the well-known statistician, having kindly furnished us an advance proof of his annual estimate of the drink bill of the nation, some of the following figures are from that source. We also have the tables of the United States Commissioner of Internal Revenue and of the Bureau of Statistics.

Per Capita Consumption of Liquor for Ten Years.

Total Alcoholic Drink Bill.

Bringing together the items of the estimated cost of all alcoholic beverages, we have as the retail cost to the American people of alcoholic stimulants for the year ending June 30, 1903, the following:

\$727 042 245

Reer

Whisky (exclusive of quantity used in arts) 417,915,513 Wines 97,985,360
Grand total 1903, estimated cost\$1,242,943,118
Grand total 1902, estimated cost

The total revenue of the United States Government in 1903 from spirituous and malt liquors, licenses, etc., was \$179,501,328—a per capita tax of \$2.24, or \$11.20 for every family.

FT3 . 4 . 4	1902.	1903.

Total production fermented liquors

If, as has been estimated, the proportion of liquor users to the whole population be one in four, the average cost to each during 1903 was \$79.92.

According to an estimate by Dr. Dawson Burns, in the London Times of a month ago, the per capita average expenditure for drink in Great Britain in 1902 was \$20.82.

The Mosely Commission, consisting of twenty-three representatives of various British industries, came to America to discover, if possible, the secret of America's success in outstripping other peoples in industrial and commercial competition. In their report the comparative sobriety of American artisans is emphasized and that is being credited by British speakers and writers to the temperance teaching in the schools. A movement for a similar system is being started, and a petition for a temperance educational law has been addressed to Parliament with the signatures of 15,000 physicians.

While the figures show increased drinking, the percentage of advance in per capita consumption of strong drink is less in the last decade than in a like period immediately preceding, and probably the temperance effort put forth would ere this have turned the tide but for the fact that each year there have been poured in upon us nearly half a million immigrants, almost all of whom are recruits for the great drink army.

The tone of liquor papers shows discouragement. They fear the rising storm of the peoples' righteous indignation. In view of the general progress of prohibition in Texas, and their own utter defeat in the Supreme Court, a most significant fact is the introduction into the legislature of an extremely stringent license law by the liquor people themselves. Alarmed at the prospect of utter expulsion, this is an effort to propitiate an exasperated public.

In the same connection, the report just comes to us that every minister in the State of Texas has recently been the recipient of a gift from some source of three volumes issued by the Committee of Fifty—rather expensive campaign documents, but the case is desperate. Unless the ministers can be converted from their total abstinence and prohibition fanaticism, the saloon may be hurled out of that whole vast State.

The National Retail Liquor Dealers' Association, at their meeting in the City of Pittsburg last October, voted unanimously to raise \$5,000,000 for defensive purposes. They recognize their peril. Despite their millions, they and the brewers and distillers are ill at ease. Possibly conscience disturbs them. If the Church be not faithful to warn these men, their eternal ruin is sure. For has not the government, by its license law, assured them that their business is legitimate? And has not the court placed its seal upon their certificate of good moral character? Unless the Church tells them the truth, that they are not tradesmen, but robbers and murderers, what hope of their repentance?

In a million cheerless homes there are women to-day down whose pale cheeks are falling tears bitter and hopeless. Has the human heart turned to adamant, that the appeal of helpless grief should be unheeded, and this pitiless monster should go still unchecked, treading rough shod on the bleeding hearts of the drunkard's mother and the drunkard's wife?

Verily the Church that can close heart and ears against this sorrow and this cry cannot be the Church of the Compassionate Jesus.'

As intercessors for the oppressed and helpless, we should be day and night crying mightily unto our God; but now let this General Assembly once more utter its testimony characterizing the liquor traffic as the atrocious crime that it is, and say to our government, You ought not to license it, and if our God-given influence as a Church can avail, you shall not continue to license it!

Respectfully submitted by order of the Permanent Committee.

John F. Hill, Corresponding Secretary.

William C. Lilley, Treasurer, in Account with the General Assembly's Permanent Committee on Temperance of the Presbyterian Church, in the U. S. A.

Temperance Action of the General Assembly at Buffalo, N. Y., June 28, 1904.

1st. Resolved, That we recommend the raising of \$10,000 in money to help the Permanent Committee in its work for this year, and that the Board of Publication and Sabbath School Work, if the state of its treasury permits, give favorable consideration to the request of the Committee for \$1,000 worth of literature for the work of Temperance.

- 2d. Resolved, That after having carefully examined the books and papers of the Treasurer and Secretary of the Permanent Committee on Temperance, which we find well and carefully kept, we recommend their approval and the adoption of their report to the General Assembly.
- 3d. Resolved, That we recommend the reappointment of Charles S. McClelland, D. D., T. B. Anderson, D. D., and William C. Lilley, whose terms of office expire at this time. Also the appointment of R. Van Eman Johnson to fill vacancy caused by the death of Cyrus L. Rose, the veteran member of the Permanent Committee from 1886 until March 15th, 1904, when he died. We also recommend the appointment of Paul H. Gaither, Esq., to fill vacancy caused by the resignation of R. M. Ewing, Esq.
- 4th. Resolved, That as the Permanent Committee on Temperance have no office or room for their Secretary or for their supplies, that they be instructed to secure a suitable room for the office of the Secretary, and as he is pastor of one of the churches, and a busy man, that he be authorized to employ a clerk.
- 5th. Resolved, That we recommend the employment of Temperance Missionaries, if the funds warrant it, not to exceed five in number, and that two of them shall be colored men, who will labor among their own people.
- 6th. Resolved, That we recommend the work of Temperance to our Sabbath Schools—by instruction in connection with the temperance lesson; the use of tracts, signing of the pledge; roll of honor, and any practical or effective means of imparting the principles of purity and sobriety to our children. All this work to be controlled by the Superintendent, under the direction of the Session.
- 7th. Resolved, That we deplore the use of tobacco in any form by the membership of our Church and especially by the ministers and elders and would urge the importance of the careful instruction of the youth of our land on this subject.—We favor the legal suppression of the manufacture and sale of cigarettes.
- 8th. Resolved, That we commend to our people and pastors all organizations having for their object the restriction and suppression of the liquor traffic, to ally themselves with the organizations and co-operate with them as they have opportunity.
- 9th. Resolved, That Temperance Day be changed from the Fourth Sabbath of November to the Third Sabbath of October.
- 10th. Resolved, That the Permanent Committee on Temperance be authorized to memorialize Congress, if in its judgment it seem wise to do so, for the insertion of such clause in the Oklahoma and Indian Territory statehood bill as shall secure for the new State the exclusion of the liquor traffic as heretofore secured for Indian Territory by congressional action.
